INTERIOR DESIGN

Cruze LTZ interior in Cocoa/Light Neutral with leather-appointed seats and available features.

**ALL THE ROOM
TO FIT YOUR LIFE.**

IT'S BIG INSIDE. It's called a compact, but you'd never know it. Cruze offers more passenger room than Ford Focus Sedan and Honda Civic EX. It also surpasses them with more cargo space.

BONUS ROOM. Your rear-seat passengers will appreciate the extra-spacious

accommodations. The available folding rear-seat armrest is another unexpected luxury in Cruze LTZ.

A SPLIT PERSONALITY. When you need room to transport larger – or even longer – items, you'll appreciate the standard 60/40

split-folding rear seats that provide additional cargo space.

IT'S ALL IN THE DETAILS. Soft touch interiors, rich colors and available heated leather-appointed front seats – they're the thoughtful touches and attention to detail that give Cruze an exceptional feel.

PIONEER PREMIUM SOUND. The 9-speaker, 250-watt Pioneer® premium audio system with high-frequency tweeters is available on most Cruze models.

Cruze LTZ in Blue Ray Metallic
with available features.

EVERYTHING YOU COULD WANT. AND THEN SOME.

- 1. With smartly designed cargo space and 60/40 split-folding rear seats, the remarkably accommodating Cruze is sized to fit your life.*
- 2. OnStar RemoteLink® mobile app¹ lets you start your engine from your smartphone (requires available factory-installed and enabled remote vehicle starter system).*
- 3. Get comfortable. Cruze has more passenger room than Ford Focus Sedan or Honda Civic EX.*

¹ Available on select Apple, Android, BlackBerry and Windows devices. Services vary by device, vehicle and conditions. Requires active OnStar subscription, which is standard for six months.

