

2006

F-150

TRUCK SUPREMACY

Ford F-Series trucks have always been seen as icons of hard work, carrying the load for millions of owners every day. Now, adding to a list of over 40 awards, F-150 has received further recognition as the "Highest-Ranked Light-Duty Full-Size Pickup in Initial Quality" 2005 by J.D. Power and Associates.* For 2006, F-150 continues the tradition of toughness with a stronger frame than any other 1/2-ton pickup, *plus* best-in-class payload and towing capabilities.** All that brawn not only makes F-150 a purebred workhorse, it sets high standards for refinement and safety. Its ride, handling and comfort are exceptional. And it's the only full-size pickup to earn the U.S. Government's 5-Star frontal crash test ratings, as well as the Insurance Institute for Highway Safety's "Best Pick Frontal" crash status. Recognized for excellence, F-150 is the flagship of America's best-selling line of trucks. Climb aboard, and discover the qualities that have put F-Series on top for the last 28 years.

*J.D. Power and Associates 2005 Initial Quality StudySM Study based on a total of 62,251 consumer responses indicating owner-reported problems during the first 90 days of ownership. www.jdpower.com.

**Based on properly equipped Full-Size Pickups under 8500 lbs. GVWR and priced below \$39,000.

FORD HARLEY-DAVIDSON™ F-150/KING RANCH	4	SPECIFICATIONS/COLORS	7-11

ULTIMATE BACKBONE

The F-150 is built on the strongest frame available in a full-size pickup under 8500 lbs. GVWR. This fully boxed frame is another reason Ford F-150 boasts the biggest payload and towing numbers in its class. But that's not all. Innovative, class-exclusive cast-aluminum front lower control arms and outboard-mounted rear shocks, plus cab-insulating body mounts, combine to deliver a truck that rides and handles like, well, anything but a truck. Toughness and innovation: qualities that drive F-150 to the top.

YOU'VE GOT THE POWER

Engines to Match Your Jobs – You want to haul, tow, climb and carry. From V6 to V8, F-150 delivers the power to get the job done with ease. With a properly equipped chassis, the fuel-efficient 4.2L V6 lets you haul up to 1920 lbs. and tow up to 5700 lbs. The muscular 4.6L Triton® V8 kicks up those numbers to 1970 lbs. and 7200 lbs. And with 85% of its beefy low-end torque on tap at just 1500 rpm, the mighty 5.4L 3-Valve Triton V8 powers F-150 to best-in-class numbers: 3060 lbs.* payload and 9900 lbs.** towing. Yet, all this muscle isn't just brute strength. No matter what powertrain meets your needs, you'll have one smooth, quiet ride. Powerful reasons to choose F-150.

★★★★★ RAISING THE BAR

A Singular Achievement – Ford F-150 is the only full-size pickup to earn the National Highway Traffic Safety Administration's top rating of 5 Stars for both the driver and right-front passenger in the 2005 frontal crash category, *and* be named a Best Pick in frontal offset crash testing performed by the Insurance Institute for Highway Safety. The truck's unique structure is strengthened in specific areas to help protect against intrusion. Other critical components are designed to collapse, absorb or channel energy away from occupants in a crash. The result is a truck that stands alone in crash test ratings for full-size pickups. Ford is proud of these independent test results. But more important are what these ratings can mean when you and your family need them most.

*Requires Heavy Duty Payload Package. **Maximum loaded trailer weights. Combined weight of towing vehicle (including hitch, passengers and cargo) and loaded trailer must not exceed Gross Combination Weight Rating (GCWR). See RV and Trailer Towing Guide for requirements and restrictions.

NEW SuperCrew 6.5' Cargo Box – Coming in the winter of 2006, this optional configuration adds a full foot of extra length to the SuperCrew box. It has Tailgate Assist,[™] plus the tie-downs that make an F-150 box convenient and practical. The SuperCrew 6.5' box is available in either a Styleside or a Flareside version.

NEW Chrome Packages – Both versions feature 18" chrome-aluminum wheels with outline white-letter tires, 5" chrome tubular step bars and a chrome exhaust tip. XLT Chrome Package includes a color-coordinated leather-wrapped steering wheel, plus a chromed grille surround. Lariat Chrome Package (shown) adds chromed sideview mirror caps, plus chromed door and tailgate handles.

IMPROVING PERFECTION

How do you make a supremely capable truck even better? Give it more flexibility with a bigger available cargo box. Offer Traction Control on all 4x2 V8 models. Add factory-installed SIRIUS Satellite Radio. And turn up the bling with an optional Chrome Package and massive new 20" machined-aluminum wheels. No matter how hard you have to work or how much you like to play, Ford lets you customize your F-150 with a range of options and upgrades to make hard work easier and the good times more fun.

TURN OFF THE ADS, TURN UP THE FUN

NEW SIRIUS Satellite Radio Service – Over 120 channels of digital-quality programming coast-to-coast, including 65 channels of commercial-free music and over 55 channels of sports, news, talk and entertainment. This factory-installed option provides superior sound quality and integrates seamlessly with F-150 audio systems. You even get 6 months of complimentary service. Ask your Ford Dealer for details.

