

1995
MERCURY
SABLE

WHY FOLLOW THE
LEADER WHEN YOU CAN
DRIVE IT?

Few cars have enjoyed the success of the Mercury Sable. Its design leadership has set standards for an entire generation of cars. Sable has established a reputation for exceptional value as well. And it's been at the forefront in safety technology, being

Sable LTS shown in Silver Frost Clearcoat Metallic. Some features may be optional.

the first car in its class to offer standard dual air bags and ABS brakes. Combined with the smooth power of its V-6 and the many amenities you expect in a Mercury, it is no wonder the Sable remains at the top of its class.

Sable LS shown in Electric Red Clearcoat Metallic.

THE SABLE
THAT'S READY,
WILLING AND ABLE.

The stunning Sable Wagon continues to elicit praise for its contemporary styling. No other car combines style and versatility as well as this wagon. Whether hauling groceries or taking the family to the cottage, the Sable Wagon performs above and beyond anything else on the road.

Sable LS Wagon shown in Deep Jewel Green Clearcoat Metallic. Some features may be optional.

STYLE
AND COMFORT
COME STANDARD.

You'll find Sable has a strikingly spacious interior. No doubt, you will soon get used to the accommodating seats and armrests, the generous headroom and easily manageable controls. So lean back and enjoy an interior designed to leave you feeling as comfortable as possible.

Interior shown in Mocha with leather seating surfaces. Some features may be optional.

A detailed photograph of the interior of a Lincoln Sable. The steering wheel is the central focus, featuring the Lincoln logo and 'SAB' branding. The dashboard and center console are visible, with various controls and buttons. The car's interior is finished in a light tan or beige color. The text 'DRIVING SABLE IS A MOST SATISFYING EXPERIENCE.' is overlaid on a dark rectangular box on the left side of the image.

DRIVING SABLE IS A MOST SATISFYING EXPERIENCE.

Sable was one of the earliest cars to stress ergonomics. Its multitude of refinements over the years have resulted in the evolution of an interior which not only lets you drive with ease but also helps keep you comfortably in control. Advanced technological features include speed control, anti-lock brakes (ABS), and speed-sensitive variable-assist power steering.

Interior shown in Mocha with leather seating surfaces. Some features may be optional.

MERCURY SABLE IS A REMARKABLE FEATURE STORY.

The Sable is famous for a multitude of functional features. And now it's earned even greater recognition as the midsize category winner of *Prevention* magazine's Safe Car Achievement Award. Sable was selected based on its proven safety record in on-road performance and actual government crash test results.

FUNCTIONAL FEATURES.

IMPROVED 3.0L V-6 ENGINE. Our engineers have made over 14 technological refinements to the V-6 engine to produce quieter, smoother performance.

EEC-IV. The Sable's engine computer continuously monitors every element of the engine and transmission system for reliable performance.

4-SPEED ELECTRONIC TRANSAXLE. A number of engineering refinements have been made to this advanced system for better wear and durability.

VARIABLE INTERMITTENT WIPERS. Another convenient touch to keep your attention on the road when weather conditions are unfavorable.

AUTOMATIC PARKING BRAKE RELEASE. The parking brake releases automatically while shifting out of park into forward gears.

FULL CENTER HORN SURFACE. No more frantic searches for the horn when you need it. The entire steering wheel surface operates the horn for safety and convenience.

SPEED-SENSITIVE VARIABLE-ASSIST POWER STEERING.

Delivers the appropriate amount of assistance when you need it. More in tight spots, like parking and slow turning, less on the open, faster road for better driver feel.

4-WHEEL INDEPENDENT SUSPENSION.

More technical infrastructure to assure you a sure-handling ride on all sorts of roads.

WAGON TAILGATE HATCH.

Once again, the Sable Wagon is at your service with its rear lift hatch that separates to lift just the window, or the entire liftgate, depending on your load and how you want to store it.

SPACIOUS TRUNK.

What good is a well-appointed sedan without a sizable trunk? It makes getting things there as easy as getting there yourself.

See specification pages for feature availability.

SAFETY & SECURITY FEATURES.

DUAL AIR BAG SUPPLEMENTAL RESTRAINT SYSTEM.

