

THE 1997 CHEVROLET
TAHOE

LIKE A ROCK

REFINED MEETS REFINED.

It's no secret by now that Chevy
trucks are the most dependable,
longest-lasting trucks on the road.*
You may not know all about
Tahoe, with its full-size strength and
elegance. Powerful and
refined, Tahoe delivers strength and
refinement, all the while surrounding
you with comfort and style. But make
no mistake: For all its refinement,
Tahoe is pure Chevy truck ...
with a heart and soul.

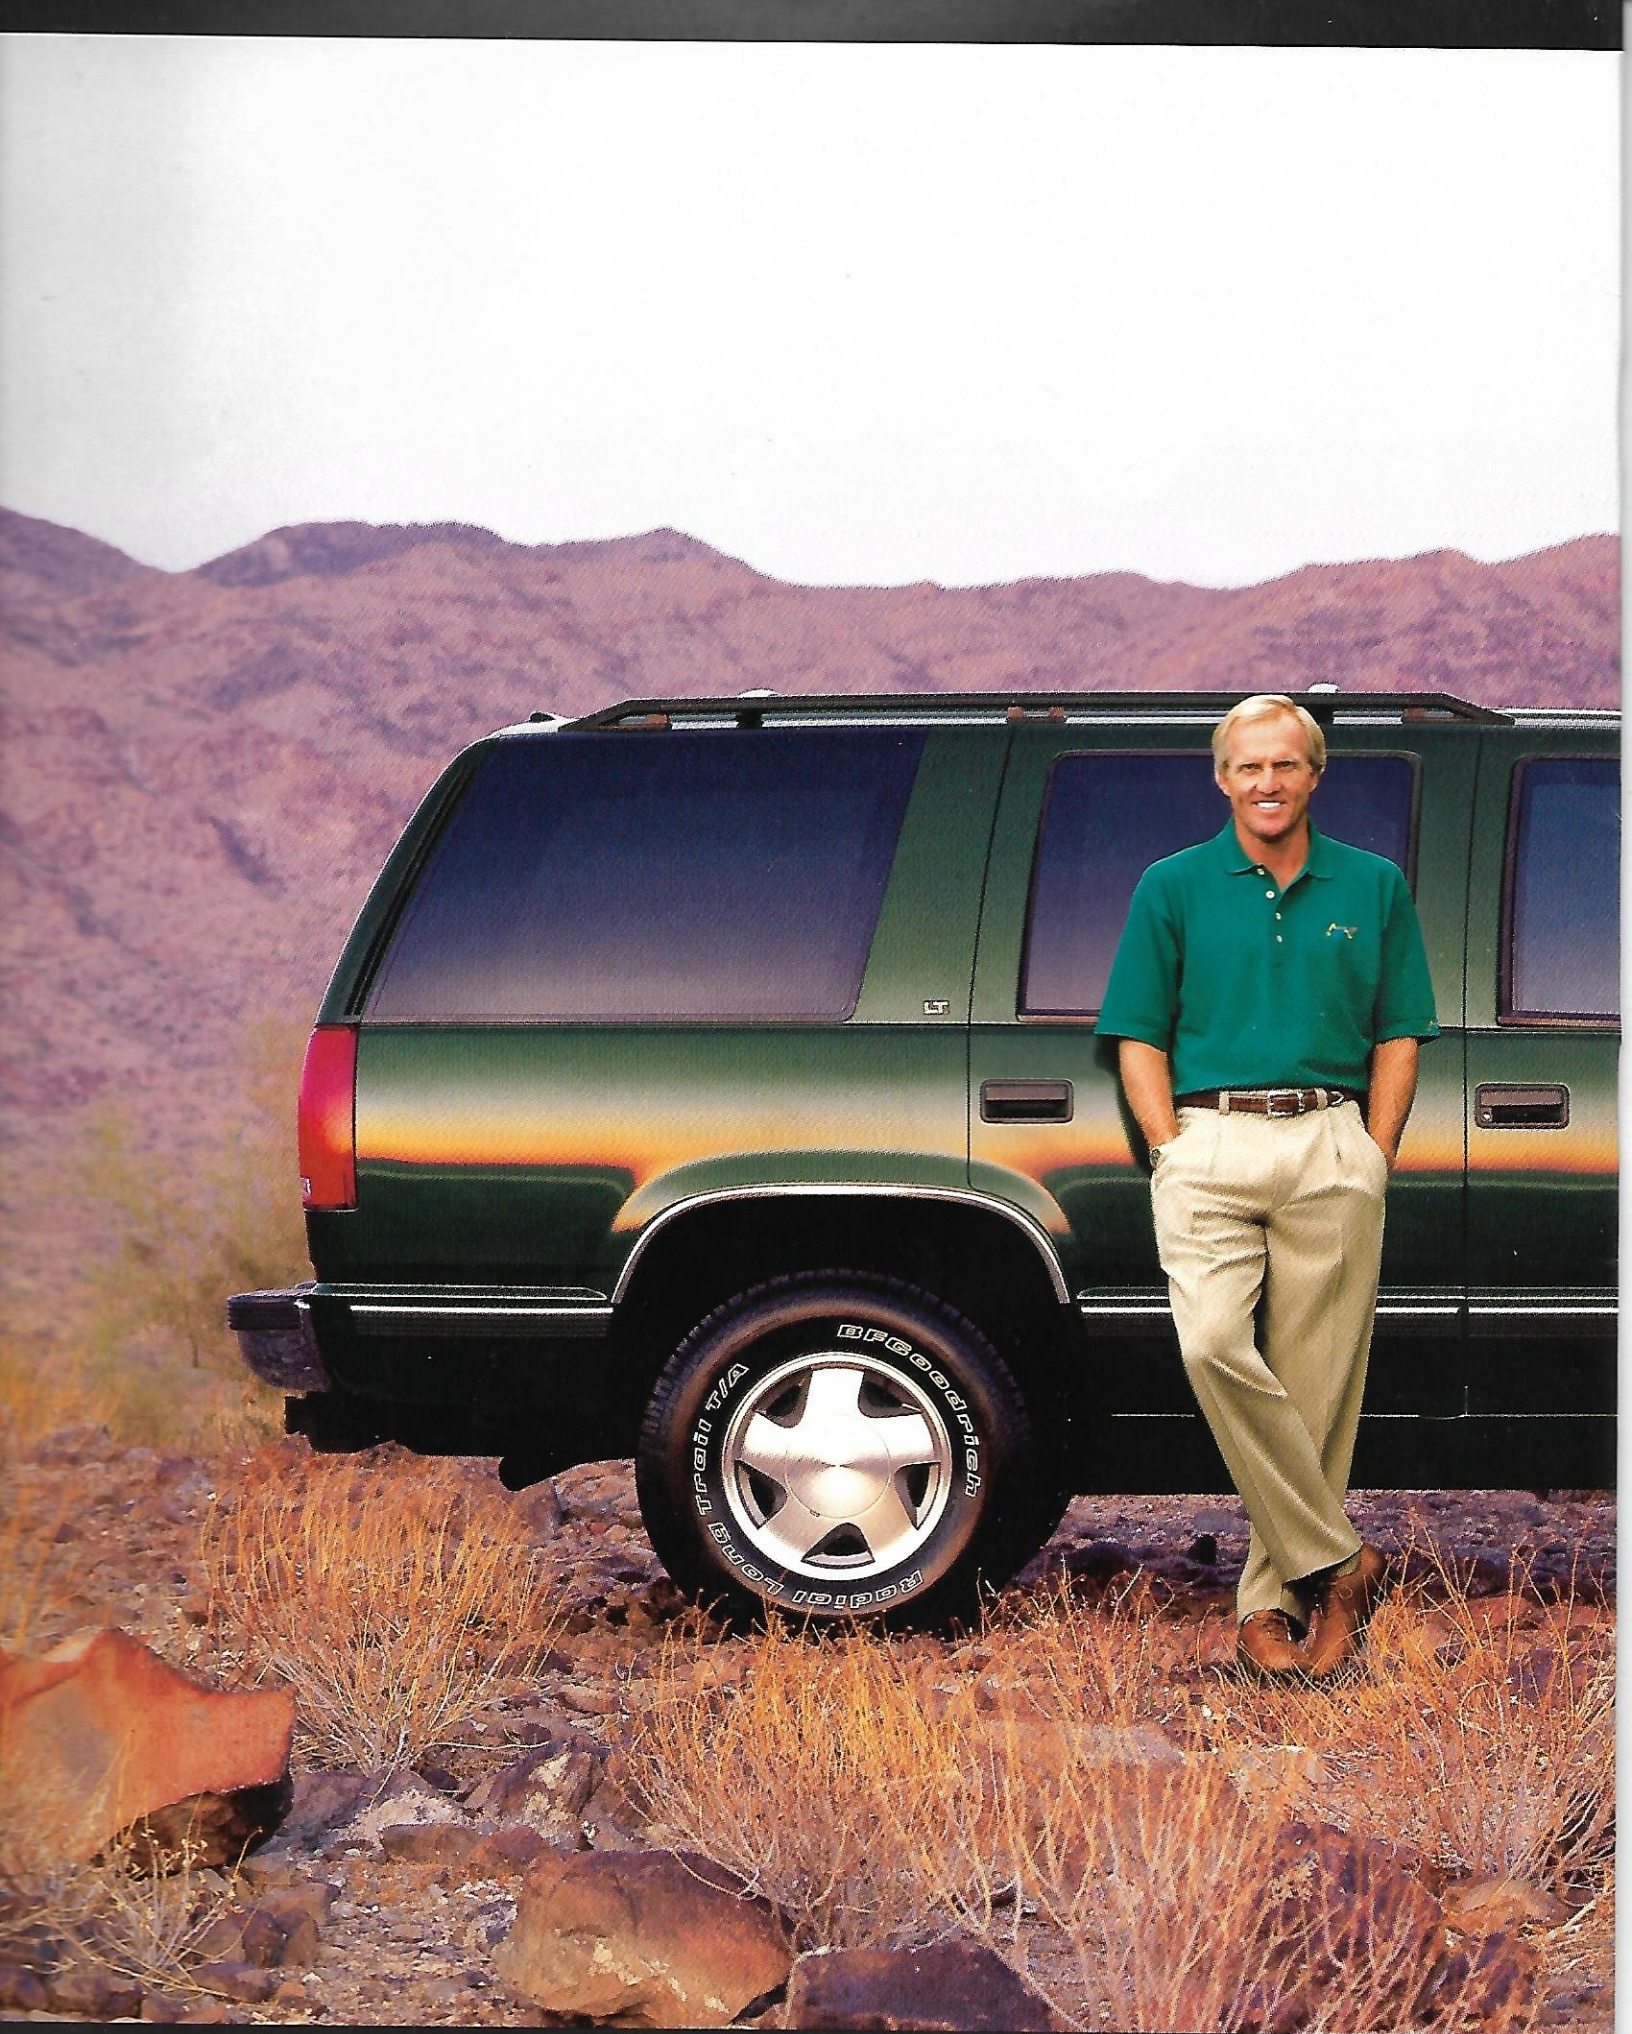

*Reliability based on longevity: 1986-1995
light-duty truck company registrations,
excluding other GM divisions.

A TASTE FOR ADVENTURE. THE ROAD TO ADVENTURE

Champion golfer Greg Norman has a taste for adventure that some might say runs to the extreme. In some circles, "The Shark" is as well-known for the challenges he takes on for leisure almost as much for his golfing prowess. On his "to do" list: dive with the great white sharks, raft the Amazon and climb the mountains of Tibet. Greg Norman likes his Chevy trucks not only for their roominess and performance, but also because he knows that comfort, safety and dependability can make a world of difference on the road to adventure.

Tahoe LT 4x4 interior with Custom Leather seating surfaces. Shown in Neutral, with optional high-back front bucket seats and additional options.

Overhead Console.

