

2009 BMW X3
Sports Activity
Vehicle®

The Ultimate
Driving Machine®

X3 xDrive30i

Now you can blaze
your own trails.

Rugged good looks are just the beginning.

Experience driving
260 spirited horses
that rarely get thirsty.

We call it xDrive. You'll call it a joy to drive.

Built for fun – even in dry weather.

With the X3, there's no question who's the center of attention. You are.

The look and feel of luxury.

Plenty of room for all that matters.

This is how much has gone in.

At BMW, we create dynamic vehicles that thrill you with quick acceleration, predictable handling and unshakable control. We are also busy finding ways to sustain this level of performance while incorporating innovative fuels and technologies to help preserve the environment. This is what we refer to as "EfficientDynamics." This goal has led to the visionary CleanEnergy hydrogen-powered engine, which is currently used in the BMW Hydrogen 7 Sedan. BMW Advanced Diesel with BluePerformance, which offers diesel power with quick acceleration, increased fuel efficiency and reduced emissions, is being introduced to the U.S. in 2009 in select models. In fact, every BMW on the road today comes standard with technology that boosts performance while simultaneously reducing fuel consumption and CO₂ emissions.

Double-VANOS

VANOS is BMW's valve timing system that can "steplessly" vary the points in the combustion cycle when valves open and close. Double-VANOS refers to the fact that it operates on both the intake and exhaust camshafts. Electronically controlled in response to engine speed, load and temperature, VANOS reduces emissions, and enhances low- to medium-speed torque, as well as fuel efficiency.

Aerodynamics

The more smoothly that air flows over a vehicle, the more efficiently it can operate. All BMWs are designed for a low coefficient of aerodynamic drag, which translates into quicker acceleration, more stable handling, quieter operation and greater fuel efficiency. A BMW's integrated front spoiler reduces the amount of air flowing underneath the vehicle, minimizing front-end lift. This allows a BMW to hug the road at higher speeds for excellent stability.

Valvetronic

Instead of using a traditional throttle, Valvetronic technology lets the engine breathe more easily by varying the lift height of the valves to regulate air intake. The result: improved cold starts, smoother running, and a significant drop in fuel consumption. Using revolutionary technology such as this, BMW has improved its overall average fuel economy more than any other manufacturer.

Efficient transmissions

Two highly efficient 6-speed transmissions – a silken manual, and a STEPTRONIC automatic with Adaptive Transmission Control – enhance performance, comfort and fuel efficiency.

Lightweight construction

Our engineers use lightweight aluminum throughout our vehicles – in the front section, for example, or for the suspension. BMW's naturally aspirated inline six-cylinder engine is an aluminum/magnesium composite – the lightest in its class. Taken together, these weight savings lead to lower fuel consumption and better axle load distribution for more agility – especially in curves.

And this is what comes out.

BMW models have low CO₂ emissions today. But that's just for starters. We're carrying on our research in the quest to bring you greater driving pleasure, with fewer emissions and decreased fuel consumption.

The pages in this section of the brochure show available colors and materials for the BMW X3 SAV.[®] Use these samples to compare paint, upholstery and trim colors and combinations. Please note that these samples are representations; they are not exact

reproductions. To see the actual colors, visit your local BMW center. They will be happy to show you original samples and assist you with special requests.

■ Standard equipment

□ Optional equipment or included in a Package

□ **Xenon Adaptive Headlights** optimize road illumination when the X3 enters a curve or bend, helping to enhance safety when driving at night. Sensors continuously monitor the angle of the steering wheel, the vehicle's speed, yaw and other factors to determine the direction in which the X3 is heading. The headlights swivel accordingly, up to 15 degrees left or right. **Xenon low- and high-beam headlights** illuminate the road ahead and to the side with brilliant clarity. Includes auto-leveling to adjust for varying passenger and cargo loads. The Corona headlight-rings that circle both headlights and high beams also act separately as Daytime Running Lights and parking lights. (shown with optional Cold Weather Package)

■ **Halogen free-form foglights** are cleanly integrated into the front air dam, illuminating the road ahead in bad weather and poor visibility.

■ **White indicator lights** add a fresh, dynamic look when lit, while sending a clear signal to other drivers. The orange reflectors, positioned on the forward part of the fender, add to the X3's sporty design.

■ **Roof rails**, blending harmoniously with the X3's design, provide the foundation for BMW's (accessory) multi-functional roof support system.

■ Standard equipment □ Optional equipment or included in a Package

■ **Rain sensor** uses infrared light to measure the amount of rain. When the wipers are in the “intermittent” mode, the rain sensor automatically adjusts the windshield-wiping interval as needed. **Automatic headlight control** (not shown), included with rain sensor, activates headlights by means of a sensor that responds to darkness.

■ **Rear window wiper** with adjustable, intermittent wipe feature keeps the rear window clear for enhanced visibility in wet weather.

■ **Additional brake light**, above the rear hatch, gives drivers further back an advance warning that you are applying the brakes.

