

1

The Mazda B4000 4x4 SE Cab Plus 4-Door boasts a handsomely appointed cab with standard features that include: A leather-wrapped, tilt steering wheel. An AM/FM/CD stereo. Power windows, mirrors and door locks. Cruise control. Door-mounted map pockets. And more.

2

A striking chrome grille and bumpers, plus 15-inch alloy wheels, are special exterior features that quickly distinguish the Mazda B2300 SE-5 Regular Cab at speed or at rest. Inside, you'll also enjoy air conditioning, an AM/FM/CD stereo, cruise control and more.

3

A pair of versatile, space-efficient, foldaway rear jump seats are standard on both Mazda B-Series 4000 4x4 Cab Plus 4-Door models. Fold them up or down to gain more room for extra gear or passengers.

4

If you play as hard as you work, Mazda's B4000 4x4 SE Cab Plus 4-Door is the truck for you. Its powerful 4.0-liter V6 and ultraefficient electronically controlled 5-speed automatic let you tow up to 5600 lb.

A MORE PERSONALIZED APPROACH TO ACCESSORIES. One of the greatest joys that comes with owning a new Mazda B-Series Truck is being able to personalize its appearance and enhance its performance with Genuine Mazda Accessories. Better still, all Genuine Mazda Accessories installed by your Mazda dealer—prior to or at initial vehicle retail delivery—carry the same new-vehicle limited warranty as your new Mazda. See your dealer for details.

1

Compass and Outside-Temperature Auto-Dimming Mirror replaces the standard rearview mirror and automatically dims to reduce glare from the headlights of cars behind you. Its bright LED display shows compass and outside-temperature readings.

2

Folding Storage Box is lockable to provide secure storage for small items and tools. Its cover folds open, letting you utilize the full length of the cargo bed.

3

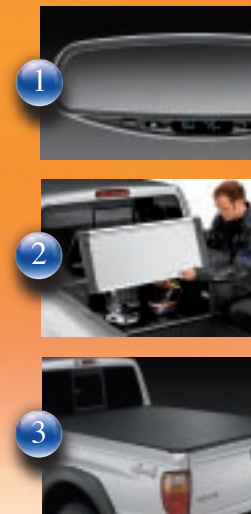

Soft Tonneau Cover gives the bed of your Mazda Truck a clean, finished look while keeping your cargo dry and hidden.

08 MAZDA B-SERIES TRUCK

GREAT CHOICES, VERSATILITY AND VALUE. THE ZOOM-ZOOM WAY.

For a truckload of compelling advantages, check out the Mazda B-Series Truck lineup for 2008. For starters, you get a choice of two rugged, fun-to-drive models: The potent, go-anywhere Mazda B4000 4x4. And the durable, economical Mazda B2300 4x2. The B4000 also offers the extra space, versatility and convenience of a Cab Plus 4-Door design. While the B2300 features a durable, practical, 2-door Regular Cab layout. Mazda's choice of powertrains is equally persuasive. The B4000 features a gutsy 4.0-liter V6 that pumps out 207 hp and 238 lb-ft of torque. The B2300 delivers a responsive, yet fuel-efficient, 2.3-liter engine that generates 143 hp and 154 lb-ft of torque. Choose the available SE-5 package, and your new Mazda B2300 provides even more value. With an AM/FM/CD stereo. Air conditioning. Cruise control. A tilt steering wheel. Full carpeting. Plus even more freedom to play as hard as you work.

THE FUN SHOULDN'T END JUST BECAUSE THE ROAD DOES.

If you have a sharp eye for fun—and value—Mazda's top-of-the-line B4000 4x4 SE Cab Plus 4-Door is impossible to ignore. On the inside, you're treated to a well-appointed cabin that doesn't skimp on space, comfort or versatility. And on the outside, the B4000 announces its arrival in striking style. With fog lights and front tow hooks. Stunning 16-inch alloys surrounded by hefty P255/70R16 all-terrain tires. Black wheel-arch moldings. A protective bedliner. A frame-mounted trailer receiver hitch. Even underbody skid plates for the transfer case and fuel tank. All standard. Now, add to that its eager-to-please 4.0-liter V6 mated to an ultraefficient 5-speed automatic, a limited-slip differential, the exhilaration of its off-road 4x4 capabilities, plus the grunt to tow up to 5600 lb and, well, you get the picture. For more exhilaration on any terrain, the Mazda B4000 allows you to keep all your options wide-open.

The B4000 4x4 Cab Plus 4-Door's responsive 4.0-liter SOHC V6 engine cranks out a generous 207 hp and 238 lb-ft of torque. Which means you'll have plenty of power for any purpose.

A dash-mounted control knob on both Mazda B4000 4x4 Cab Plus 4-Door models makes it quick and easy to shift on the fly into or out of 4x4 mode (up to 45 mph)—as the terrain requires.