The optional high-back front bucket seats with LS or LT trim include an overhead console with reading lights, plus storage for a garage door opener and other small items.

Console Convenience.

Optional high-back front bucket seats with LS and LT trim include a multi-feature center console with a pivoting writing surface, map strap, and the owner's choice of cassette/CD storage or new drop-in, removable dual cup holders.

Auto-Dimming Rearview Mirror.

Electrochromic mirror automatically dims to reduce glare and also features an integral 8-point electronic compass. Included with LS and LT trim.

Rear-Seat Console.

The split-folding rear bench seat in 4-Door Tahoe with LS or LT trim features a convenient pull-down center armrest with cup holders and a tissue packet holder.

Adjustable Shoulder Safety Belts.

Sliding shoulder safety belt anchors help the driver, front outboard passenger and, on 4-Door models, the rear outboard passengers, adjust safety belts for individual comfort. New child comfort guides are also included on the rear outboard shoulder safety belts in 4-Door models.

Premium Sound.

Delco Electronics AM/FM stereo premium sound systems are available with a cassette player, with a compact disc player, or with both, as shown here.

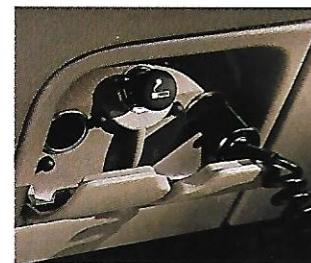

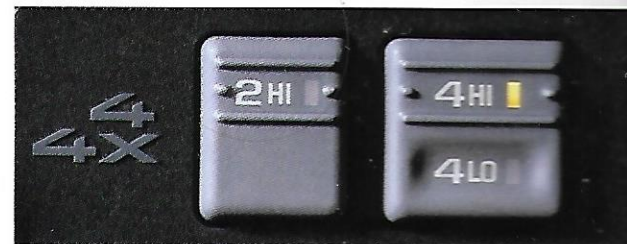

Instrument panel. Shown with optional push-button electric shift 4x4 transfer case control, optional AM/FM stereo with cassette and CD players and additional options.

Inside the Tahoe cabin, resplendent luxury and convenience invites you to relax and enjoy. Deeply padded seating is contoured for exceptional comfort and support, and you and your passengers are surrounded with amenities that help make every journey a pleasant one. From the driver seat, the focus on control includes full analog instrumentation and virtually every feature at your command. New EVO (Electronic Variable Orifice) speed-sensitive power steering helps make parking and low-speed maneuvering especially easy even as it provides sure, precise control at highway speeds. For the ultimate in elegance, choose Tahoe LT, with its leather seating surfaces and even more luxury features. Inside every Tahoe, it's easy to forget you're in a full-size sport utility. But with such a confident approach to comfort and control, it's impossible to forget you're in a Chevy truck.

Remote Keyless Entry.

Standard with LT trim and optional with LS trim. Remote Keyless Entry provides remote locking and unlocking of all doors from up to 30 feet away, and also activates interior lighting.

Push-Button Insta-Trac 4x4.

The optional electric shift transfer case control lets you go in and out of 4-wheel drive at the push of a button on Tahoe 4x4. The Insta-Trac 4x4 system — the most relied-upon 4x4 system.*

Auxiliary Power Outlets.

