

SEBRING

2010

Sleek and sophisticated. This understated and smooth design combines quiet luxury with subtle accents in a way that is decidedly Sebring. The contemporary elegance of this mid-size sedan radiates poise while savvy technology blends with classic structure to create a space of purpose and function. Must-have features, such as interior LED-illumination, prove that thinking of everything just makes sense. This is the sedan of the future. This is Chrysler Sebring.

EMBRACE
STYLE

From any angle, Sebring radiates a poise that invites glances full of awe and intrigue. Detailed, jeweled quad headlamps flow into a chrome-accented grille with integrated Chrysler wing badge. Opt for fog lamps and body-color mirrors for an even more tailored look. This is one sedan that is designed to be remembered.

EXPERIENCE PERFORMANCE

This is more than the everyday drive. It's proof that power and efficiency can go hand-in-hand.

Paired with the 3.5-liter V6 engine, Sebring's six-speed transmission with AutoStick® allows clutchless manual or automatic gear selection for improved performance and fuel economy. A 2.4-liter DOHC I-4 with Variable Valve Timing (VVT) and a four-speed automatic transmission are standard. Sebring's smooth ride is delivered in part by a four-wheel independent suspension. Because each wheel is independent, this sedan gracefully glides over bumps and uneven pavement.

UCONNECT™

This is not merely a radio, this is Media Center 730N AM/FM/CD/DVD⁽¹⁾ radio with 30GB hard drive, GPS navigation, 6.5-inch touch screen, MP3/WMA support, USB input, 4,250 song capacity, SIRIUS® Satellite Radio, SIRIUS Traffic,[™] and Voice Command. Uconnect Web⁽²⁾ lets you connect any Wi-Fi-enabled device to the Internet at 3G broadband speeds, allowing multiple passengers to surf the Web. Uconnect Web is an Authentic Chrysler Accessory by Mopar. Subscription required, sold separately. iPod® Control connects most iPod compatible devices to your car's stereo using the in-car cable, then control them with your radio or steering wheel controls. Voice Command lets you select radio stations, satellite radio channels,⁽³⁾ and navigation⁽³⁾ destinations using voice commands. Works with all Uconnect Media Center radios. Included with Uconnect Phone. Uconnect Phone lets you talk on your Bluetooth® compatible phone virtually hands-free. Address Sync⁽⁴⁾ lets you call anyone in your address book by saying their name.

⁽¹⁾In-dash DVD capability not available in all states. See your dealer for details. ⁽²⁾The Uconnect Web feature is not intended for use by the driver while the vehicle is in motion. ⁽³⁾When satellite radio and navigation features are equipped on your vehicle. Any voice-commanded system should be used only in safe driving conditions and all attention should be kept on the roadway ahead. Failure to do so may result in an accident causing serious injury or death. ⁽⁴⁾Phone must support Bluetooth Phone Book Access Profile (PBAP).

ENJOY COMFORT

Every line and every detail seamlessly connect in this well-crafted interior. Satin Silver and Tortoiseshell-style accents give the cabin a rich Sebring attitude. Limited's standard eight-way power driver seat combines with standard heated leather-trimmed front seats for optimum comfort. Sebring Touring's standard premium stain-resistant,⁽¹⁾ antistatic seat fabric feels custom-tailored. Rear-seat passengers enjoy more than 36 inches of leg room. Every trim level is equipped with fold-flat front-passenger seatbacks and a 60/40 split-folding rear seatback that provides complete flexibility. A single button operates the available power sunroof.

⁽¹⁾Not compatible with aftermarket fabric-protecting coatings.

★★★★★
FIVE-STAR

HIGHEST GOVERNMENT
FRONT-IMPACT CRASH RATING

Sebring earned a Five-Star⁽³⁾ crash test rating for frontal impact. This rating represents the highest possible vehicle safety honor from the National Highway Traffic Safety Administration (NHTSA).

SURROUNDED BY SAFETY & SECURITY

Sebring goes to great lengths to ensure that its safety and security systems are executed with perfect choreography. Electronic Stability Control (ESC)⁽¹⁾ along with Brake Assist help drivers maintain control of their vehicle and the vehicle's directional stability. The Antilock Brake System (ABS) affords premium stopping power using state-of-the-art electronics, providing faster response. Sentry Key[®] Theft Deterrent System helps deter vehicle theft by making it virtually impossible to start the engine without possession of the vehicle's key. Advanced multistage driver, front-passenger and supplemental side-curtain air bags⁽²⁾ provide nearly instantaneous protection to outboard occupants.

⁽¹⁾No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the ESC warning lamp in the speedometer flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear seat belts. ⁽²⁾The Advanced Front Air Bags in this vehicle are certified to the new federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. ⁽³⁾Star ratings are part of the U.S. Department of Transportation's safecar.gov program (www.safecar.gov).

2.4L WORLD ENGINE

For real fuel efficiencies and genuine four-door sedan comforts, this powerful I-4 engine delivers an EPA estimated 21 city, 30 highway mpg. Utilizing dual Variable Valve Timing (VVT) and a high-pressure die-cast aluminum cylinder block, the standard 2.4L World Engine features integrated structural ribbing to produce an exceptionally smooth and powerful 173 horsepower. It is matched to a 4-speed automatic transmission.

3.5L HIGH OUTPUT V6 ENGINE

The available 3.5L High Output V6 engine is matched to a highly evolved 6-speed AutoStick® transaxle which generates 235 horsepower and 232 lb-ft of torque. Perhaps most surprisingly, all of this power comes complete with an impressive EPA estimated 16 city, 27 highway mpg.

EXTERIOR MEASUREMENTS:

Length: 190.6 inches

Width: 71.2 inches

Height: 61.8 inches

TRIM LEVELS

Limited. Designed to invigorate in every way, its sophistication comes from a blend of elegance, contemporary design, and sleek lines outside and in. It goes far beyond ordinary sedans by offering a truly premium interior with standard leather-trimmed seating for five, eight-way power heated driver and front passenger seats, four-wheel disc ABS, Tortoiseshell-style accents and aimable LED lighting.

Touring. Offering so much more than mere practicality, it arrives complete with an extensive list of standard equipment and features, including 4-speed automatic transmission, Remote Keyless/Illuminated Entry, power windows and locks, air conditioning, electronic speed control, and an AM/FM/CD radio with MP3 auxiliary input jack.