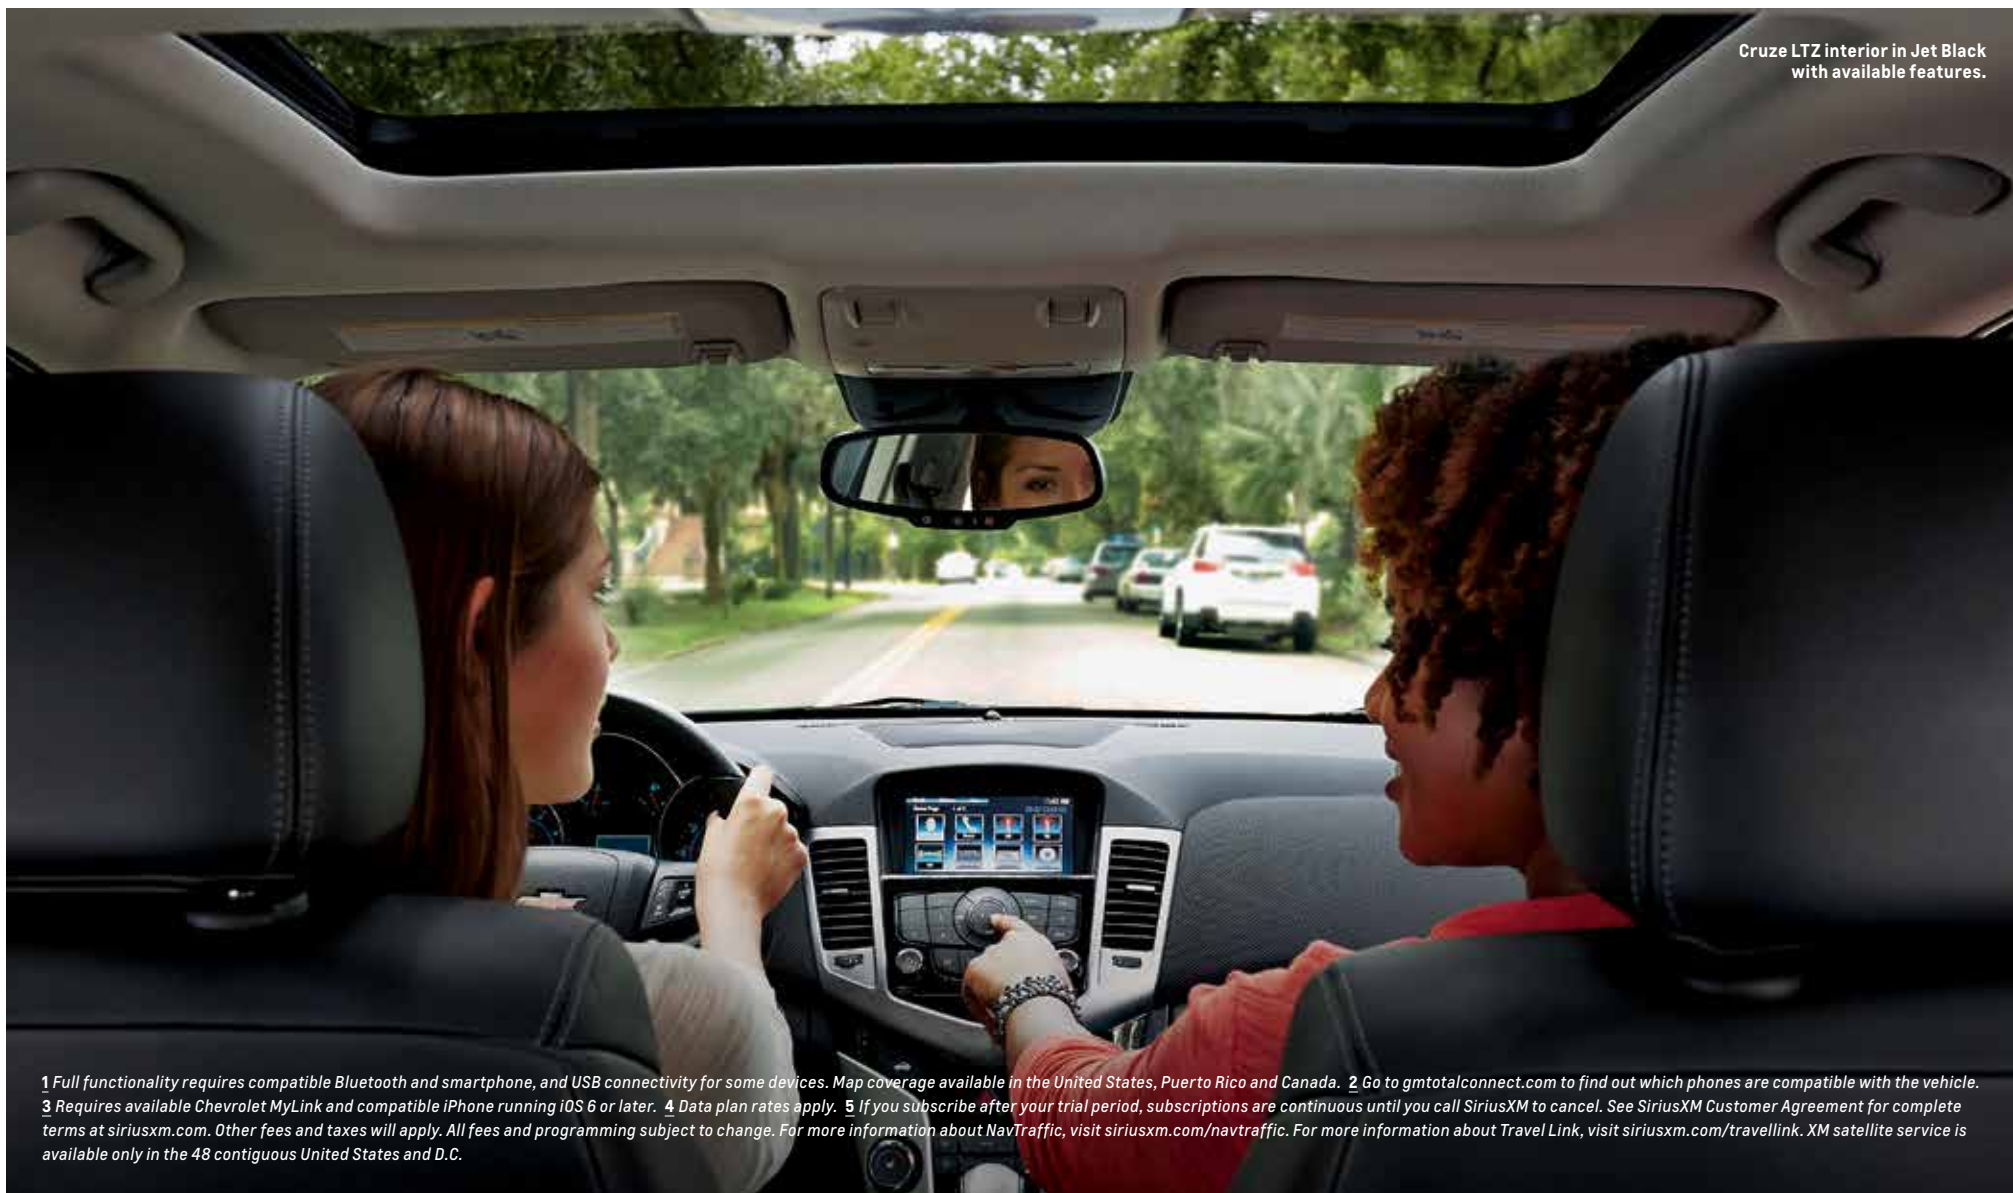

THE INSIDE STORY: CRUZE TECHNOLOGY.

- 1. Access your favorite music and media with the available Chevrolet MyLink¹ and 7-inch diagonal color touch-screen.*
- 2. Available Chevrolet MyLink¹ Radio with Navigation lets you choose map view or activate turn-by-turn directions using voice and touch controls.*
- 3. Connect your smartphone to the USB port² to charge or play music.*

Connected by  4G LTE

INTERNET IN YOUR CRUZE. Chevrolet is the first and only car company to bring built-in 4G LTE Wi-Fi hotspot to cars, trucks and crossovers, offering drivers the ability to seamlessly connect their smart devices and vehicles to the Internet!

THE ULTIMATE MOBILE WI-FI HOTSPOT. Whenever your Cruze is on, available OnStar 4G LTE Wi-Fi is on too. It offers great signal quality and bandwidth for up to seven devices!

FAST, EASY, RELIABLE. The available built-in OnStar with 4G LTE provides a better in-vehicle experience than your smartphone. Our stronger signal means you have a reliable connection. It's automatically on after initial setup and ready to connect to your mobile devices!

