Sports Activity
Vehicle**

X5 3.0i
X5 4.4i
X5 4.8is

**The Ultimate
Driving Machine®**

British Columbia
JBB

**The 2006 X5 SAV: The perfect vehicle for the road ahead –
whether it's an Interstate or a gravel drive**

Extending the boundaries

**Designed for BMW-style performance –
no matter which road you take**

**The view from your seat of command:
clear, elegant, enticing.**

When it comes to horses, the more the merrier. The 355-hp X5 4.8is

Turns heads like a 355-horsepower drill.

BMW: Building impressive machines for over 80 years.

On-track performance. Buckle up.

Standard and Optional | Equipment

Xenon Adaptive Headlights optimize road illumination when entering a curve or bend, helping to enhance safety when driving at night. Sensors continuously monitor the vehicle's driving data to determine the direction and how much to swivel the headlights – up to 15 degrees to the left or right. (std. in X5 4.8is and X5 4.4i; opt. in X5 3.0i)

Panoramic moonroof with two-piece glass panels features fully electric slide and lift control. Includes comfort opening/closing function, a wind deflector to help keep the wind out, and an electric sun shade to help shield cabin from excessive heat. (std. in X5 4.8is; opt. in X5 3.0i and X5 4.4i)

A **four-spoke power tilt/telescopic leather-wrapped multi-function steering wheel** lets you keep both hands on the wheel while adjusting audio settings, cruise control and the accessory phone. (std. in X5 4.4i and X5 3.0i. Not available in X5 4.8is)

Heated steering wheel keeps your hands warm on cool days, letting you drive without gloves. (opt. in X5 4.8is; opt. in X5 4.4i and X5 3.0i, and requires Cold Weather Package)

Comfort seats cradle both the driver and front-seat passenger with 16-way power adjustments, including four-way settings for lumbar support and headrest, plus two-way upper backrest angle adjustment for totally individualized support and comfort. (opt. in X5 4.8is and X5 4.4i; not available in X5 3.0i)

Lumbar support for front seats adds four-way adjustable comfort for the lower back. Lumbar support can be adjusted up/down and in/out. (std. in all models)

STEPTONIC automatic transmission provides a choice of three modes: "Drive," which incorporates BMW's Adaptive Transmission Control; "Sport" automatic, for a more dynamic shift pattern; and STEPTRONIC automatic, for the hands-on control of a manual without using a clutch. (5-speed STEPTRONIC automatic transmission opt. in X5 3.0i; six-speed STEPTRONIC automatic transmission std. in X5 4.8is and X5 4.4i)

The close shift pattern of the **6-speed manual transmission**, standard in the X5 3.0i, delivers a precise, athletic feel for a more dynamic driving experience. (Not available in X5 4.8is or X5 4.4i)

On-board navigation system uses the GPS (Global Positioning System) satellites and BMW technology to help show – and tell – you the way to your destination. BMW's upgraded eight-function on-board computer is included with the DVD-based navigation system, as are controls for the audio system and (accessory) phone. Cassette deck replaces CD player. (opt. in all models)

Standard and Optional | Equipment

The **on-board computer** supplies you with useful travel information. In addition to basic data – outside temperature, average fuel economy, expected range on remaining fuel, and average speed – the eight-function on-board computer indicates a driver-set speed limit warning, distance to destination, and estimated time of arrival. (std. in all models)

Heated rear seats provide left and right rear-seat passengers with welcome warmth at the touch of a button. (std. in X5 4.8is; opt. in X5 4.4i and X5 3.0i, and requires Cold Weather Package)

Adjustable Ride Height raises the vehicle 1.5"¹ to help protect the undercarriage of the X5 when driving over rough roads, and lowers the vehicle 0.8"² when stopped to ease entry and exit. (std. in X5 4.8is; opt. in X5 4.4i and X5 3.0i, and requires Sport Package)

Upgraded audio system offers 12 speakers, including two subwoofers in the cargo compartment and two tweeters in the rear seating area, for incredibly lifelike sound. The system includes Digital Sound Processing, which can be set to create three different acoustic environments, such as a cathedral, concert hall and jazz club. (std. in X5 4.8is; opt. in X5 4.4i and X5 3.0i)

Park Distance Control uses eight sensors – four in front, four in the rear – to help you judge how close you are to other cars and unseen objects when parking. The warning beeps become faster as the bumper approaches the object, turning into a constant tone when the distance is less than 12 inches. (std. in X5 4.8is and X5 4.4i; opt. in X5 3.0i)

Combinations.

¹⁰ Please see your authorized BMW center for limitations and rules on subscription services provided with BMW Assist.

¹¹ BMW Maintenance Program covers all factory-recommended maintenance on all new MY 2004 and later BMW vehicles, as determined by the Service Interval Indicator, for 4 years or 50,000 miles, whichever comes first. Exclusions from coverage: gasoline, gasoline additives, windshield washer fluids and additives, lights, tires, wheels, wheel alignment, tire balancing and rotation. All work must be performed by an authorized BMW center. See the Service and Warranty Information booklet for more specific terms, conditions and limitations. Further information can be obtained from your local authorized BMW center.

¹² Packages can be ordered together.

¹³ Requires Leather upholstery or Premium Package.

¹⁴ When vehicle is so equipped.

¹⁵ Requires Sport Package.

¹⁶ Due to low-profile tires, please note: wheels, tires and suspension parts are more susceptible to road hazard and consequential damages. Performance tires are not recommended for driving in ice and snow.
