**INFINITI.**

Inspired Performance®

FROM FASCINATION

A yearning heart can never be still. The Infiniti QX60 captivates with possibility, transforming the 7-passenger crossover with a harmonious connection between expressive design, attention to detail and intuitive technology. Experience luxury made sensory, and desire with unprecedented potential.

**EASY THIRD-ROW ACCESS** welcomes your guests with effortless entry to the rear of the cabin, sliding and tilting—child seat in place or absent—to offer a generous opening.<sup>1</sup> An interior should be as accommodating as it is spacious.

**SLIDING SECOND-ROW SEATS** go to lengths—sliding 5.5 inches forward and rearward—to tailor legroom in the second or third row. Because comfort is personal to every passenger.

**INTELLIGENT ALL-WHEEL DRIVE<sup>2</sup>** empowers you with confidence by constantly monitoring wheelspin, automatically adjusting to changing conditions for enhanced traction and control.

FROM ANTICIPATION

Relish what lies ahead. There's pleasure in seeing it clearly, knowing you're prepared to respond to—or take advantage of—every possibility.

**AROUND VIEW® MONITOR<sup>2,3</sup>** is a groundbreaking technology from Infiniti that gives you a virtual 360° view of your environment while parking. You see your surroundings as though from above for an extraordinary level of awareness.

**BACKUP COLLISION INTERVENTION<sup>2,4</sup>** is a visionary technology that extends your awareness and your confidence. It scans the area behind your car, and—as you back up—can warn you if it detects rear cross-traffic or large stationary objects. It can even brake for you to help you avoid it.

FROM DEVOTION

**TRI-ZONE AUTOMATIC TEMPERATURE CONTROL** indulges every passenger with personal comfort, offering three distinct climate zones. The driver, front passenger and rear passengers each enjoy their own sets of controls.

**ADVANCED CLIMATE CONTROL SYSTEM<sup>2,5</sup>** cleanses the air itself of most allergens, germs and odors, for rejuvenation in every breath. Dedication defines even what you can't see.

FROM DEEP

The more passionately you feel about an objective, the more intensely it will draw you in to its fulfillment. Create your perfect moments and surround yourself with every beautiful, harmonious detail.

**BOSE® CABIN SURROUND<sup>®2</sup>** envelops you, creating depth and ambiance for a wider, more immersive sound. This unique system delivers music's power from the front, with sound washing through the cabin, as in a live performance.

## OBJECT OF ATTRACTION

2014 INFINITI QX60

# AMBIANCE

A welcoming and evocative space is measured in its ability to stir your emotions.

360  
PEOPLE

6  
COUNTRIES

.48  
MILLIMETERS

**MATCHLESS MATERIALS** Glide your hand across the armrest, and your fingertips seem to recognize the instinctively rewarding feel. This is purely intentional. We took one-and-a-half years, surveying 360 people all over the world to quantify the most pleasing tactile feel, then created the perfect materials to match it. With tension and texture that match the depth and spacing of the ridges in your fingerprint, it imbues the surfaces you'll engage most with the perfect touch.

**VISUAL INSPIRATION** Welcome all passengers with an uncompromised vision of hospitality. While the sense of openness and light brightens the mood of the cabin, the QX60's signature panoramic moonroof<sup>2</sup> is grand enough to offer an inspiring view of the sky for the second and third rows.

**EVERY BREATH FRESHER AND CLEANER** Even the invisible is never overlooked. The Advanced Climate Control System<sup>2,5</sup> features the innovative Plasmacluster<sup>®</sup> air purifier, which actively cleans the air inside your cabin. It produces positive and negative ions that help prevent odors from sticking to interior materials and even helps suppress mold and viruses. Your interior not only stays fresh, so does your clothing. It works in concert with the Grape Polyphenol Filter, which removes up to 99.5% of allergens from the air coming in from the outside.

## ACCOMMODATION

A spacious interior, which easily accommodates the most varied of lifestyles, always conforms, and never constrains.

**ABUNDANT SPACE** The QX60 provides versatility precisely tailored to the needs of every guest. Its low, wide stance helps maximize head and hip room for all seven passengers. Interior elements like the roof and windshield pillars were tapered and shaped to give the impression of generous space. And the backs of the supportive front seats give rear passengers more legroom.

**COMFORT ZONES** Because all guests have a personal idea of comfort, tri-zone automatic temperature control offers three distinct climate zones. The driver, front passenger and rear passengers each enjoying their own set of controls. The intelligent system will take it from there, maintaining the climate to each personal setting.

**MAXIMIZE VERSATILITY** The expansive interior was intelligently designed to adapt its volume to your needs. Optimize your cargo capabilities with 60/40-split second-row seats and 50/50-split third-row seats that fold virtually flat, providing a surface big enough to accommodate the most adventurous packing, so you can feel free to engage in ambitious planning.

