EMBRACE how good this looks. Push through the streets with modern aerodynamic lines and efficiency that impress inside and out. Pump some music through the spacious interior at the tap of your phone. Take a moment. Soak it all in – it's pretty awesome. Move forward with available advanced technologies that keep you up to date and on the right path. The 2016 Nissan Versa[®] Sedan. Revel in the **CHANGE.**

NISSAN EFFICIENCY

INNOVATION THAT GIVES YOU THE BEST OF BOTH WORLDS.

UP TO 40 Miles per gallon highway, so you can breeze past the pump with ease¹
MPG

4 Low rolling resistance tires that use less energy to move, so you use less fuel

.288 Drag coefficient, thanks to an exceptionally aerodynamic design²
CD

Wouldn't it be cool if you could get excellent fuel economy in a roomy, comfortable car that's lots of fun to drive? With Versa[®] Sedan, we got there by developing everything from exterior aerodynamics that whisper through the wind to an advanced 1.6-liter 4-cylinder engine to a virtually gearless Xtronic CVT[®] transmission that maximizes efficiency and performance. It's all part of Nissan's commitment to more environmentally friendly transportation for everyone.

YOU CAN TAKE WITH YOU ANYWHERE.**

Nissan Versa® Sedan SL shown in Titanium with optional equipment.

A little bit of planning goes a long way. When designing Versa® Sedan's interior, we pushed the wheels to the corners, allowing the suspension to move out and away from the cabin. The result? Plenty of leg room. Carpool or road trip, looks like Versa® is a star.

NissanConnect^{SM1}

YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnectSM with Mobile Apps,¹ your Versa[®] Sedan can become your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook[®], and more can come along for the ride, working seamlessly together through your smartphone and Versa[®] Sedan's 5.8" color touch-screen.^{1,2} And it keeps on getting better: the basic app package is included for the first three years.¹

¹Driving is serious business. Only use features when safe to do so. App availability is dependent upon vehicle model, trim level, packaging, and/or options. See NissanUSA.com/connect for complete app availability details. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Compatible smartphone required. Cellular network and GPS signals not available in all areas and/or at all times. Cellular technology is evolving, and changes to cellular networks provided by independent companies are not within Nissan's control. Nissan is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks). Should cellular provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan and its agents or affiliates. Subscription Agreement required and terms and conditions of Subscription Agreement apply. See NissanUSA.com/connect for details. Thirty-six (36) month trial period begins on your date of vehicle purchase or lease of a new Nissan; subsequently a paid subscription is required (excluding Pandora, if Pandora app via NissanConnect is equipped on vehicle) at the then current rate to continue to receive services. Text rates and/or data usage may apply. ²Availability of specific features is dependent upon the phone's Bluetooth support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. See NissanUSA.com/bluetooth for details. ³Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ⁴Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Standard text rates and/or data usage may apply. ⁵Driving is serious business and requires your full attention. OF TRUNK SPACE¹**

Life is easier when you can bring everything you need. Versa[®] Sedan's oversized trunk means there's no need to compromise. Jam session after work? No problem. Load your kit in and help keep it safe and out of sight. Inside, versatile storage options help get things organized with places for all of your essentials – even those lucky drumsticks!¹

Split Fold-down Seats. An available 60/40 split fold-down rear seat gives you real flexibility carrying people and cargo. The huge pass-through means tall and wide items are always welcome along for the ride.^{1, 2}

Clever Storage. Keep the things you need close at hand yet out of sight with Versa[®] Sedan's spacious glove compartment. There are also convenient places designed especially for your phone and MP3 player.¹

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies help monitor conditions. Like an available rearview camera that helps you see something directly behind you, or a system that helps ensure you're travelling on properly inflated tires.

Tire Pressure Monitoring System with Available Easy-Fill Tire Alert^{1,2}

Lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you've reached the correct pressure.

Available RearView Monitor³

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.⁴

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.⁵

PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

6 STANDARD AIR BAGS⁶

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat belt and occupant-classification sensors⁶

Front seat-mounted side-impact supplemental air bags⁶

Roof-mounted curtain side-impact supplemental air bags⁶

LATCH System (Lower Anchors and Tethers for CHildren)

snug-kids. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids

¹TPMS is not a substitute for regular tire pressure checks. ²Vehicle must be on for the Easy-Fill Tire Alert to operate. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ⁵Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. ⁶Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.

BUYING/OWNING

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus® For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus® This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Thumbs Off Your Phone While Driving!

Every year, too many people die because we can't put our phones down while driving. That's why Nissan is supporting the Red Thumb Movement as part of our ongoing commitment to help reduce fatalities on the road. So paint your thumbnail red as a reminder not to pick up your phone when you're behind the wheel. Find out more at NissanUSA.com/redthumb
