

# 2018 Prius

# Led the revolution. Still a brilliant solution. The 2018 Toyota Prius.

Since launching, the Toyota Prius has led by example on a global scale. Prius is everyone's hybrid — a shining symbol of ingenuity, universality and, most of all, fun. This iconic ride has always stood for something important, and the 2018 Prius is no different. Prius owners everywhere can continue going more places in style and comfort while still thinking environmentally. Enjoy peace of mind with the standard suite of Toyota Safety Sense™ P (TSS-P)<sup>29</sup> features, including Lane Departure Alert with Steering Assist (LDA w/SA).<sup>32</sup> Stay focused on the road ahead and tuned in to the apps you need with an impressive, available 11.6-in. HD multimedia display, complete with familiar pinch, zoom and tap capabilities. The instantly recognizable aerodynamic design of Prius goes beyond sleek styling to offer you an exhilarating, reliable and efficient drive. It's got nearly two decades of excellence in its rearview mirror; you can expect to have your expectations exceeded when you go places in a 2018 Toyota Prius.

Four Touring shown in Hypersonic Red<sup>47</sup> with available Premium Convenience Package.

See numbered footnotes in Disclosures section.

—  
“With its breathtaking style,  
Prius fits in wherever it goes.”  
—

# The road ahead is full of twists and turns. Let the fun begin.

---

Find more excitement around every corner. Prius is engineered to give you a comfortable and exhilarating ride. Its double-wishbone style multi-link rear suspension helps soak up the bumps and keeps Prius feeling sure-footed. A lower center of gravity and increased body rigidity help make this our most agile Prius yet. And with sporty touches like a rear spoiler, this hybrid is never afraid to show off its athletic side. So when you find your favorite winding road, you'll always be ready to go.

## LED TAILLIGHTS

Turn heads whether you're coming or going. LED taillights are more efficient, shine bright and help complete the stylish look.

## 17-IN. ALLOY WHEELS

Let's make a statement with every journey. Available 17-in. alloy wheels add the right amount of attitude and ensure that this hybrid grabs attention wherever it goes.

## LED LIGHTING

Prius features Bi-LED elements in the headlights, available integrated fog lights and accent lights, making front-end lighting that is as dramatic as it is efficient.

DESIGNED TO PERFORM

**Four Touring** shown in Blue Crush Metallic with available Premium Convenience Package.

# With tech this smart, you're ready to take on the city.

---

Standard on Prius Four and Four Touring is Toyota's impressive 11.6-in. HD multimedia display. Intuitive pinch, zoom, tap and swipe gestures create a familiar tablet-like experience, giving you easy access to the features that matter most. Access your favorite music via the Entune® App Suite,<sup>11</sup> adjust the Smart Flow Climate Control, or find your way with the navigation system — whatever you want to do, you've got the power to do it all. The available illuminated entry welcomes you each time you get inside. And with the standard Smart Key System,<sup>17</sup> you can easily lock and unlock the driver's-side door by touching the door handle and start Prius with just the push of a button.

## QI-COMPATIBLE WIRELESS CHARGING<sup>19</sup>

No wires. Total convenience. With available Qi-compatible wireless smartphone charging, simply place your Qi-compatible smartphone or other compatible device on the nonslip surface to charge it up wirelessly.

## BLUETOOTH<sup>®8</sup> WIRELESS TECHNOLOGY

*Bluetooth*<sup>®</sup> connectivity lets you make hands-free phone calls and wirelessly stream music from your compatible phone or compatible MP3 player.<sup>7</sup>

## COLOR HEAD-UP DISPLAY (HUD)

The available color Head-Up Display uses aircraft-inspired technology to project important information right on the windshield. This full-color display can show your speed, Hybrid System Indicator info and give turn-by-turn directions.

Four Touring interior shown in Black SofTex® trim with available Premium Convenience Package.

# Get more of what you want, inside and out.

The futuristic cabin of Prius has been optimized to give everyone room to relax. The front seats are designed to provide plenty of comfort on those long drives. Its cockpit-inspired dash is easy to use and packed with functional tech, keeping you in command of all the fun. And with an available 8-way power-adjustable driver's seat, finding that perfect driving position has never been easier.

## INTELLIGENT CLEARANCE SONAR (ICS)<sup>35</sup>

When parking, this available system scans for stationary objects, like walls or posts. Should the system anticipate a collision, it will emit an audible and visible alert, reduce engine or motor output, and automatically apply the brakes if needed. And with advanced side-collision detection, Prius can help you get in and out of parking spots with plenty of room to spare.

## INTELLIGENT PARKING ASSIST (IPA)<sup>36</sup>

When you find an open parking spot, activate available Intelligent Parking Assist to help make parking a breeze. The system will automatically control the steering and help guide you in.

## INTEGRATED BACKUP CAMERA<sup>2</sup>

When you're in Reverse, the standard backup camera helps by giving you a view of what's happening in the rear. This feature is helpful when you're parking in a tight spot or backing up.