Every Tahoe includes two covered power outlets for electronic accessories. In addition, a third power source is provided by the lighter receptacle.

*Based on total reported registrations of GM models using the Insta-Trac 4x4 system vs. competitive 4-wheel-drive systems.

DIMENSIONS AND CARGO VOLUME

INTERIOR DIMENSIONS (IN.)	2-DOOR	4-DOOR
Height of rear-door opening	36.1	36.4
Width of rear opening @ floor	57.2	57.2
Width of rear opening @ belt	56.1	56.1
Width of rear opening above belt	46.1	46.1
Cargo-area height	39.7	40.8
Cargo-area width, front	62.8	63.2
Cargo-floor width @ wheelwells	49.7	49.4
Load-floor length to front seat	74.6	77.8
Load-floor length to rear seat ¹	38.8	52.2
CARGO VOLUME (CU. FT.)	2-DOOR	4-DOOR
Behind rear seat ¹	51.6	66.9
Behind front seat ¹	99.4	118.2

¹ Measured floor to roof.

CARGO-CARRYING IN STYLE.

For all of its luxury and refinement, Tahoe accepts cargo-carrying duties with ease. Fold the standard 60/40 split-bench rear seat in 4-Door Tahoe, and you'll have 118.2 cubic feet of cargo space.* But it's not so much *what* it hauls as *how* it hauls. When it comes time to access the cargo area, you have a choice of rear panel doors or a combination liftglass/dropgate. In addition to providing luxury accommodations for six passengers (five with optional high-back bucket front seats), Tahoe displays its exceptional capabilities day in and day out. All this, and it fits comfortably into the average garage. But even more important, it fits comfortably into your life.

*Measured floor to roof.

Hidden Storage.

The carpeted storage area designed into the left-hand quarter panel in 4-Door models creates a convenient place to stow small personal and emergency items.

Cargo Convenience.

Tahoe with LS and LT trim includes a cargo net to help keep small items in place. In addition, 4-Door models feature a rear-area retractable cargo shade that keeps valuables out of sight.

Flat-Folding Rear Seat.

The Tahoe rear bench and 60/40 split-folding rear bench seats carry three passengers in total comfort or fold easily to accommodate luggage and gear.

Underbody Spare.

On 4-Door Tahoe, the full-size spare tire is stored beneath the load floor and lowers on a crank-down winch when needed. On 2-Door models, the spare is mounted upright inside the rear compartment.

New Cargo-Area Power Door-Locking Switch.

Conveniently located inside the rear cargo area, this switch lets you lock and unlock all doors while at the rear of your vehicle.

Chevrolet LT 4x4. Shown in Indigo Blue Metallic with optional white outline-lettered tires.

RESERVED SEATING AT THE TOP

4-Door Tahoe LT 4x4. Shown in Onyx Black with optional white outline-lettered tires.

TAHOE SAFETY: IT'S A REASSURING FEELING.

Tahoe models include an abundance of standard safety and security features. Each is part of a comprehensive safety system designed to add peace of mind to every mile you travel. The features listed here are included on every 1997 Tahoe, except as noted.

OCCUPANT PROTECTION.

- Supplemental Inflatable Restraint: manual lap/shoulder safety belts, driver and right front passenger; air bags, driver and right front passenger ■ Manual lap/shoulder safety belts, outboard rear-seat positions ■ Manual lap safety belts, center-seat positions
- Adjustable upper safety belt anchors (front outboard and, on 4-Door models only, rear outboard) ■ Energy-absorbing steering column
- Energy-absorbing instrument panel
- Interlocking door latches ■ Folding front seatback locks, inertia type (2-Door models)
- Safety armrests ■ Breakaway inside rearview mirror ■ Security door locks and door-retention components ■ Child security rear-door locks (4-Door models only)
- Power window lockout (right front passenger and rear-door windows with power windows) ■ Laminated windshield glass, urethane-bonded ■ Head restraints, front and rear seats ■ Side-door beams ■ Safety belt use reminder system ■ Tempered safety glass, side and rear windows ■ Dual sunvisors ■ Pressure-lock radiator cap.

CRASH AVOIDANCE.

- Four-wheel anti-lock brake system (ABS)
- Brake/transmission shift interlock
- Automatic Daytime Running Lamps
- Door warning lights/reflectors

- Front disc brakes with audible wear indicators
- Side-marker lamps and reflectors
- Parking lamps ■ Four-way hazard-warning flashers ■ Backup lamps ■ Directional signal control ■ Center high-mounted stoplamp
- Windshield defrosters, washer and multi-speed wipers ■ Side-window defogger, front
- Outside rearview mirrors ■ Brake system with dual master cylinder plus warning light
- Starter safety switch ■ Dual-action hood latch ■ Tinted glass windshield ■ Low-glare finish — inside windshield moldings, wiper arms and blades, inside rearview mirror frame and bracket
- Illuminated heater and defroster controls ■ Tires with built-in tread-wear indicators ■ Safety road wheel rims ■ Inside day/night mirror (auto-dimming electrochromic mirror with LS and LT trim levels).

