DRIVING AN ISUZU IS A SOURCE OF REAL

SATISFACTION. AND WHEN ALL IS SAID

AND DONE, ISN'T THAT WHAT YOU'D

LIKE A LITTLE MORE OF FROM YOUR NEXT NEW VEHICLE?

TROOPER.

SOPHISTICATION
MEETS STRENGTH.

Isuzu Trooper defies conventional wisdom. The kind that says you can't cross a rugged 4x4 with a refined sedan. Yet that's just what Isuzu engineers have done. Trooper S, RS and LS combine civilized comfort with the substance and security of 4WD like no other vehicle on the road. Let's face it: life's full of compromises. But that doesn't mean you should fill your garage with one.

TROOPER LS

⚙️ Trooper's rugged sophistication translates into 2-door form in the RS model. Like all Isuzu Troopers, its refined performance and remarkable versatility will make you wonder why you ever settled for the ho-hum experience of driving an ordinary coupe or sedan.

TROOPER S and LS are built for anybody who thinks big. Their spacious cabins let five adults stretch out in comfort. And their versatile seating can be positioned to create up to 90 cubic feet of cargo room. (That's roughly four times what a typical refrigerator holds. Think of the picnic you could pack.) There are adjustable head restraints both front and rear. A 60/40-split folding rear seat can also recline up to 40 degrees.* And under the rear seat, there's a concealed storage bin to hide valuables.

🔑 You can open Trooper's unique 70/30 split rear doors with one hand, one at a time. And you won't have to climb over a tailgate just to grab an armful of heavy grocery bags. Or jump up to reach an open hatch.

🔑 Trooper's 60/40-split folding rear seat gives you a variety of seating and cargo configurations!

How's this for a warm welcome? Trooper LS offers optional heated power front seats with leather seating surfaces. To position the seat to your satisfaction, just touch the buttons: the driver's seat adjusts four ways, while the passenger seat adjusts two ways.

🔑 Trooper LS: not only is it "more spacious and more luxurious than the Jeep Grand Cherokee," but it's "more sporting to drive... than Ford Explorer." (Automobile Magazine)

*Optional on S, standard on LS.

RODEO.

IT'S PRACTICALLY
A WAY OF LIFE.

Take one look at an Isuzu Rodeo and you know you're dealing with a serious Sport Utility Vehicle. In 2- or 4-wheel-drive models, Rodeo gives you the performance of a 175-horsepower V6*. Its roomy interior features the versatility of a fold-down rear seat. And with its auto-locking hubs, the 4WD Rodeo easily takes on rugged off-highway adventure.

▲ Rodeo's rugged on the outside, refined on the inside. On Rodeo LS models, standard features include a leather-wrapped steering wheel, a 4-speaker AM/FM stereo cassette sound system, power windows, power door locks, power mirrors and air conditioning.

*V6 optional on 2WD S.

AMIGO.

ARE YOU HAVING
FUN YET?

They'll probably never use Amigo to teach Driver's Ed. Don't get us wrong: Amigo's got a practical side. But what makes it amazing is how quickly an Amigo takes you to where the fun is. Whether it's the S or XS model, 2WD or 4WD, Amigo has the performance, comfort, style and versatility to get you anywhere you want to go. So long as your destination isn't Dullsville, U.S.A.

With Amigo's removable rear canvas top and optional removable sunroof, it's no hassle to suddenly make the most of the day's sunshine. And, Amigo's rear bench seat folds to help you carry a load of fun-filled cargo.

PICKUPS

THAT GET DOWN
TO BUSINESS.

Isuzu Pickups have the power to haul up to 1470 lbs* of payload in a durable double-wall cargo bed. They've got a rugged suspension to handle the tough terrain. And because they're affordable and built to stay that way, our Pickups help handle something else: your budget.

▲ From top to bottom: our 4WD Pickup comes with a standard 2.6-liter 4-cylinder engine or — for more pull — there's an optional 3.1-liter V6. Our 2WD Pickups include Spacecab and Standard Cab (with Standard or Long Bed).

*Payload varies by model and includes cargo, passengers and optional equipment.

As Japan's oldest car maker, Isuzu has always had a commitment to quality. Today, that tradition continues. Our goal is to meet your needs by building trucks and Sport Utility Vehicles that deliver exceptional value and lasting satisfaction. And to back every vehicle we make with comprehensive warranties and offer a free 24-hour Roadside Assistance Program that's there for you 365 days a year. Our dealers have matched our commitment by making major investments in their facilities, their equipment and in the quality of their technicians. If you haven't done so already, we invite you to visit your local Isuzu dealership for a complete test drive. Because ultimately, driving an Isuzu is far more satisfying than simply reading about one.