## PERFORM

On its surface you'll find spacious luxury. At its foundation—the commanding dynamics of Infiniti Direct Response engineering.

3.5<sup>L</sup>  
V6

**ENGINE** The true excellence of the QX60's engine lies in the feeling experienced as you drive. The 3.5-liter V6 engine features CVTCS technology to continuously optimize opening of intake valves to make the most of every bit of fuel and every breath it takes, resulting in a stirring 265 hp while also achieving 26 mpg.<sup>9</sup>

**EXCEPTIONALLY SMOOTH** The QX60 changes the way you feel power without ever changing gears, thanks to a Continuously Variable Transmission. CVT replaces traditional gears with a continuously adjusting belt, meaning you'll always have the optimum setting for responsive acceleration, fuel efficiency and the feeling of effortless smoothness.

**CUSTOMIZE YOUR DRIVE** Infiniti Drive Mode Selector allows you to select a driving experience that fits your needs of the moment, with four available modes: Standard, appropriate for everyday conditions; Eco Mode, which increases fuel economy; Sport Mode, which allows for sportier acceleration; and Snow Mode, helping you maintain control and avoid spinning wheels in snowy conditions.

**POWER TO PULL MORE** The QX60 is an exceptional combination of luxury and utility, offering 3,500 lbs. of towing capacity.<sup>2,7</sup> Its chassis strength and 248 pound-feet of torque offer the capability to move significant loads without much effort.

**LIMITLESS RUSH** Acceleration Swell is our vision of power, dedicated to delivering a shape and feel to acceleration. By tuning Infiniti engines to unleash torque over a broader rev range, the force you feel seems to increase the faster you go—building like the rush of a continually rising wave, peaking ever higher. The emotional energy surges in tandem, making Swell feel like a limitless rush more than a momentary thrill.

**POWER WHERE YOU NEED IT** Intelligent All-Wheel Drive<sup>2</sup> satisfies both your need for control and desire for performance by intuitively adjusting to driving conditions. By constantly monitoring wheelspin, throttle position and vehicle speed, the system automatically diverts up to 50% of the power to the rear wheels, enhancing traction and control when conditions are compromised. When all-wheel drive is not needed, 100% of the power is channeled to the front wheels.

## ASSIST/ENTERTAIN

Infiniti InSuite™ integrates a host of intuitive technologies to simplify tasks and anticipate your needs as they keep you in touch with and in control of your world.

**ALL-AROUND AWARENESS** The Around View® Monitor<sup>3</sup> with Moving Object Detection<sup>2,8</sup> and Front and Rear Sonar System<sup>9</sup> gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the detected objects around your car. And the system will even alert you to moving objects detected in your vicinity. It helps put you intuitively in touch with your surroundings, while simultaneously putting you at ease.

**PERSONAL PERFORMANCE** With dual 7-inch headrest monitors<sup>2</sup>, rear-seat passengers can experience their own personal entertainment by playing their own movies or games, even while those in front enjoy their own music.

**EASE IN TRAFFIC** Intelligent Cruise Control (Full-Speed Range)<sup>2,10</sup> allows you to choose your desired speed, and automatically slows your vehicle in slowing traffic, going all the way to a complete stop. This visionary feature and the personalized convenience it offers is available with a simple touch of a button.

**AUDITORY INDULGENCE** Create precisely the mood you desire, everywhere you go. With 15 speakers, including two subwoofers, the Bose® Premium Sound System<sup>2</sup> delivers your music with captivating depth and astonishing clarity. You'll also enjoy greater selection: play CDs, and stream music from a compatible Bluetooth® device or SiriusXM Satellite Radio, or connect and control your iPod® via the USB port.<sup>11,12,13</sup>

**EMPOWERING YOUR TOUCH** The Infiniti Controller puts intuitive, simple control of your technology systems at your fingertips. Designed to fall naturally within your reach and helps to minimize distraction from driving, it allows you to interact via a variety of inputs and with clearly marked buttons and commands. What's more, a single press can bring you from one major system to another.

**SPEAK YOUR DESIRE** Infiniti Voice Recognition<sup>2</sup> allows you to set a destination on the navigation system, call a contact from your phone, play an audio track and much more without taking your hands from the wheel. The system recognizes a wide variety of commands, making your life that much simpler and more elegant.

## PROTECTION

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.

**1350 MPa**  
ULTRA-HIGH TENSILE  
STRENGTH STEEL

**590 MPa**  
CONVENTIONAL  
STEEL

**STRONGER AND LIGHTER** Ultra high-strength steel is used to help enhance your safety in the case of a collision. The unique process used to create this material can give it more than twice the tensile strength of conventional steel. Not only does this ultra-strong material add to the vehicle's resiliency, it allows us to make the vehicle lighter overall.