LIVIN' LARGE

NEW 20" 6-Spoke Machined-Aluminum Wheels – Now available on FX4, Lariat and King Ranch, these massive beauties give your F-150 a custom look. Plus, the 6-spoke design sets off the 20" outline white-letter all-terrain tires. There's nothing like a new set of "shoes" to set your truck apart from the rest. And F-150 delivers, with style to spare.

TWICE THE ATTITUDE

Built Ford Tough meets Harley-Davidson in the baddest F-150 ever to come off the line. This jam-packed SuperCab has a truckload of styling cues straight out of Milwaukee, from its unique chromed billet-style grille to the massive 22" polished forged-aluminum wheels. The cabin features captain's chairs trimmed in aniline black leather, a high-gloss flow-through center console, and famed Harley-Davidson Bar & Shield logos. For road-hugging performance, this is the only F-150 offered with All-Wheel Drive. Get your motor running with a rugged F-Series pickup that's been given a Harley-Davidson makeover. Attitude adjustment included.

TALL IN THE SADDLE

Take the legendary toughness built into every F-150, wrap it in classic Western style, and you've got the King Ranch SuperCrew. Its stunning interior is trimmed in yards of rich Castaño leather, and there's plenty of wide-open space to stretch out. A long list of standard features includes steering wheel-mounted audio/climate controls and heated front seats. Outside, 18" cast-aluminum wheels, or available 20" machined-aluminum wheels, gleam like spurs, while Arizona Beige accents, platform running boards, and unique power-folding heated sideview mirrors with approach lamps are as handsome as they are practical. By any measure, the F-150 King Ranch outshines any truck in its class. And that means you're riding out ahead of the herd.

F-150
LARIAT 5.4 TRITON

ALREADY LOADED

The F-150 Lariat has a list of features so complete, you'll spend more time trying to figure out what *doesn't* come standard. Outside, a chromed grille surround, unique wheel-lip moldings and Lariat-exclusive 18" wheels define the look. Inside, enjoy leather-trimmed seating and a leather-wrapped steering wheel with secondary audio and climate controls. A premium AM/FM stereo/single-CD player, remote keyless entry and power, heated sideview mirrors are also included. Options? 20" machined-aluminum wheels, two-tone paint, running boards, heated front seats, and an Audiophile® Sound System top a short list. So load up your Lariat with people and cargo, because almost everything else is already on board.

FX4
OFF ROAD

WORLD-CLASS CLIMBER

When the journey takes you off-road, F-150 FX4 is the truck to have. Its standard 300-hp 5.4L 3-Valve Triton® V8 is ready to power through rugged terrain. Specially tuned off-road shocks, 3"-wide rear leaf springs, a limited-slip rear axle, skid plates and outboard-mounted rear shocks make FX4 well-equipped for off-roading. Electronic Shift-On-the-Fly 4-wheel drive, including a rock-crawlin' 4-wheel-low range, helps dig in wherever traction is a challenge. And its superb ride and handling make FX4 as comfortable on-road as it is qualified off-road. Get ready for an outstanding 4x4 experience when you climb aboard the FX4, and take it all the way to the top.

F-150
XLT TRITON

ALL-AROUND ATHLETE

Available with every cab size, body style, box size and engine option, in 4x2 or 4x4, F-150 XLT is the most versatile player in the line. From the best-in-class interior volume Regular Cab and SuperCab, to the spacious SuperCrew, XLT accommodates you, your projects – your life. Premium cloth seats, autolamp, outside temperature/compass display and remote keyless entry are just some of the standard features that make XLT a smart pick. And if hauling and towing are required, the available Heavy Duty Payload Package equips XLT to handle maximum loads. In the full-size pickup game, F-150 XLT is a slam dunk.

STX

MADE YOU LOOK

And that's the whole point of driving the F-150 STX. The standard body-color grille surround and bumpers, plus STX-exclusive 17" machined-aluminum wheels, make this truck a real crowd-pleaser. The available Audiophile® AM/FM stereo/6-disc in-dash CD changer with MP3 capability and subwoofer plays your favorite tunes with digital clarity. Add a Flareside box, and you've got a truck that's as serious about being seen as it is about being tough.

MODEL LINEUP

XL

Argent front and rear step bumpers • Black grille surround, bar-style grille and front bumper upper fascia • Black manual sideview mirrors • 17" steel wheels • Solar-tinted glass with fixed rear window • Covered visor vanity mirrors • Black vinyl floor covering • Vinyl 40/20/40 split front seat • Driver's manual lumbar • Black urethane steering wheel

STX

New-Vehicle Limited Warranty

We want your Ford F-150 ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Choose the insurance program that's designed for your vehicle — Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan (ESP)** gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP backed by Ford Motor Company and honored at all Ford dealerships.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at www.fordcredit.com.

Designed for your vehicle by the company that built your vehicle, Genuine Ford Accessories provides many choices, professional dealer installation, and strong warranty protection. Discover the quality difference of Genuine Ford Accessories. See dealer for limited warranty details.
