FRONTRUNNER. *Caravan. Distinctive. Proven. Unequaled.* A breakthrough concept. Five years running. No other vehicle so creatively combines the best attributes of car, family wagon, and van. No other mini van provides the agile feeling of front-wheel drive. Though challenged, it remains unequaled. Caravan adapts to your lifestyle quickly with a wide sliding side door and swing-open liftgate. It's a real crowd pleaser with available eight-passenger seating and plenty of room to enjoy the ride. For extended versatility, there's even a long-wheelbase model. The Grand Caravan. A great notion. The Grand Caravan LE shown is in Radiant Silver/Charcoal Pearl Coat. Caravan and Grand Caravan. The world's best-selling mini vans. The power of original thinking.

Only the suggested retail price of $14,995 for a base model Caravan is shown. Actual price will vary. Taxes, license, freight, options, and dealer preparation are extra. Actual price is set by the dealer.

Performance

Caravan's front-wheel drive contributes much to driver and passenger comfort. No low step-up height allows easy entry and exit. Front-wheel drive also contributes quietly and smoothly to the ride, and to Caravan's superb handling characteristics. Such smooth and quiet ride and handling characteristics are not typical of other mini vans. Caravan's front-wheel drive also contributes to its superb traction, which is important when driving in inclement weather, and when towing a trailer.

Safety is. You'll notice the feeling of security and confidence in the driver's seat. Safety priorities. The feeling is reinforced by Caravan's superb maneuverability, whose distinctive turning radius, compact design, and

seven passengers. It offers more seating capacity than full size sedans. Exactly 20 cubic feet of cargo space behind the rear seat allows room for an astonishing 150 cubic feet of cargo space. Caravan.
