

TSX

Proof that a driving enthusiast is the product of his or her environment.

2012

SPORT SEDAN

A case study in modern luxury, the TSX engages with its nimble athleticism, clean aesthetics and leading-edge technologies. A spirited 201-hp in-line 4-cylinder or an available 280-hp V-6 provide the power. A race-derived suspension system endows the vehicle with a firm grip and compliant ride. The vehicle's cabin offers the perfect balance between indulgence and sport. And as if this weren't enough, the 31-mpg highway rating¹ is sure to further inspire a few long road trips.

SPORT WAGON

Sport in more than just name, the TSX Sport Wagon earns its badge with its driver-focused cockpit, highly efficient engine and precise response. And if your idea of sport includes more than taking on a challenging stretch of asphalt, the TSX Sport Wagon offers plenty of cargo space for your gear. Its class-leading 30-mpg highway rating¹ also adds to the vehicle's performance credentials.

2.4-LITER i-VTEC® 4-CYLINDER

"A REV-HAPPY ENGINE"

*Motor Trend*²

3.5-LITER VTEC® V-6

**Power
beyond
displacement.**

The mark of an Acura engine is its ability to produce more power than its specs would suggest possible. In the TSX Sedan and Sport Wagon, this feat is accomplished by a 2.4-liter i-VTEC in-line 4. The engine's highly intelligent variable valve-timing system expertly balances the competing demands of low-end torque and high-speed horsepower, generating a constant surge throughout the power band. The sedan is also available with a V-6 for even bigger thrills. Its all-aluminum construction and hollow camshafts keep the engine lighter for a better-handling vehicle.

5-SPEED AUTOMATIC

6-SPEED MANUAL

For those looking to get the most power out of the TSX's high-revving engine, the 2.4-liter engine can be mated with a 6-speed manual transmission (Special Edition Sedan only). The close-ratio gearing ensures strong performance in any gear. Shift throws are short and the linkage direct to provide an optimal feel for confident shifting. Available with both engines, the 5-speed Sequential SportShift automatic features a cornering-G shift control that recognizes when you're in a curve and will delay upshifting to avoid having to then downshift when you hit the accelerator as you exit the curve. The automatic transmission also gives you the option of driving in fully automatic mode or, with race-inspired paddle shifters, a more hands-on approach.

RIGID CHASSIS**4-WHEEL INDEPENDENT SUSPENSION**

Combining advanced metallurgy and complex physics, TSX handling technologies may seem like cold engineering. But one drive is all it takes to appreciate the finer qualities of the TSX ride. It all starts with the chassis. The strategic use of high-tensile steel keeps it both light and strong. The improved body rigidity allows the suspension to be tuned with greater precision helping the vehicle respond to driver input with minimal body roll. Speed-sensitive Electric Power Steering (EPS) lets the steering feel match the driving conditions, from parking to high-speed driving. The V-6 model gets its own suspension tuning and larger diameter wheels, further lengthening its performance parameters.

ZAGAT® REVIEWS

"STATE-OF-THE-ART
NAVIGATION AND ENTERTAINMENT
SYSTEMS"

*Edmunds.com*⁵

VOICE RECOGNITION

While performance technologies are working to make your journey as enjoyable as possible, information technologies can help ensure that the same is true of your destination.

The available voice-activated Acura Navigation System features a destination database containing over 7,000,000 points of interest as well as Zagat Survey® restaurant reviews. You can even call ahead for a reservation through your connected *Bluetooth*-enabled cell phone.³ The navigation system also includes available traffic and weather information,⁴ and suggests alternative routes if necessary.

The TSX cockpit is a testament to the vehicle's performance characteristics. Designed to clarify the connection between driver and vehicle, the deeply bolstered driver's seat offers support through the curves. Likewise, the steering wheel and shift knob are wrapped in leather to provide a tactile feel. The 8-way power driver's seat adjustments let you quickly get into your ideal driving position.

Also helping to ensure your complete comfort is the dual-zone automatic climate control system. The available GPS-linked climate control system keeps track of the sun's relative position and intensity and automatically adjusts to compensate. On the V-6 sedan, Active Sound Control helps keep excessive engine noise in check.

TECHNOLOGY CONTROL

***A sports car.
No asterisk
required.***

*Steering Wheel-Mounted Controls
Bluetooth HandsFreeLink®
Multi-Purpose Interface Dial*

It wasn't just inspired by a sports car, it was derived from one. Starting with the same drivetrain and suspension technologies that make the TSX Sport Sedan so much fun to drive, the TSX Sport Wagon demands very little sacrifice for its additional cargo space.

The cabin has likewise been built with the driver in mind. As in the sedan, controls are meticulously crafted and placed for intuitive operation. Steering wheel-mounted controls give you access to a number of systems, including audio, *Bluetooth HandsFreeLink*,³ and when equipped, the voice-recognition system, letting you keep your hands on the wheel and your focus on the road.

