2001 EXPLORER SPORT TRAC

SPORT TRAC

and the walls we put up while we're busy running around. Ford Outfitters can take you there. Thanks to the radically new all-conditions Explorer known as Sport Trac. A departure from whatever it is you're used to.

**INDUSTRY-EXCLUSIVE, SCRATCH-RESISTANT
SMC PLASTIC-MOLDED CARGO AREA.**

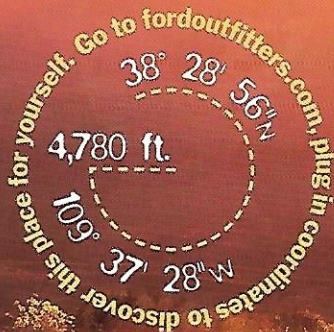

**CLASS-EXCLUSIVE WASHABLE RUBBER
FLOORING WITH REMOVABLE BERBER
FLOOR MATS.**

**CLASS-EXCLUSIVE EXTENDIBLE
CARGO CAGE.**

**CLASS-EXCLUSIVE TWO-PIECE, FOLDABLE,
LOCKABLE HARD TONNEAU COVER.**
(AVAILABLE 2ND QUARTER 2000)

**CLASS-EXCLUSIVE CARGO AREA
POWERPOINT.**

BEST-IN-CLASS TOWING CAPABILITY.

Cargo Cage.
Sturdy U-shaped tubular construction hinges to the sides of the bed. The Cargo Cage can be rotated 180° over the tailgate, extending the bed to nearly six feet (as shown). Or when rotated back into the cargo area, it creates a contained storage area. Optional.

Powerpoint.
We put it in the cargo bed, so you can plug in that much easier.

Hard tonneau cover.
Keeps your things locked and protected. Optional. Dealer-installed molded-in dividers keep you organized.

Sheet Molding Composite, plastic cargo area. One particularly grueling test included having a front loader dump large chunks of concrete onto the all-composite surface. Not a scratch. And it's so durable and rustproof, you'll never need a bedliner.

Power rear window.
Tap the dash-mounted control knob and the window opens just over an inch. Twist and the window lowers all the way.

80-watt in-dash CD changer. Holds up to 6 CDs. Optional.