THEFT DETERRENCE.

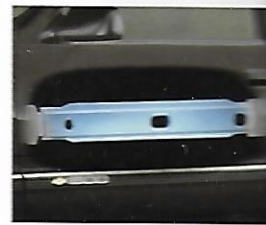

- Remote hood release ■ Visible vehicle identification number ■ Laser-etched VIN plate
- Theft-deterrent steering column lock
- Theft-deterrent key-locking system ■ Single 2-sided key system ■ Ignition key removal audible reminder.

Automatic Daytime Running Lamps.

During daytime driving situations, reduced-intensity low-beam headlamps come on automatically to alert other roadway users to your oncoming vehicle.

Standard Four-Wheel Anti-Lock Brake System (ABS). Standard on all Tahoe models, four-wheel ABS is designed to help you keep in control by minimizing wheel lockup and skidding on most slippery surfaces.

Side-Door Beams.

Each double-wall steel front and rear side door is reinforced with a structural side beam designed to help prevent intrusions into the passenger compartment during shallow-angle side collisions.

Standard Dual Air Bags.

A new right front passenger air bag joins the already standard driver air bag to help enhance safety and peace of mind. Always wear safety belts, even with air bags.

Crush Zones.

The Tahoe front and rear structures are designed to absorb energy by deforming in a controlled manner during a collision.

2-Door Tahoe LS 4x4 with optional Sport Package. Shown in Victory Red. The Sport Package includes Gunmetal Gray Metallic lower-body color and Dark Argent accents.

DISTINCTLY DIFFERENT. DISTINCTLY TAHOE.

With its aggressive styling and stance, the 2-Door Tahoe has a distinctive attitude all its own. From Main Street to the Mojave, this unique Tahoe delivers outstanding performance, a choice of 2- or 4-wheel drive and an optional Sport Package on the 4x4 model. If you're looking for a different kind of adventure, the 2-Door Tahoe is for you.

S — Standard. O — Optional.

¹ Sequential Fuel Injection. ² This diesel engine includes an exclusive 5-year/100,000-mile warranty (\$100 deductible per repair visit after 3 years/36,000 miles). Ask your Chevy Truck dealer for terms of this limited warranty. ³ Heavy-Duty transmission included with 6.5 Liter Turbo-Diesel V8 engine.

2-Door Tahoe LT 4x4. Shown in Medium Beige Mystique Metallic.

THE POWER OF VORTEC PERFORMANCE.

Power that is spirited but never intrusive is required to enjoy all that a vehicle such as Tahoe offers. That's why every Tahoe model features the proven Vortec 5700 V8 as standard equipment. With 255 horsepower and 330 lb.-ft. of torque, this engine delivers its impressive power with a smooth, quiet assurance that helps you tow, haul and pass with confidence. Sequential Fuel Injection and a High Efficiency Ignition system ensure virtually instant starts in any weather. Add to this an enhanced standard electronically controlled automatic transmission and your Tahoe is ready for all your travels, near and far.

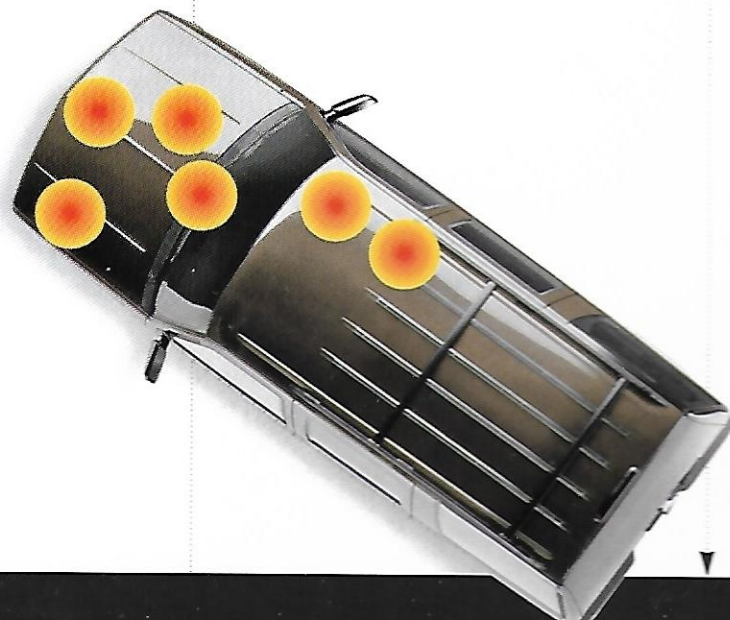

100,000-Mile Maintenance.
Platinum-tip spark plugs help Vortec engines travel 100,000 miles before their first scheduled tune-up.* And the recommended engine coolant change interval is now 150,000 miles or five years, whichever comes first.*

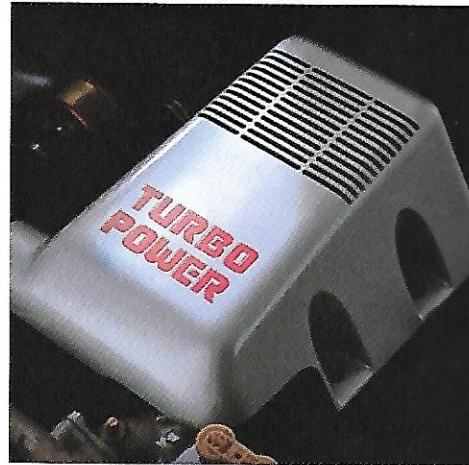

*Maintenance needs vary with different uses and driving conditions. See your owner's manual for more information.