□ **Power-adjustable folding exterior side-view mirrors**, in matching body color, automatically dim when reflecting bright lights, helping to eliminate glare when driving at night. (Included in Premium Package)

■ **Adaptive Brake Lights** increase vehicle visibility and signal the intensity of your braking action. When the vehicle detects panic stopping, this feature activates additional brake light surfaces, warning following traffic to quickly slow down.

□ **Park Distance Control** uses ultrasonic sensors in the front and rear bumpers to help you judge the distance to other cars and unseen objects when parking. The beeping becomes faster as your bumper approaches the object, turning into a constant tone when the distance is less than 12 inches.

■ Standard equipment

□ Optional equipment or included in a Package

■ Dual-glass-panel **Panoramic moonroof** features fully electric slide and lift control. Includes trap release, comfort opening/closing function, a wind deflector to help keep the wind out, and an electric sun shade to help shield cabin from excessive heat.

□ **Privacy glass** in the rear and rear side windows enhances passenger privacy, while it reduces sun glare and interior heat. (included in Sport Activity Package)

■ Dual bright chrome **exhaust tips** stand out and add an attractive touch to the X3's exhaust system.

■ Standard equipment

□ Optional equipment or included in a Package

■ **17 x 8.0 V Spoke (Style 279)** alloy wheels and **235/55 all-season tires** are standard on the X3 xDrive30i.

□ **18 x 8.0 Y Spoke (Style 280)** alloy wheels and **235/50 all-season tires** are available as an option to the standard 17" wheel. (included in Sport Activity Package)

□ **18 x 8.0 Double Spoke (Style 192M)** alloy wheels and **235/50 all-season tires** are included in the Sport Package.

□ **19 x 8.0 Y Spoke (Style 191M)** alloy wheels and **235/45 front and 255/40 rear performance tires¹** are available as an option when ordering the Sport Package.

¹ Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in ice and snow conditions.

■ Standard equipment □ Optional equipment or included in a Package

□ **16-way power Comfort seats**¹ for the driver and front passenger provide optimum lateral support during tight cornering – thanks to specially padded, highly contoured side bolsters – while remaining exceptionally comfortable when driving over long distances. The seats have individual power adjustment for seat height, backrest angle, seat bottom angle, forward/backward position, and thigh support.

■ **Instrument panel** has analog display for speedometer and tachometer with integrated fuel and engine temperature gauges. Also includes an LCD display for mileage, trip odometer, and on-board computer (if so equipped). When parking lights or headlights are on, the gauges are in an easy-to-read red.

■ **6-speed manual transmission**,² delivers a precise, athletic feel that's responsive to your personal driving style. This is due, in part, to the synchronization of shifts from neutral to each gear.

□ The **Navigation system** uses the GPS (Global Positioning System) satellites and BMW technology to help show – and tell – the way to your destination. The 16:9 display folds neatly into the dash when not in use.

¹ Comfort seats not available with Sensatec Leatherette upholstery.

² 6-speed STEPTRONIC automatic transmission available as a no-cost option.

■ Standard equipment

□ Optional equipment or included in a Package

■ **BMW anti-theft AM/FM stereo/CD/MP3 audio system** produces rich sound through eight hi-fi speakers. MP3-capable; includes Radio Data System (RDS), Auto-Store and 3-channel FM diversity antenna system, and compatible with auxiliary audio input adaptor for audio connection of portable music players.

□ **Premium anti-theft AM/FM stereo/CD/MP3 sound system** offers outstanding sound through eight upgraded speakers and an upgraded amplifier, as well as vehicle-speed-sensitive equalization. DSP (Digital Sound Processor) can make the interior sound like a jazz club, concert hall or cathedral.

□ **Heated steering wheel** rim quickly warms up at just the touch of a button – a welcome amenity in cold weather. (Not available with Sport Package.)

□ **Retractable cargo net** helps keep pets and cargo securely away from the passenger area. Net can be anchored behind the back seats; when both back seats are folded, it can be anchored behind the front seats. When not in use, the luggage net housing can easily be removed.

□ **BMW Assist³ and Bluetooth** system offers hands-free calling through your BMW-approved **Bluetooth** phone. The BMW Assist Safety Plan is included for four years, providing Automatic Collision Notification, Emergency and Roadside Assistance, Door Unlock, Stolen Vehicle Recovery and more.

³The optional Convenience Plan offers Directions, Traffic, Weather and Critical Calling services.

Premium Package: Add to the pleasures of your X3 with the Premium Package. You'll appreciate the luxury of Nevada Leather upholstery and lumbar support for driver and front passenger; the convenience of automatic-dimming mirrors and a digital compass; and the peace of mind of BMW Assist™ with Bluetooth® wireless communication system. A BMW Universal transceiver is also included in the Premium Package. This convenience feature can activate remote functions outside the vehicle, such as garage-door openers or home lighting systems.

Lumbar support for front seats adds four-way power-adjustable comfort for the lower back. Lumbar support can be adjusted up/down and in/out.

Nevada Leather upholstery, available in a choice of four colors, cradles driver and passengers in softly gathered comfort. Durable and easy to maintain, Nevada Leather adds elegance and refinement. (Shown: no-cost option STEPTRONIC automatic transmission.)