**BETTER STABILITY WHILE STOPPING** Electronic Brake force Distribution adjusts the amount of brake force applied to the front and rear wheels for improved braking performance. It not only helps the brakes wear more evenly, it reduces front-end “dive” during heavy braking, helping increase the stability of your vehicle. The system also detects vehicle-load conditions, and distributes additional brake pressure to the rear brakes as needed.

**ALWAYS LOOKING FOR DANGER** Intelligent Brake Assist with Forward Collision Warning<sup>2,14,15</sup> uses radar to continuously monitor and analyze your closing speed to the vehicle ahead of you, helping detect an imminent collision. It provides a two-stage warning to alert the driver as the vehicle moves towards impact and—if needed—can automatically engage the brakes to help reduce collision speed. It's a smart precaution in an unpredictable world.

**MAINTAINING YOUR LANE** The Lane Departure Warning (LDW) System<sup>2,16</sup> uses a camera to watch for departure from the travel lane when you haven't signaled, and audibly warns you if it's detected. Then, if drift continues, the Lane Departure Prevention (LDP) System<sup>2,16</sup> lightly applies selected brakes to help ease your vehicle back into the travel lane. But you never give up control. It's designed to assist, not override.

**REVERSE WITH GREATER CONFIDENCE** Backup Collision Intervention<sup>2,4</sup> employs an advanced set of sensors to help detect vehicles approaching from either side as you back up. If a vehicle is detected, the system alerts you—first, a warning light appears, then an audible alarm sounds, followed by gas pedal-force feedback. The system can even intervene by automatically engaging the brakes to help avoid a collision.

**PREPARED TO PROTECT** Under certain braking conditions or when the Intelligent Brake Assist<sup>2,14</sup> system is activated, the Front-seat Pre-Crash Seat Belts automatically tighten the front seat belts—helping restrain you and helping to maximize the effectiveness of the other occupant protection devices such as air bags.

**ENHANCED PROTECTION** Infiniti puts an array of air bags between you and an impact, including the Infiniti Advanced Air Bag System, with dual-stage front supplemental air bags<sup>17</sup> that adjust inflation rates based on the severity of the crash and seat belt usage. Also featured are front seat-mounted side-impact supplemental air bags and roof-mounted curtain side-impact supplemental air bags with rollover sensor.

# SELECTION

Hues that change in response to light and angle. Matching exterior and interior colors to reflect the distinctive energy and mood of the seasons. These are just a few ways Infiniti uses paint to express feeling, evoke confidence, and shape the emotional essence of a vehicle.

Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Infiniti retailer.

## GENUINE INFINITI ACCESSORIES

The same exacting standards applied to the creation of an Infiniti vehicle go into designing and manufacturing Genuine Infiniti Accessories. With a wide array of quality products designed to integrate seamlessly, you can be assured of a custom fit and finish.

**ACCESSORIES SHOWN** Roof rail crossbars,<sup>18</sup> roof rails,<sup>18</sup> polished 20-inch forged alloy wheels, splash guards.

**ROOF RAIL CROSSBARS<sup>18</sup>** You'll be able to greatly increase the utility and capability of the QX60, especially when you pair them with accessory attachments. These crossbars are wind tunnel-tested to improve their aerodynamics.

**STAINLESS STEEL ILLUMINATED KICK PLATES**  
The Infiniti logo glows softly along the bottom of the front door sills—a signature flourish you and your passenger will appreciate every time you get in.

**20-INCH FORGED ALLOY WHEELS** These leave no question as to your dedication to making the right impression wherever you go. Their sculpted design utilizes lightweight alloy and original Infiniti logo center caps.

**DUAL DVD HEAD RESTRAINT MONITORS** These bright, crisp monitors come complete with remote control and headphones. They're also capable of working independently, allowing each rear passenger to choose their own DVD or video game.

**REMOTE ENGINE START** Integrating seamlessly with the existing keyless entry system, remote engine start is technology that caters to you. From a range of up to 200 ft., the engine will start and the advanced climate control system will begin heating or cooling, making sure the QX60 is exactly how you prefer it every time you get in.

**INTERIOR AMBIENT LIGHTING** The warm and engaging glow welcomes you as you get settled. It adds ambiance to the interior and enhances the interior's modern appeal.

## PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula 1™ racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to three Formula 1™ Constructors' World Championships in a row. Our synergistic relationship is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles. This exchange of both technology and ideas now includes the appointment of 3-time Formula 1™ Drivers' World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has already aided in the development of the all-new Infiniti Q50—harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the genius and unrivaled passion that defines his greatness.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti's flagship line has now grown to include sedans, coupes, convertibles and crossovers, all available in 49 countries worldwide. Infiniti has generated respect as the provocateur brand in the premium category, with a reputation for defying convention and creating irresistible and provocative automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