OBD II ... An Early Warning System For Your Powertrain.

Standard on every 1997 Chevy truck, OBD II (On-Board Diagnostics Second Generation) constantly monitors emissions system operation and can direct service personnel to potential problems before they affect vehicle performance.

Power To Haul And Tow.
Vortec engines deliver outstanding low-end torque to get heavy loads moving as well as abundant high-end torque for towing on grade.

Available Turbo-Diesel Power.
If you prefer diesel engine capabilities, 2-Door Tahoe 4x4 features an optional 6.5 Liter Turbo-Diesel V8 that delivers impressive power and efficiency.

Maximizing Fuel Economy.
Sequential Fuel Injection (SFI) ensures precise, high pressure fuel delivery to each cylinder, making the most efficient use of every drop of gasoline.

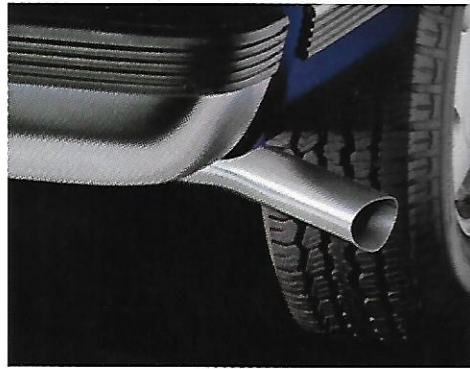

Door Tahoe LS 4x4. Shown in Onyx Black.

QUALITY AND DEPENDABILITY THAT ENDURE.

Tahoe backs up its full-size capacity and capability with impressive engineering designed to deliver a quality ownership experience. The Tahoe attention to detail is evident from your very first drive, and it will continue to reward you time and time again. You'll feel confident and secure, thanks to a ladder-type full-frame design and a strong steel safety cage.

Extensive sound insulation and triple-sealed doors help ensure a quiet ride by shutting out road and wind noise. And craftsmanship is enhanced by a multi-layer exterior finish that's designed to look good mile after mile, season after season. Powerful and rugged, luxurious and refined, Tahoe is every inch a dependable, long-lasting Chevy truck.

Stainless-Steel Exhaust System.

Made of corrosion-resistant aluminized stainless steel, the Tahoe muffler and all pipes from the converter back are designed to provide long-lasting durability.

Lasting Good Looks.

A basecoat/clearcoat paint process resists fading and provides a high-gloss shine for long-lasting exterior beauty. Two-side-galvanized steel on all body panels except the roof helps resist corrosion.

Scotchgard™ Protector.

To help resist stains and make cleanups quick and easy, Tahoe carpeting, cloth seats and cloth door panels are mill-treated with stain-resistant Scotchgard™ Protector.

Steel Ladder-Type Frame.

Exceptional strength and rigidity are provided by a steel ladder-type frame with boxed front sections that help support the engine and front suspension.

4-Door Tahoe LS 4x4 with standard rear panel doors. Shown in Cherry Ice Metallic. A liftglass/droptail is available at no extra cost.

TRAILERING CAUTION.

If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may not work well — if at all. You and your passengers could be seriously injured. Pull a trailer only after you have taken the following steps.

TRAILER BRAKES.

If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly. ■ Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle brakes. ■ The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out this far, have a qualified individual

make the brake fluid tap at the port on the master cylinder that sends fluid to the rear brakes. Don't use copper tubing, because it will bend and ultimately break. Use only steel brake tubing.

HITCHES.

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow: ■ If you'll be towing a trailer that, when loaded, will weigh more than 5,000 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. This equipment is very important for proper vehicle loading and good handling when you're driving. ■ If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

NOTE: The safety steps described here are, by no means, the only precautions to be taken when trailering. See the owner's manual for the Chevy truck model of your choice for additional guidelines and trailering tips.

TRAILERING DATA

TRAILER WEIGHT (LBS.) ¹	VORTEC 5700 V8 AUTOMATIC		6.5 LITER TURBO-DIESEL V8 AUTOMATIC		
	MAX. TONGUE LOAD (LBS.)	REQUIRED AXLE RATIO	MAX. TRAILER WEIGHT (LBS.) ¹	MAX. TONGUE LOAD (LBS.)	REQUIRED AXLE RATIO
5000	600	3.08	6000	750	3.42
	750	3.42			
	850	3.73			
5500	700	3.42	6000	750	3.42
	800	3.73			

¹Trailer weight is calculated assuming the driver and one passenger are in the tow vehicle and required trailering equipment. The weight of additional optional equipment, passengers or cargo in the tow vehicle must be subtracted from the maximum trailer weight.

