

1992

CHEVROLET

◆
1992 Chevrolet

In an ever changing world, it's nice to know there are some things you can count on. Like Chevrolet. In every '92 Chevrolet, you'll discover high levels of quality and dependability, and the good feeling that you're getting more than you expected. We invite you to test drive a new Chevy soon and see why The Heartbeat of America is winning new friends every day.

◆ **Air Bags**

A driver-side air bag is standard in many 1992 Chevrolet models. This supplement to the safety belt is designed to help protect the driver in certain frontal collisions.

◆ **Two-Sided-Galvanized Steel**

The extensive use of two-sided-galvanized steel in many '92 Chevrolets provides excellent protection against corrosion.

◆ **Stainless Steel Exhaust System**

A high-quality stainless steel exhaust system, designed to outlast conventional systems, is standard in every 1992 Lumina, Caprice, Cavalier, Corsica, Beretta and Corvette.

◆ **ABS**

This year Chevrolet brings an important safety feature—four-wheel anti-lock brakes (ABS)—to more vehicle lines than any other manufacturer. ABS is standard in even the lowest-priced 1992 Cavalier.

◆ **Scotchgard™ Fabric Protector**

Standard in every 1992 Chevrolet, Scotchgard™ Fabric Protector helps protect seats and door panels. It's an added-value feature for stain resistance and easy cleanup.

◆ **Engine Technology**

Chevrolet offers a wide choice of advanced power teams for 1992. Choose from 4-cylinder, V6 or V8 engines, all offering the precise response of fuel injection.

This no-deductible limited warranty covers the entire car (except tires, which are covered by their manufacturers) for 3 years or 36,000 miles. See your Chevy dealer for terms of this limited warranty.

◆ **Roadside Assistance**

The security of round-the-clock roadside assistance is available to every Chevrolet owner via a toll-free hot line. Your Chevy dealer has details.

Cavalier

YOUR FIRST NEW CAR has to be affordable, reliable ... and great in every way. No wonder Cavalier is America's most popular first new car.*

Cavalier is priced like an economy car, but it offers so much more. A 2.2 Liter 4-cylinder engine with new Multi-Port Fuel Injection delivers 110 smooth horsepower, and a new standard four-wheel anti-lock brake system (ABS) provides an extra measure of safety. Coupes and convertibles offer sporty style and performance, while sedans and wagons provide remarkable room and convenience.

Choose from the most affordable VL series (includes a coupe, sedan and wagon), the sport-styled RS series (includes a coupe, sedan, wagon and convertible) or the exciting Z24 (powered by a 3.1 Liter V6, and available in coupe and convertible body styles).

* Based on a 1991 GM study of new car buyers and R. L. Polk data.

CAVALIER MODELS

VL Coupe	RS Coupe	RS Convertible
VL Sedan	RS Sedan	Z24 Coupe
VL Wagon	RS Wagon	Z24 Convertible

ENGINES

- 2.2 Liter L4 with Multi-Port Fuel Injection (standard on Cavalier VL and Cavalier RS models).
- 3.1 Liter V6 with Multi-Port Fuel Injection (standard on Cavalier Z24 models, and optional on Cavalier RS Convertible and RS Wagon).

TRANSMISSIONS

- 5-spd. manual (standard on Coupes, Sedans and Convertibles).
- 3-spd. automatic (standard on Wagons; optional on Coupes, Sedans and Convertibles).

BRAKES

Power front disc/rear drum with four-wheel anti-lock brake system (ABS).

2
Cavalier Z24 Coupe zooms into 1992 powered by a 3.1 Liter V6 with Multi-Port Fuel Injection.

3
Cavalier RS Sedan. A four-wheel anti-lock brake system (ABS) is standard in every 1992 Cavalier.

4
Cavalier RS Wagon (at left), Cavalier VL Wagon (at right).

Beretta

THE 1992 BERETTA IS MORE THAN A SPORTY DRIVING MACHINE ... it is the beautiful shape you won't mistake for any other car.

And Beretta doesn't just look good—it is good. This is one of the roomiest coupes in its price range, with generous seating space for five people. Excellent performance is provided by a 2.2 Liter four-cylinder engine with Multi-Port Fuel Injection that is standard in Beretta Coupe and Beretta GT Coupe. The enthusiast-oriented Beretta GTZ is powered by a High Output Quad Four. A 3.1 Liter V6 with Multi-Port Fuel Injection is optional in all models.

A four-wheel anti-lock brake system (ABS) is standard in every 1992 Beretta. A standard driver-side air bag and safety-cage construction are two more examples of this car's excellent engineering.

Beretta GTZ offers a head-turning monochromatic appearance.

Corsica LT

CORSICA LT IS THE SPORT SEDAN FOR YOU—and a spacious, 5-passenger sedan for your family.