CONVENIENT TECHNOLOGY

Four Touring interior shown in Moonstone SofTex® trim with available Premium Convenience Package.

# An inviting space designed around you.

Step into ultimate comfort and style. The smartly designed interior of Prius gives you and your friends plenty of room to stretch out. Its center console has been shaped to give everyone more room up front, and intelligent seat design makes the rear seats a relaxing place to hang out too. And with plenty of cargo space, you'll never have to leave those gotta-have items behind. So no matter what your day may bring, Prius is ready to help you handle it all.

## VERSATILE INTERIOR SEATS

With up to 27.4 cu. ft. of cargo space behind the rear seats,<sup>44</sup> Prius lets you bring more of your favorite things along for the ride. Need to carry more stuff? No problem. Fold the 60/40 rear seats down for up to 65.5 cu. ft. of total cargo space.<sup>44</sup>

## SMART-FLOW CLIMATE CONTROL SYSTEM

Not too hot, not too cold. The smart-flow climate control system helps keep the cabin feeling just right. It's an intelligent system too. When you're driving by yourself, you can choose to heat or cool just the front passenger area, helping increase the overall efficiency of Prius.

## HEATED FRONT SEATS

Settle in and enjoy some personalized comfort. Prius is available with SofTex®-trimmed heated front seats, so when the weather gets chilly, the simple press of a button brings added warmth.

INTERIOR CONVENIENCE

**Four Touring** shown in Hypersonic Red<sup>47</sup> with available Premium Convenience Package.

See numbered footnotes in Disclosures section.

# Athletic style. Optimal efficiency.

This beauty is more than skin deep – the striking look of Prius helps it easily slip through the wind. Its sleek lines, aero stabilizing fins and underbody panels all work together to help reduce wind resistance. Up front, the active grille shutter automatically opens and closes to help optimize airflow and reduce engine warm-up time. And with its ultra-low coefficient of drag, Prius helps you get more mpg from every drive.

## ESTIMATED 58 MPG<sup>46</sup>

The 2018 Prius is one of our most efficient yet, with high-density batteries, light hybrid system components and an advanced gasoline engine. All these systems work together to help you go farther with less fuel. Our Prius Two Eco grade takes this efficiency even further with up to an EPA-estimated 58 mpg city.

## DRIVE MODES

Prius has different modes for different types of driving. ECO Mode helps maximize fuel economy. EV Mode<sup>16</sup> drives solely on battery power for up to one-half mile under certain conditions. And POWER Mode increases throttle response for additional get-up-and-go.

## DUAL MULTI-INFORMATION DISPLAY (MID)

The 4.2-in. color dual Multi-Information Display screens are customizable, so you can keep an eye on the information that matters most to you. A quick glance can show you real-time driving data, tips to help you improve your ECO savings, and more.

HYBRID EFFICIENCY

Two Eco shown in Blue Crush Metallic.

# Features designed for your safety.

The road can be unpredictable. That's why Prius is equipped with eight standard airbags,<sup>24</sup> and integrated features like the Star Safety System™ and standard Toyota Safety Sense™ P (TSS-P).<sup>29</sup> This package of safety features combines Pre-Collision System<sup>30</sup> with Pedestrian Detection<sup>31</sup> (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA),<sup>32</sup> Automatic High Beams (AHB)<sup>33</sup> and Dynamic Radar Cruise Control (DRCC)<sup>34</sup> to assist you. TSS-P's comprehensive features create in-the-moment safety designed to help support your awareness and decision-making on the road.

## LANE DEPARTURE ALERT WITH STEERING ASSIST (LDA w/SA)<sup>32</sup>

Under certain circumstances, Lane Departure Alert (LDA) is designed to detect lane departure on roads with clear markings. LDA only activates when you're traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, you should safely direct your vehicle back to the center of your lane. In addition, when it senses that you're unintentionally drifting, the system may automatically make small corrective steering inputs to help keep your vehicle in its lane.

## AUTOMATIC HIGH BEAMS (AHB)<sup>33</sup>

Automatic High Beams (AHB) are a safety system designed to help you see more clearly at night. Designed to activate at speeds above 25 mph, AHB rely on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggle between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow earlier detection of pedestrians and obstacles.

## PRE-COLLISION SYSTEM<sup>30</sup> WITH PEDESTRIAN DETECTION<sup>31</sup> (PCS w/PD)

Using an in-vehicle camera and radar to help detect a vehicle or a pedestrian in front of you, the Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help you mitigate or avoid a potential collision. If the system determines that a frontal collision is likely, it prompts you to take action using audio and visual alerts. If you notice the potential collision and apply the brakes, PCS w/PD may apply additional force using Brake Assist (BA).<sup>22</sup> If you don't brake in time, it may automatically apply the brakes to reduce your speed, helping to minimize the likelihood of a frontal collision or reduce its severity.