The TSX Sport Wagon was purpose-built for those seeking adventure. Its class-leading 30-mpg highway rating¹ means you can put on a lot of miles between fill-ups, while 66.2 cubic feet of cargo space means you can make the most out of every one of them. It's no wonder it received a 2011 Consumer's Top Rated Award from Edmunds.com.⁶

"IT IS SNAPPY AND
READY TO RUN"

*CNET*⁷

With its abundant space, the TSX Sport Wagon literally expands the definition of sports-car performance. The cargo area's carpeted floor and flat sidewalls make for easier loading and unloading, as does the available remote-linked, power-operated tailgate.

Additional storage compartments found throughout the cabin, including six within easy reach of the driver, ensure that there's a place for everything.

Acura reminds you to properly secure items in the cargo area.

***Some of
our smartest
thinking went
into systems
you may
never use.***

As anyone will tell you, the best collision is the one that didn't happen. With that in mind, both the TSX Sedan and Sport Wagon feature technologies designed to help keep you out of harm's way. These include Electronic Brake Distribution (EBD), Brake Assist and Vehicle Stability Assist™ (VSA®) which can sense potential understeer or oversteer and brake individual wheels to help keep you on your intended path.

To help lessen the negative effects when a collision is unavoidable, both chassis feature Acura's Advanced Compatibility Engineering™ (ACE™) body structure. In a frontal crash, ACE helps direct energy around the passenger compartment, away from those inside.

HARD DISK DRIVE
MEDIA STORAGE

***The best
stereo in
the house,
isn't.***

Individually tuned to both the TSX Sedan and Sport Wagon's interior dimensions, the available Acura/ELS Surround® Premium Audio System adds immeasurably to the rich experience of driving a TSX. Developed with the help of GRAMMY® Award-winning engineer and producer Elliot Scheiner, it was designed to recreate the feel of the original studio recording. The 10-speaker system features XM® Radio⁹ and can play DVD-Audio discs as well as the songs stored on the internal hard disk drive (HDD) or your USB-connected iPod.¹⁰ Song By Voice technology lets you verbally make a selection based on song, artist or album.

Refinement, redefined.

TSX SPECIAL EDITION

The new TSX Special Edition starts with the crisp, machined lines of the TSX, then adds unique front corner spoilers, rear bumper and side sills, as well as darker aluminum-alloy wheels. The cabin is outfitted with aluminum pedals, red stitching and instrument illumination, and special Lux Suede® seat inserts and door panels. It's all designed to further highlight the sporty nature of the vehicle.

Special Edition Available Late September, 2011

Owner Benefits

When you purchase a vehicle with the exceptional quality and reliability of an Acura, you expect service and support to be of the same caliber. After all, a premium automobile is only part of the ownership experience. With Acura, you also get a commitment. To personalized care. To attentive service. This commitment is apparent the moment you first enter an Acura dealership and for years down the road. It comes from a belief that every aspect of owning an Acura should be an enjoyable and rewarding experience.

Warranty¹¹ All Acura vehicles and Acura accessories installed by the dealer at the time of initial vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer-body rust-through is covered on all Acura vehicles by a 5-year/unlimited-mile limited warranty.

Acura Financial Services¹² Whether you're buying or leasing, we can assist you with the process.

Acura Care[®] Comprehensive vehicle and travel protection beyond the initial warranty period enhances peace of mind. See your Acura dealer for features and benefits available with this program.

Total Luxury Care[®] (TLC)¹³ As an Acura owner, you'll enjoy services like Trip-Interruption benefits, a 24-hour Roadside Assistance program and Acura Concierge,[™] which offers help in an emergency or when you're planning a trip.

1-800-to-Acura Operators are available 24 hours a day to help get answers to your Acura questions.

My Acura Your complimentary My Acura personalized website provides the most current information about your vehicle, gives you tips on how to care for your Acura and lets you schedule service appointments online.

Accessories When it comes to personalizing, choose Acura Genuine Accessories that are crafted to the same strict levels of quality as the rest of your MDX. See your Acura dealer for a complete list of accessories or go to acura.com.

acura.com Visit us online for the latest specifications, MSRPs and special offers. You can also apply for financing or even request a price quote from an Internet-certified Acura dealer.

PERFORMANCE

- 201-hp, 2.4-liter, 16-valve, DOHC i-VTEC® 4-cylinder engine
- 280-hp, 3.5-liter, 24-valve, SOHC VTEC® V-6 engine (V-6 Sedan)
- 5-speed automatic transmission with Sequential SportShift paddle shifters
- Close-ratio 6-speed manual transmission (available Special Edition only)
- Front-wheel drive
- 4-wheel independent suspension: double wishbone front / multi-link rear
- Electric variable power-assisted rack-and-pinion steering (EPS)
- 17-inch aluminum-alloy wheels with P225/50 R17 93V high-performance all-season tires (Sedan & Sport Wagon)
- 18-inch aluminum-alloy wheels with P235/45 R18 94V high-performance all-season tires (V-6 Sedan)