The Sable was the first in its class to offer dual air bags as standard equipment, and Sable owners continue to enjoy this safety advantage. Always wear your safety belt.

BRAKE/SHIFT INTERLOCK.

Prevents the car from shifting out of parking gear without the driver's foot on the brake.

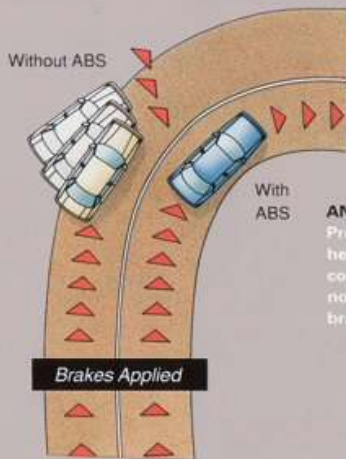

DOOR BEAMS. These steel reinforced beams reduce the likelihood of serious injury in the event of an unavoidable side impact.

CHILD-PROOF REAR DOOR LOCKS. Easily set by concerned parents, they are designed to prevent the little ones from opening doors when they're not supposed to.

WAGON REAR-WINDOW WIPER. Clearer vision for safe driving in varying weather conditions.

ANTI-LOCK BRAKES. Prevents brake lockup and helps maintain steering control on slippery roads, no matter how hard the brake pedal is pressed.

FRONT AND REAR CRUMPLE ZONES. The Sable is designed so that entire sections of the car absorb kinetic energy in a collision before it reaches the passenger compartment.

FRONT CORNERING LAMPS. Activate with the turn signal for improved visibility when maneuvering around corners at night.

5-MPH BUMPERS. Sable's front and rear bumpers have been subjected to a 5-mph impact test to help prevent expensive damage in minor accidents.

SABLE SPECIFICATIONS.

DIMENSIONS (IN INCHES)	SEDAN	WAGON
Wheelbase	106.0	106.0

SABLE LTS

LTS comes equipped with Package 461A, upgraded front seats and the following— • Leather sport bucket seats • 6-way dual power seats • LTS bodyside cladding • Leather-wrapped shift handle • Luxury pile carpeting • Unique cast aluminum wheels • Special LTS floor mats • Paint stripe delete

INTERIOR COLORS

Opal Grey¹ • Mocha¹ • Royal Blue • Evergreen

Option Availability: Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

EPA Statement: 1995 EPA mileage estimates were unavailable when this publication was printed. Ask your Mercury dealer for the latest information.

PRODUCT CHANGES

Following publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays, may have occurred which would not be included in these pages. Your Mercury dealer is your best source for up-to-date information. Lincoln-Mercury Division reserves the right to change product specifications at any time without incurring obligations.

COMMITMENTS THAT TRAVEL WITH YOU.

ROADSIDE ASSISTANCE
Every Mercury includes the security of an emergency Roadside Assistance Program during the 3-year/36,000-mile bumper-to-bumper warranty period. Help is a toll-free call away 24 hours a day, anywhere in the fifty United States should you need any towing assistance, fuel delivery, tire change, a jump-start or even help when you've locked yourself out of your car. Ask your Mercury dealer for complete details on the Roadside Assistance Program and a copy of the limited warranty.

THE LEASING ALTERNATIVE

More and more people are choosing a Red Carpet Lease from Ford Credit as an alternative to buying a new Mercury. That's because a Red Carpet Lease allows a qualified customer to drive a brand-new Mercury more often for a lot less than you'd think. Which means you can afford to drive what you really want to drive. When you fulfill your lease, you can return the car and lease another brand-new vehicle all over again. Ask for the benefits of a Red Carpet Lease at your Mercury dealer.

It is our goal to bring you something better: better interior room and comfort, better ride and handling, better styling and performance. In short, fully equipped, more satisfying vehicles,

**WHAT MAKES
A MERCURY
A MERCURY.**

from the small yet satisfying Tracer to the versatile Villager. Cars and minivans that please both drivers and passengers. And today, of course, that goal of being better encompasses everything from advances in safety and technology,

to complete satisfaction with every aspect of the care you receive from your Mercury dealer. All of which give you a better idea of our goal when we say: "Mercury. Better. Believe it."