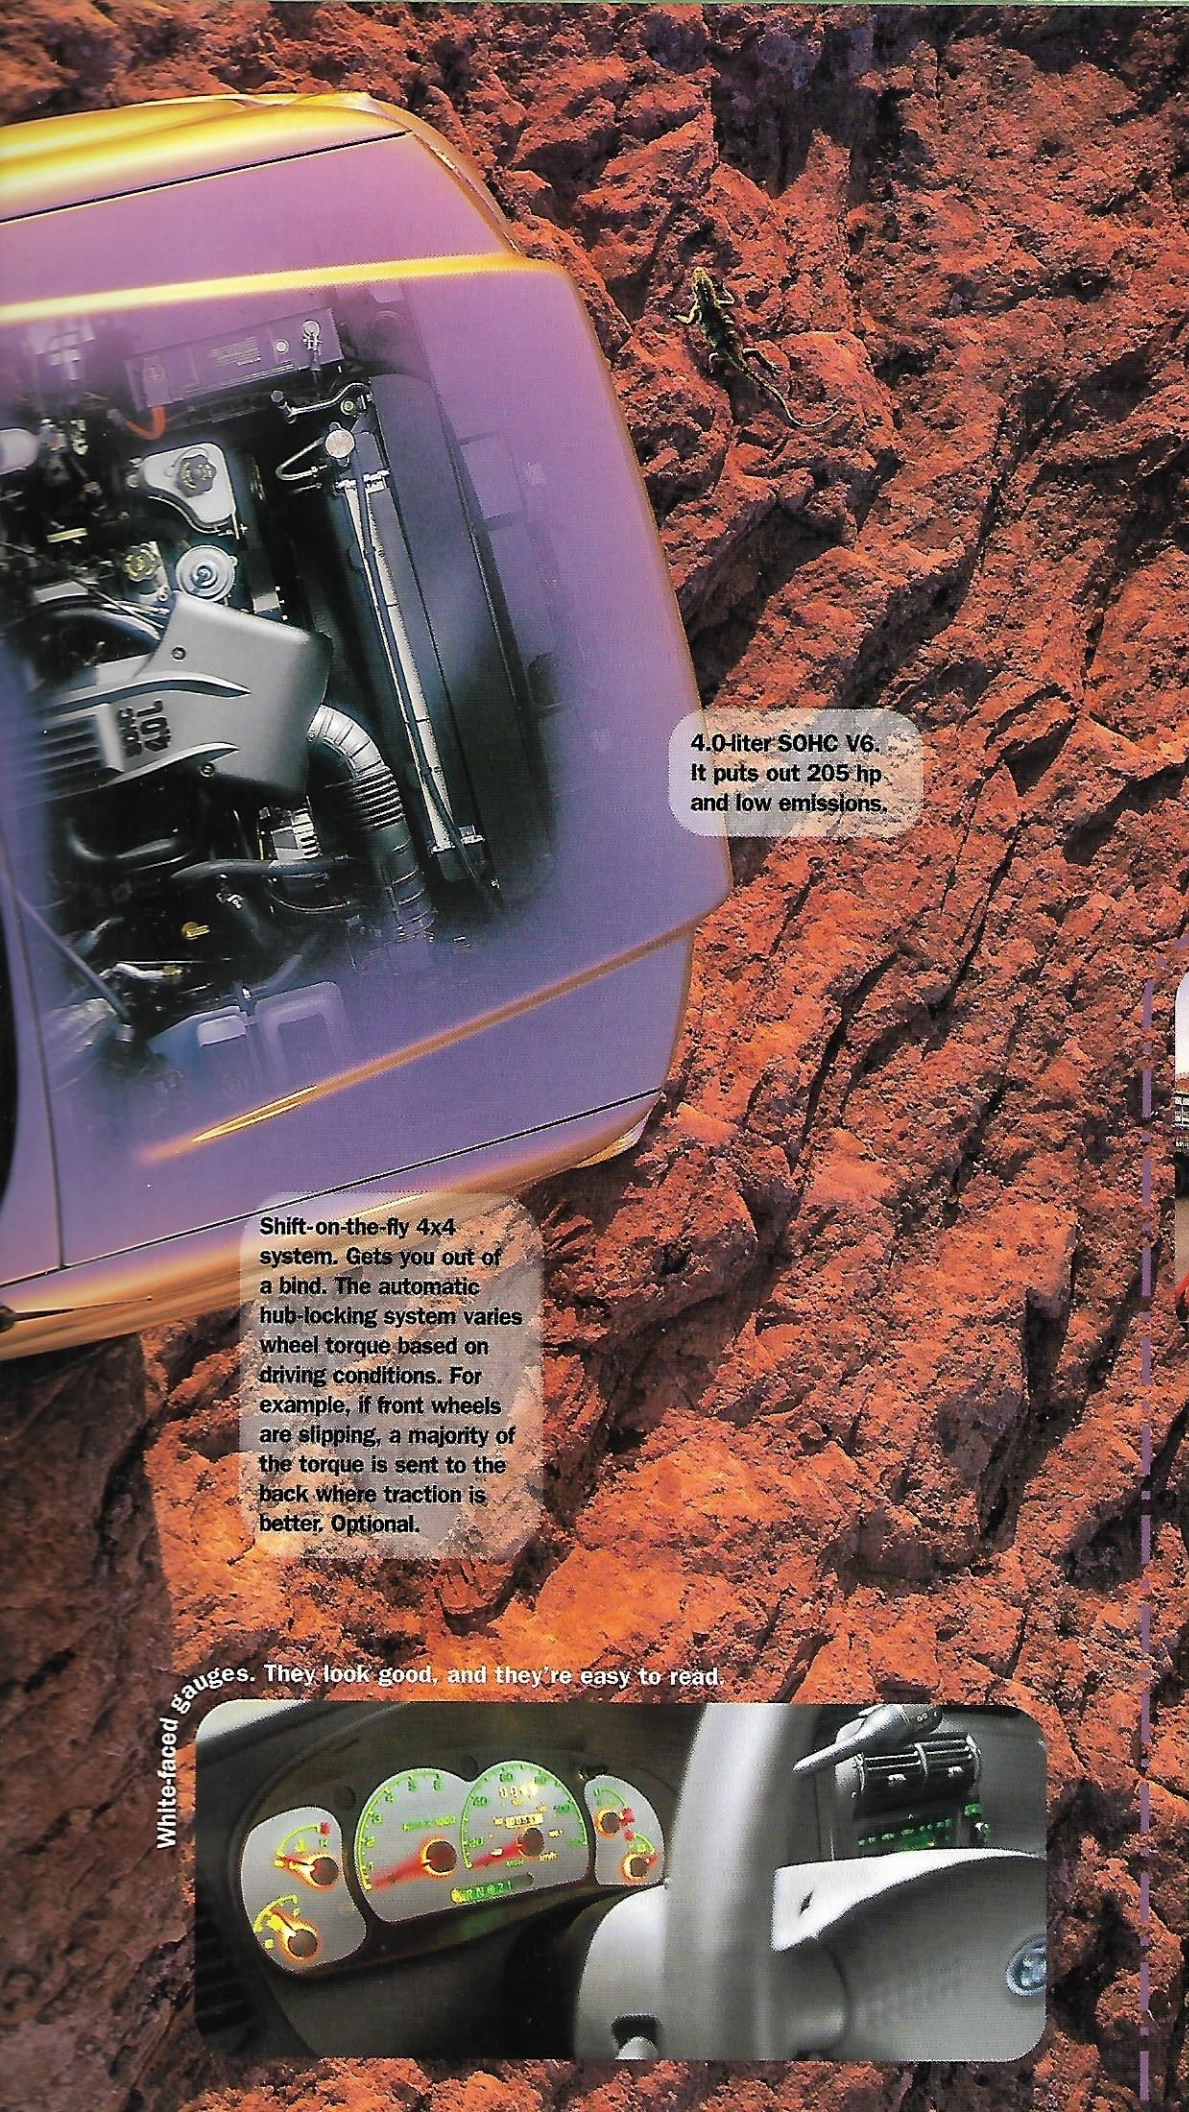

Rubber flooring. Deep-woods-grade. Which means, aside from being excellent sound insulation, it cleans up nicely.

The back seat area is the biggest in its class. It's never been this easy to carry people and cargo.

ms.
er Sport Trac
with 10. Six on
rails and four
the inner panels.

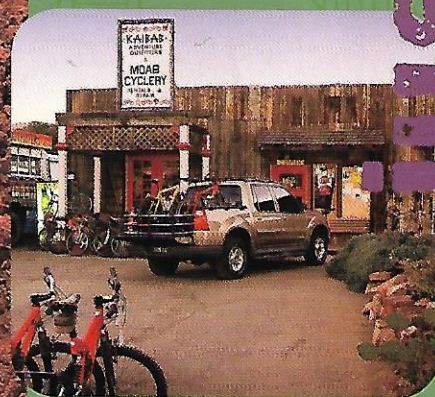

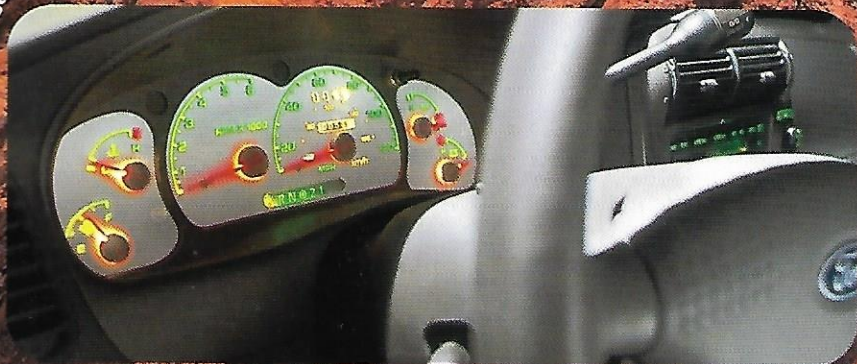

4.0-liter SOHC V6. It puts out 205 hp and low emissions.

Shift-on-the-fly 4x4 system. Gets you out of a bind. The automatic hub-locking system varies wheel torque based on driving conditions. For example, if front wheels are slipping, a majority of the torque is sent to the back where traction is better. Optional.

White-faced gauges. They look good, and they're easy to read.

Moab, Utah, is a mining town, or at least it was. These days if you're headed there, it's not for uranium, it's for a view of the La Sal Mountains and a little quad burn. So, load up on a greasy breakfast and bring plenty of water. There's a red desert waiting for you.