¹ Devices must be WPA2-compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations.

PERFORMANCE

**46 MPG¹ HIGHWAY
DOESN'T COME ALONG EVERY DAY.
UNTIL NOW.**

Cruze Turbo Diesel in Summit White with available features.

UNBEATABLE FUEL ECONOMY. Cruze Turbo Diesel technology maximizes both efficiency and performance. With an EPA-estimated 46 MPG highway, Cruze Turbo Diesel² boasts a fuel economy that's unsurpassed by any other gasoline or diesel car in America.

REDUCES EMISSIONS. NOT POWER. Cruze Turbo Diesel offers the performance of a V6 with the efficiency of a 4-cylinder. That's because it features the very latest clean diesel technology, which helps reduce emissions without sacrificing power.

OUTRUNS JETTA TDI. The 2.0L turbocharged clean diesel engine in the Cruze Turbo Diesel can take you up to 717 highway miles on one tank,³ while offering an SAE-certified 151 horsepower and 264 lb.-ft. of low-end torque – more than Volkswagen Jetta TDI.

¹ EPA estimated. ² Based on Cruze Turbo Diesel EPA-estimated 46 MPG highway. See fuelconomy.gov for more information. ³ Based on Cruze Diesel EPA-estimated 46 MPG highway and fuel tank capacity. Your range may be less.