²A maximum weight-carrying trailer hitch limit is a 5,000-lb. trailer with a 500-lb. tongue weight for ratings above 2,000 lbs.; an optional engine oil cooler (RPO KC4) is required on models with 3.08 or 3.42 axle ratio. The engine oil cooler is included with the optional 3.73 rear axle ratio (RPO G74) and with heavy-duty trailering special equipment (RPO Z782) when ordered with the 6.5-liter V8 engine and is included with the 2-Door Tahoe 4x4 optional 6.5 Liter Turbo-Diesel V8.

GROSS COMBINATION WEIGHT RATINGS (GCWRs)

THE USE OF GCWRs TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIO.

Remain you prefer to tow a specific trailer with your Tahoe. The chart shows you the maximum allowable GCWR based on all the available truck engines and rear axle ratios. The GCWR includes the total loaded weight of both the truck and the trailer. Any available engine may be used for trailering if the GCWR shown is not exceeded.

GCWR (LBS.)	ENGINE AVAILABILITY	AXLE RATIO
10,000	Vortec 5700 V8	3.08
11,000	Vortec 5700 V8	3.42
12,000	Vortec 5700 V8	3.73
	6.5 Liter Turbo-Diesel V8 ¹	3.42
13,000	6.5 Liter Turbo-Diesel V8 ¹	3.73

¹ Available only on 2-Door 4x4 models.

NOTE: To attain GCWRs, a RPO KC4 engine oil cooler is required with the Vortec 5700 V8 engine and 3.08 or 3.42 rear axle ratio. • Model availability of the above driveline combinations must be verified by your Chevy Truck dealer for correct emissions equipment.

Door Tahoe LT 4x4. Shown in Victory Red.

EXPAND YOUR HORIZON

Door Tahoe LT 4x4. Shown in Indigo Blue Metallic.

complete satisfaction with your truck — from the day you to the day you sell it — is Genuine Customer Care is all about. It means we'll be when you need us. That's a Genuine Customer Care is comprehensive owner protection that includes the following: Bumper to Bumper Warranty. 3-year/36,000-mile (whichever comes first) limited warranty covers repairs for all 1997 Chevy Tahoe, including labor and parts, to any defects in material or workmanship occurring during the warranty period. The complete coverage (including tires) will be provided for 3 years or 36,000 miles, whichever comes first. Supplemental Side Restraint system coverage is provided, regardless of mileage. Coverage also includes emissions control system coverage, which varies by geographical region. There is no deductible. See your Chevrolet dealer for details of this limited warranty.

24-HOUR ROADSIDE ASSISTANCE.

ASSISTANCE.

Lost? We'll help you find your way. Locked out? We'll get you back in your truck. Out of gas? We'll get you gas. Roadside Assistance is provided through a toll-free number (1-800-CHEV-USA) 24 hours a day, 365 days a year. Roadside Assistance offers two levels of service, Basic Care and Courtesy Care.

Roadside Basic Care provides:

- Free towing for warranty repairs (to closest dealer)
- Over-the-phone basic technical advice
- Available dealer services at reasonable costs (i.e., wrecker services, locksmith/key service, glass repair, etc.).

Roadside Basic Care provides:

- Free towing for warranty repairs (to closest dealer)
- Over-the-phone basic technical advice
- Available dealer services at reasonable costs (i.e., wrecker services, locksmith/key service, glass repair, etc.).

Roadside Basic Care covers you as long as you own your truck.

Roadside Courtesy Care provides all of the features of Roadside Basic Care, plus:

- Free towing (to closest dealer)
- Free locksmith/key service (when keys are lost on the road or locked inside)

- Free flat tire change service and jump start
 - Free fuel delivery on the road.
- Roadside Courtesy Care is available to you for a period of 3 years or 36,000 miles (whichever comes first).

COURTESY TRANSPORTATION.

Customers who purchase or lease a 1997 Chevy Tahoe are eligible for Courtesy Transportation (at no additional charge) when their vehicles are left at a participating dealer for repairs covered under the 3-year/36,000-mile Bumper to Bumper limited warranty.

Courtesy Transportation, at participating dealers only, may include expense reimbursement, shuttle service or vehicle rental. See your dealer for details.

CHEVROLET CUSTOMER SATISFACTION SYSTEM.

Local Chevrolet dealerships are vital links in our customer satisfaction system. At delivery, your Chevy salesperson will introduce you to your new truck and explain all warranties and maintenance schedules. Just as important, Chevrolet dealer service advisors and technicians are

highly trained and equipped with advanced diagnostic and repair equipment, helping to ensure your long-term satisfaction. It's also good to know, when you travel long distances, that there are more than 4,400 Chevy dealers in the U.S.

A SPECIAL WORD ABOUT THE WORLD WE SHARE.

Chevrolet/Geo encourages you to join us in our commitment to help conserve the natural beauty and ecological health of the great American outdoors. We proudly support a number of conservation and restoration initiatives through our partnerships with non-profit organizations, such as the National Fish and Wildlife Foundation (NFWF), American Forests and others. To learn more about outstanding environmental programs, please call

PLEASE CONTACT US ...

