JEEP, GLADIATOR HAS BEEN NAMED
**2020 NORTH AMERICAN
TRUCK OF THE YEAR™**

**SOUNDS
EPIC**

GLADIATOR MOJAVE IS THE FIRST JEEP VEHICLE TO BE DESERT RATED, DEVELOPED TO ENDURE STRENUOUS TESTING IN FIVE CATEGORIES:

RISE CONTROL AND STABILITY - Being in control is of the utmost importance, and a higher level of suspension travel is vital when driving on undulating desert terrain with varied density.

TRACTION - By efficiently transferring engine power to the ground, Mojave handles unpredictable surfaces like sand and loose dirt with consistent grip.

GROUND CLEARANCE - More clearance allows Mojave to crest dunes while minimizing underbody damage or hang-ups. Approach, breakover and departure angles are all maximized.

MANEUVERABILITY - Precise, responsive steering and an optimized wheelbase allow Mojave to swiftly navigate obstacles and climb extreme angles, loose gravel and intrusive dust that accompany unforgiving desert environments.

DESERT PROWESS - Tested to withstand the intense heat, coarse sand, loose gravel and intrusive dust that accompany unforgiving desert environments.
