

*apollo*  
*speed*

**Awesome. Aggressive. *apollo speed*.**

With infinitely irrepressible propulsion of up to 800 hp, the **GUMPERT *apollo speed*** accelerates from 0 to 200 km/h in less than nine seconds. Uncatchable outrunning the competition with a top speed of more than 360 km/h\*.

It can do it all. High performance road legal sports car with racing performance. It impressively dominates the asphalt with its power, commands the laws of physics and gives the high speed thrill a cool and racy new look.

More testosterone can't be driven. The **GUMPERT *apollo speed*** is searching for its master, the one who can tame it – it's not for just any man.

Give your dreams wings to fly...

\*) depending on equipment, country-related specification, gear ratio and engine rating

**No limits.**

Monocoque with 4 point seat belts

Newly designed taillights

Sporty and elegant interior,  
optionally with leather or Alcantara

Wheel cover

## Breathtaking. Brute Force. Honest.

The **GUMPERT *apollo speed*** delivers an ingenious interplay of cutting edge technology and precise handcrafted workmanship – engineering artistry made in Germany. The twin-tone colouring is anything but restrained. Wheel covers, a fully enclosed underbody and a newly designed rear underline the uniqueness of this exclusive super sports car. High-tech materials, a fully synchronised sequential 6-speed gearshift and sophisticated aerodynamics guarantee excellent driving performance and pure racing fun. Whether be it in leather or Alcantara, each **GUMPERT *apollo speed*** is truly one of a kind. Hard to believe with this much functionality, it comes with a modern comfort package, such as air conditioning and DVD multi-media system including rear-view-camera.

The **GUMPERT *apollo speed*** requires a lot – and gives everything.