2015 CRUZE TURBO DIESEL: AN INTRIGUING BLEND OF EFFICIENCY AND POWER.

The 15.6-gallon (approx.) tank lets you drive a maximum of 717 highway miles without stopping to refuel!

Cruze Turbo Diesel has been designed to reduce the noise and vibration often associated with previous-generation diesel cars.

Cruze Turbo Diesel emissions are below strict U.S. environmental standards.

¹ Based on Cruze Diesel EPA-estimated 46 MPG highway and fuel tank capacity. Your range may be less.

***IN CRUZE ECO, LITTLE THINGS
ADD UP TO BIG MPG.***

INGENIOUS DESIGN. The advanced technology of Cruze Eco contributes to outstanding fuel efficiency. By incorporating smooth underbody panels, a rear spoiler and a lower front grille air shutter that closes at high speeds, air resistance decreases so there's nothing standing between you and your destination.

ENHANCED AERO. We've also chosen lightweight wheels and ultra-low rolling resistance tires. These innovative features help Cruze Eco offer 42 MPG highway,¹ better than Ford Focus Sedan, Honda Civic and Hyundai Elantra.²

¹ EPA estimated for Cruze Eco with 6-speed manual transmission with ECO overdrive gearset. ² EPA-estimated MPG highway: 2014 Ford Focus SE with SFE Package 40; 2014 Honda Civic HF 41 and 2014 Hyundai Elantra 38.

Cruze Eco in Silver Ice Metallic with available features.

Cruze LTZ in Blue Ray Metallic
with available features.

TURBOCHARGED CRUZE LTZ: CONSIDER THE ENVELOPE PUSHED.

¹EPA-estimated 28 MPG city/42 highway with Cruze Eco manual transmission; 26 MPG city/39 highway with Eco automatic transmission. ²EPA-estimated 27 MPG city/46 highway with Cruze Diesel.