 CLEARCOAT METALLIC

Power rear window.
 Easy-flow ventilation or access to cargo.

Berber floor mats.
 Durable, removable. Civilized? Maybe.

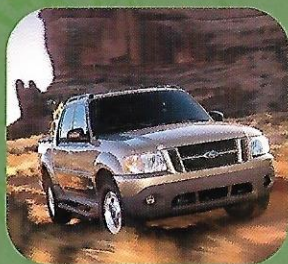

Cloth bucket seats.
 As water-resistant as the fowl below.

Floor console.
 It's got all the gadgets you'd expect along with something you wouldn't – a removable soft carrying pack.

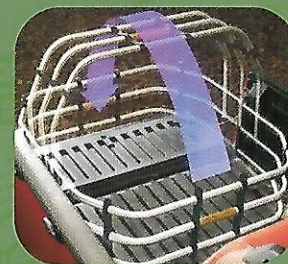

Roof rails.
 They run North/South. Add optional dealer-installed cross bars and the roof rail system holds up to 100 lbs. (Shown with dealer-installed roof-mounted ski rack by Yakima.)

Shift-on-the-fly 4x4.
 For the city, keep it set on 2WD. For the trail, shift into 4x4 HIGH. And for the deep woods, 4x4 LOW. Optional.

Two front tow hooks.
 Pull your neighbor out of a bind. Standard on 4x4.

Cargo Cage.
 When extended, it creates a storage area measuring nearly eight square feet. Optional.