The **automatic-dimming inside rear-view mirror** darkens in response to the bright headlights of vehicles behind you. The easy-to-read digital compass, integrated into the mirror, is a convenient way to constantly keep your bearings while driving, and upon arriving home, the BMW Universal garage-door opener offers convenient remote functions, such as opening garage doors or turning on household lights.

BMW Assist and Bluetooth system offers hands-free calling through your BMW-approved **Bluetooth** phone. The BMW Assist Safety Plan is included for four years, providing Automatic Collision Notification, Emergency and Roadside Assistance, Door Unlock, Stolen Vehicle Recovery and more. The optional Convenience Plan offers Directions, Traffic, Weather and Critical Calling services.

Power-folding exterior side-view mirrors automatically dim when reflecting bright lights, helping to eliminate glare when driving at night.

Floor cargo rails are designed for use with accessory storage racks for clean, safe storage of items in the cargo area. **Luggage compartment bike rails** (sold separately as a BMW accessory) secure the frames after removing the front wheels. NOTE: Bicycles shown are not sold with the X3 SAV.®

Cold Weather Package: Get to the slopes – or just get around town – in added comfort with the X3 Cold Weather Package. Both front and rear passengers will enjoy the pleasure of variably heated seats. High-intensity retractable headlight washers help maintain optimal nighttime visibility in all weather and driving conditions, and the cargo bag is a must for protecting skis, poles and other long objects.

Cargo bag allows for clean transport of up to four pairs of skis with up to four occupants in the car; whenever the cargo bag is not in use, it remains stored conveniently and out of sight behind the rear center armrest. (Upon BMW X3 SAV[®] delivery, the cargo bag shown is detached and stored beneath the load floor in the rear cargo area.)

Heated front seats are a welcome feature in cooler weather. With the touch of a button, driver and front passenger can individually select from three heat settings.

Heated rear seats are a rare pleasure. Both the seat and the backrest of the two outer seats can be set for toasty warmth.

High-intensity retractable headlight washers help keep lights clean of ice, mud, road salt and other coatings, for maximum road lighting and enhanced driving visibility.

Sport Package:¹ Make the most of the fun-loving capabilities of the X3 xDrive30i by adding the optional Sport Package. This adds sport suspension calibration² and 18" wheels with all-season tires, enhancing the X3's performance characteristics. Its looks become even bolder and more purposeful with a full-body aerodynamic kit, including body-color side skirts and front and rear bumpers; exterior Shadowline trim completes the effect. Inside, front sport seats hold you tight as you navigate turns, gripping the three-spoke leather-wrapped M Sport steering wheel. And for an even more eye-catching look and heightened performance, optional Y Spoke (Style 191M) 19 x 9.0 front and 19 x 9.5 rear alloy wheels with 235/45 front and 255/40 rear performance tires³ are available.

Full-body aerodynamic kit emphasizes the X3 xDrive30i's dynamic appearance. The body-color front and rear bumpers and side skirts underscore the purposeful look, while Shadowline trim adds a sporty touch. (Shown with optional wheel Style 192M.)

18 x 8.0 Double Spoke (Style 192M) alloy wheels and 235/50 all-season tires. (included in the Sport Package)

Y Spoke (Style 191M) alloy wheels, 19 x 9.0 front, 19 x 9.5 rear; 235/45 front and 255/40 rear **performance tires**.³ (optional with Sport Package)

3-spoke leather-wrapped multi-function M Sport steering wheel delivers confident grip when taking tight corners, and remains comfortable when driving long distances.

Front sport seats are designed to enhance the driving experience. Multiple adjustments add to comfort over long distances; specially bolstered side padding helps hold occupants firmly in place during tight cornering.

¹ Requires optional Nevada Leather upholstery or Premium Package.

² Note: Sport suspension consists of stiffer springs and anti-roll bars. While these features improve the sporty handling of the X3, they can also create a firmer ride, which may not be acceptable for all customers.

³ Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires not recommended for driving in ice and snow conditions.

Sport Activity Package: Add a dash of sporty style to your daily drive with the X3 Sport Activity Package. Set a brisk pace for yourself with the three-spoke sport steering wheel. Eye-catching alloy wheels, brushed aluminum running boards and purposeful-looking Shadowline trim add to the sleek impression as you streak by. But keep the world from peeking in at your passengers with sun glare- and heat-reducing privacy glass that surrounds the rear compartment.

3-spoke leather-wrapped multi-function sport steering wheel offers controls for audio system, cruise control and (accessory) phone.

Aluminum running boards are made of brushed and eloxy-plated aluminum with rubber inserts for a sporty look.

Privacy glass in the rear and rear side windows enhances passenger privacy, while reducing sun glare and interior heat.

Shadowline trim adds a bolder, sporty look to front and rear side-window frames, window recess finishers, and door-sill trim strips.

18 x 8.0 Y Spoke (Style 280) alloy wheels and 235/50 **all-season tires** are available as an option to the standard 17" wheel.