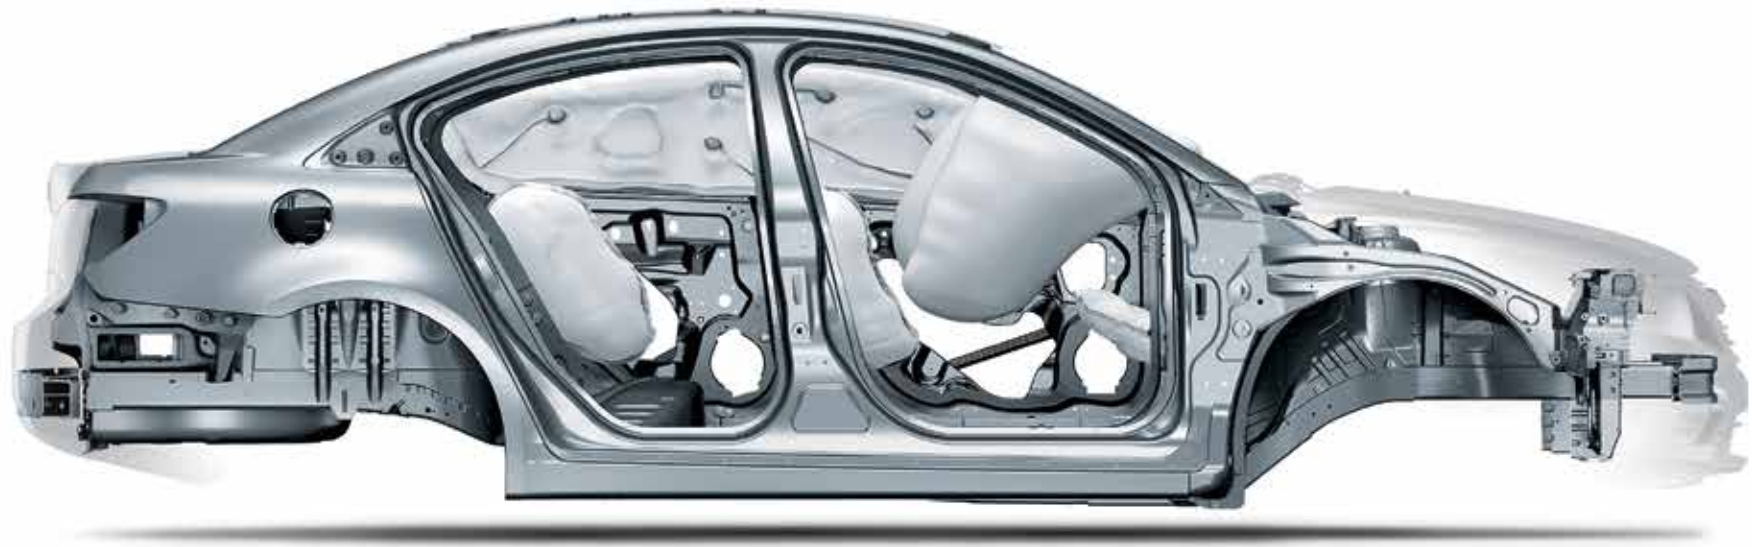

EFFICIENCY MAXIMIZED. Mileage rules, but you don't have to sacrifice power to save a buck. Cruze LT and LTZ with an available 6-speed automatic transmission offer up to an EPA-estimated 38 MPG highway. Cruze Eco and the Cruze Turbo Diesel take efficiency even further.

138-HP ECOTEC TURBO. The available ECOTEC® 1.4L turbocharged engine delivers a gutsy 148 lb.-ft. of torque. The turbo increases engine power, allowing for a robust, immediate driving experience. Premium features include dual overhead camshafts and Continuously Variable Valve Timing.

DRIVER SHIFT CONTROL. With the available 6-speed automatic transmission, Driver Shift Control lets you switch from automatic to manual operation. Just move the gearshift into Driver Shift Control mode and a quick tap is all that's required for smooth, crisp shifts.

MORE WAYS TO POUNCE. With rack-mounted Electric Power Steering and an available race-proven Z-link rear suspension, along with other fuel-maximizing choices like Eco¹ and Diesel², Cruze has the poise and confidence of a carefully tuned sport sedan.

MORE STANDARD SAFETY FEATURES THAN ANY OTHER CAR IN ITS CLASS.

STATE-OF-THE-ART SECURITY. A high-strength steel safety cage outperforms requirements. Our “more” approach to safety also includes 10 standard air bags,¹ plus an available rear vision camera, Rear Cross Traffic Alert and Side Blind Zone Alert features that set the bar for safety.

ONSTAR. Standard for six months with the Directions & Connections[®] Plan, OnStar[®] features the Automatic Crash Response system.² In a crash, built-in sensors can alert a specially trained OnStar Advisor, who can be immediately connected into your vehicle. Even if you can’t respond,

OnStar can send whatever help you need, based on GPS coordinates and crash data.

SIDE BLIND ZONE ALERT. This available feature uses radar sensors on both sides of the vehicle to help “look” for other vehicles in the blind zone areas and alerts you of their presence.

¹ Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

REAR CROSS TRAFFIC ALERT AND REAR VISION CAMERA. This available system alerts you to crossing traffic behind your Cruze when traveling in reverse, such as backing out of a parking spot, including angled parking. Audible alerts, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

SAFETY STARTS WITH YOU. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the Cruze Owner's Manual for more important safety information.

Does not include air filters. Maximum of four service events. See participating dealer for other restrictions and complete details.

ENGINES Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to

vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Compact Car segment and latest available competitive information. Excludes other GM vehicles.

SPARE TIRE INFORMATION There is no standard jack or spare tire in the 2015 Chevrolet Cruze Eco with 6-speed manual transmission and Cruze Clean Turbo Diesel. Your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a one-quarter-inch puncture in the tread area of the tire. After using the tire inflator kit, it is recommended that you take the tire to an authorized retailer for inspection and repair as soon as possible, but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than one-quarter inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire and for one time before its expiration date.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.