The mid-size interior room of Corsica LT and a roomy trunk increase Corsica's family appeal.

Corsica LT delivers ample performance, with a 2.2 Liter four-cylinder engine with new Multi-Port Fuel Injection. But for power many competitors just can't match, specify the optional 3.1 Liter V6. It's 140 horses strong. For 1992, Corsica has also been tuned to provide an exceptionally smooth, quiet ride.

Standard safety features include a four-wheel anti-lock brake system (ABS), a driver-side air bag, lap/shoulder safety belts for all outboard seating positions, and energy-absorbing safety-cage construction.

3
Scotchgard™ Fabric Protector (on seats and door panels) is standard in every Corsica.

4
Corsica LT is a spacious family sedan with a standard four-wheel anti-lock brake system (ABS).

Camaro

TWENTY-FIVE YEARS AGO the first Camaro rolled off a Chevrolet assembly line... and an American love affair began. Competitors have come and gone, but down on Main Street, Chevy Camaro is still USA-1.

Camaro RS for 1992 continues the tradition with enthusiasm. Consider this the practical, easy-to-own Camaro. Yet it still offers all the appeal of a rear-wheel-drive coupe that has been carefully refined through the years. A 3.1 Liter V6 is standard, and a 5.0 Liter V8 with Electronic Fuel Injection is optional on Camaro RS models.

Camaro Z28 is all action, from its 5.0 Liter V8 with Tuned-Port Fuel Injection to its Ride and Handling suspension. A domed hood and aero-formed rear wing add to the unique appeal of the Z28 Coupe. And for those who won't settle for less than the ultimate Camaro, there's the Z28 Convertible.

CAMARO MODELS

 *Lumina Coupe*

LUMINA COUPE IS A LUXURY COUPE ... a sport coupe... an enthusiast's coupe... with the room and comfort of a mid-size car.

The well-equipped Lumina Coupe comes standard with a Delco AM/FM stereo, power rack-and-pinion steering, power four-wheel disc brakes and a four-wheel independent suspension.

Lumina Euro Coupe adds these features: four-wheel anti-lock brake system (ABS), 3.1 Liter V6 with Multi-Port Fuel Injection, 15" aluminum wheels, sport suspension, and sport styling.

Enthusiasts will also be paying close attention to the Lumina Z34. At the heart of this performer: a 3.4 Liter Twin Dual Cam V6. Features of this advanced V6 include four overhead cams and four valves per cylinder. A special exterior treatment helps identify Z34 as a sports machine to be reckoned with.

4 Optional Euro Custom Cloth bucket-seat interior with center console.

 Lumina Sedan

IF ONE CAR BEST DEFINES THE HEARTBEAT OF

AMERICA, this is the one. Lumina Sedan is the six-passenger car that will reward your family with advanced technology, more-than-expected performance and designed-in durability.

Lumina Sedan offers more total interior room than any Japanese competitor in its price range, and a trunk that's sized for family vacations. Technical highlights include a Corvette-inspired independent rear suspension, power rack-and-pinion steering and four-wheel power disc brakes.

Lumina Euro Sedan adds a sporty attitude, with a Multi-Port Fuel-Injected 3.1 Liter V6, sport suspension and red-accented exterior trim. A four-wheel anti-lock brake system (ABS) is standard in Lumina Euro Sedan and optional in Lumina Sedan.

◆
Lumina APV

MANY PEOPLE CONSIDER Lumina APV to be the future of family transportation. Considering Lumina APV's people room... cargo space... luxury ride... and advanced design... they're probably right.

If you need family room, Lumina APV accommodates with optional modular seating for up to seven passengers. "Modular" means each lightweight seat is easily removable so you can create the seating pattern to suit your needs of the moment.

New features for 1992 include a standard four-wheel anti-lock brake system (ABS) and a new optional 3.8 Liter 3800 V6/4-speed automatic powertrain. A 3.1 Liter V6/3-speed automatic combination is standard.

Caprice

IN ITS FIRST YEAR, the new-generation 1991 Caprice garnered *Motor Trend* magazine's prestigious "Car of the Year" award, and terrific reviews from car buyers. For '92, Caprice is even better.

Caprice is the uncompromised six-passenger sedan with standard 5.0 Liter V8 power, rear-wheel drive, full-frame construction, a four-wheel anti-lock brake system (ABS), a beautifully smooth ride and an affordable Chevrolet price.

The luxurious Caprice Classic Sedan features a truly elegant interior (available with optional leather seating surfaces) and beautifully styled aluminum wheels. Caprice Classic LTZ Sedan is the sport version with a specifically tuned sport suspension.

For those who desire the room and luxury of a truly full-size wagon, the 1992 Caprice Wagon measures up with seating for up to eight passengers. Cargo capacity is an amazing 92.7 cu. ft., with both rear seats folded down.