For more information on Tahoe, call 1-800-950-TAHOE. For any additional information on other 1997 Chevrolet Truck or Geo products, call 1-800-950-2438 or visit us on the Internet at <http://www.chevrolet.com>.

CUSTOMER ASSISTANCE

Our Chevrolet Customer Assistance Center has a special toll-free number (1-800-222-3333). It puts you in contact with experts who can handle any product or service questions you may have with your new Tahoe.

SMARTLEASE BY GMAC.

SMARTLEASE by GMAC makes it easy to enjoy the excellence of Tahoe. With SMARTLEASE, qualified customers can be approved in about one hour, and you'll enjoy low SMARTLEASE monthly payments. Plus, SMARTLEASE offers many choices at the end of your lease. You can either buy your Tahoe at a price guaranteed up front, or return your truck with no other obligations by providing the terms of the lease that have been met. For more information about SMARTLEASE, SMARTBUY, or any other quality GMAC financing options, see your Chevy dealer or call 1-800-323-SMART.

FROM PLASTIC INTO STEEL

THE GM CARD®.

The GM MasterCard®, with no annual fee, is the revolutionary financial

vehicle specifically designed to help put you behind the wheel. When you use your GM Card, you'll receive 5% GM Card Earnings on purchases good toward the purchase or lease of a new GM car or truck. It could mean saving hundreds, even thousands of dollars over and above any other discounts or rebates. Call 1-800-8GM-CARD for more information, including GM terms and conditions.

THE GM MOBILITY PROGRAM FOR PERSONS WITH DISABILITIES.

We invite your inquiries about the GM Mobility Program for Persons with Disabilities. The program will reimburse you up to \$1,000 toward any aftermarket driver or passenger adaptive equipment you may require for your 1997 Chevy Tahoe, and can set up complete GMAC financing for you, too. The program can also provide you with a listing of area driver assessment centers and mobility equipment installers. See your Chevy dealer for more details or call this toll-free number for more information: 1-800-323-9935. Text telephone (TTY) users, call 1-800-833-9935.

UPDATED SERVICE INFORMATION.

Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servic-

ing our products better. Now you can get these bulletins, too. Ask your dealer or, for ordering information, call toll free: 1-800-551-4123.

ASSEMBLY.

Chevrolet trucks are assembled by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. Chevrolet trucks incorporate thousands of components produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet trucks with different or differently sourced components than originally scheduled. All such components have been approved for use in Chevrolet trucks and will provide the quality of performance associated with the Chevrolet name. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES.

Chevrolet trucks are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

CORROSION PROTECTION.

Chevrolet trucks are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through corrosion for 6 years/100,000 miles (whichever comes first). Application of additional

rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

A WORD ABOUT THIS CATALOG.

We have tried to make this catalog as comprehensive and factual as possible. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details.

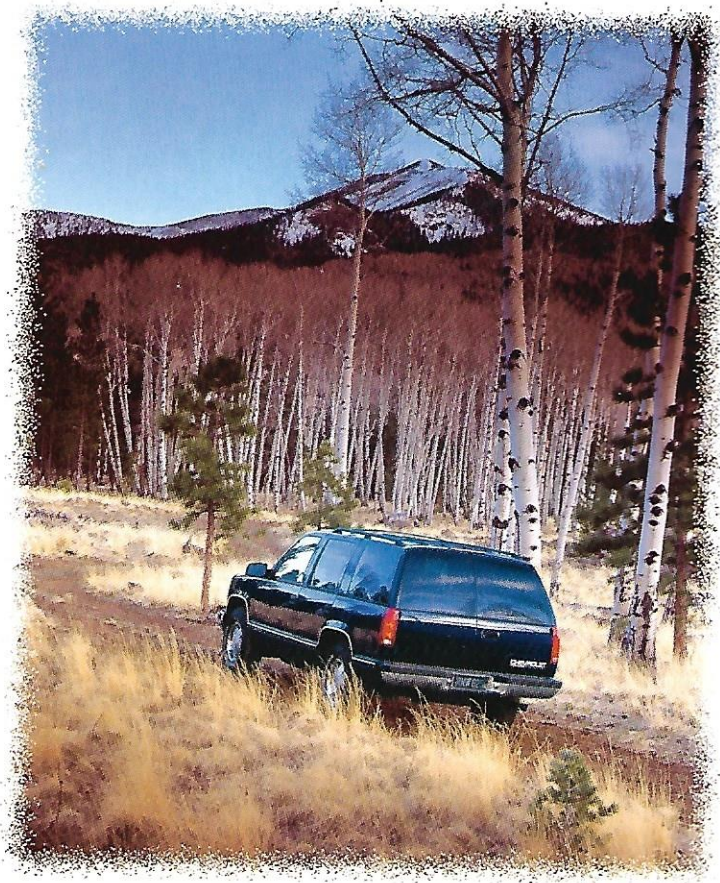

GM PROTECTION PLAN.

The available GM Protection Plan offers service protection in addition to that provided by GM's New Vehicle Limited Warranty. Ask your dealer about it. Coverage available only in the U.S. and Canada.