## DYNAMIC RADAR CRUISE CONTROL (DRCC)<sup>34</sup>

Standard Full-Speed Range Dynamic Radar Cruise Control takes cruising to the next level. Using forward-sensing radar technology and an intelligent camera, the system is designed to detect the distance of the vehicle traveling directly ahead of you and adjust your speed accordingly, down to a complete stop. It works in light traffic as well, helping you maintain a preset following distance — slowing when the preset distance shortens, then accelerating back to your original cruising speed when the road clears.

Left to right: **Four** shown in Blue Crush Metallic with available Advanced Technology Package; **Four Touring** shown in Hypersonic Red<sup>47</sup> with available Premium Convenience Package. See numbered footnotes in Disclosures section.

# Peace of mind for the journey ahead.

Let's help make every road trip a safe one. Every new Prius comes standard with the Star Safety System,<sup>™</sup> our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC),<sup>21</sup> Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)<sup>22</sup> and Smart Stop Technology<sup>®</sup> (SST).<sup>23</sup> And with eight standard airbags,<sup>24</sup> plus technologies like available Safety Connect,<sup>27</sup> you can rest assured that Prius has got your back.

## RAIN-SENSING WINDSHIELD WIPERS

Don't let foul weather put a damper on your drive. The available rain-sensing variable intermittent windshield wipers on Prius automatically adjust their speed to match the amount of rain hitting the windshield and the speed of the car. Just set the wipers to "auto," and Prius does the rest.

## BLIND SPOT MONITOR (BSM)<sup>37</sup>

If Prius detects a vehicle in its blind spot, the available Blind Spot Monitor system alerts you through an illuminated indicator on the appropriate outside mirror.

## REAR CROSS-TRAFFIC ALERT (RCTA)<sup>38</sup>

When you slowly back out of a driveway or parking spot, the available Rear Cross-Traffic Alert is designed to provide an audible indicator to help warn you of approaching vehicles.

# ONE

## Powertrain

- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 54 city/50 highway estimated mpg<sup>45</sup>

## Exterior Features

- Bi-LED projector low- and high-beam headlights with auto-off feature
- LED Daytime Running Lights (DRL) with on/off feature
- LED taillights and stop lights
- Active grille shutter
- Heated power outside mirrors with folding feature
- 15-in. 5-spoke alloy wheels with full wheel covers and P195/65R15 tires
- Washer-linked variable intermittent windshield wipers
- Color-keyed roof-mounted shark-fin antenna

## Interior Features

- Smart-flow climate control system with humidity sensor and pollen filtration mode
- Integrated backup camera<sup>2</sup>
- Entune™ Audio with 6.1-in. touch-screen display
- Center console with armrest and storage compartment, white accent on steering wheel and shifter
- 4.2-in. color dual Multi-Information Display (MID)
- Tilt/telescopic steering wheel with audio, climate, Multi-Information Display (MID) and *Bluetooth*<sup>®88</sup> hands-free phone controls
- 60/40 split fold-down rear seats with center armrest
- Fabric-trimmed front seats; 6-way adjustable driver's seat; 4-way adjustable front passenger seat
- Cruise control
- Power windows with auto up/down
- Smart Key System<sup>17</sup> on driver's door with Push Button Start
- Cargo area lightweight tonneau cover
- Two 12V auxiliary power outlets (one front, one rear)
- Tire repair kit

## Safety Features

- Eight airbags<sup>24</sup>
- Star Safety System™ — includes Enhanced Vehicle Stability Control (VSC)<sup>21</sup> Traction Control (TRAC), 4-wheel Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)<sup>22</sup> and Smart Stop Technology® (SST)<sup>23</sup>
- Toyota Safety Sense™ P (TSS-P)<sup>29</sup> — Pre-Collision System<sup>30</sup> with Pedestrian Detection<sup>31</sup> (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA)<sup>32</sup> Automatic High Beams (AHB)<sup>33</sup> and Full-Speed Dynamic Radar Cruise Control (DRCC)<sup>34</sup>

# TWO/TWO Eco

Adds to or replaces features offered on ONE

## Powertrain

- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 54 city/50 highway estimated mpg<sup>45</sup> (Prius Two only)
- 58 city/53 highway estimated mpg<sup>46</sup> (Prius Two Eco only)

## Exterior Features

- Bi-LED projector low- and high-beam headlights with auto on/off feature (Prius Two Eco only)
- 15-in. 5-spoke alloy wheels with two-tone wheel covers and P195/65R15 tires (Prius Two Eco only)
- Intermittent rear window wiper (Prius Two only)

## Interior Features

- Smart Key System<sup>17</sup> on remote illuminated entry (Prius Two Eco only)
- Fabric-trimmed front seats with seatback pockets; 6-way adjustable driver's seat; 4-way adjustable front passenger seat
- Cargo area lightweight tonneau cover (Prius Two only)
- Temporary spare tire (Prius Two only)
- Tire repair kit (Prius Two Eco only)

## Options

- Appearance Package (Prius Two only)
  - Piano-black side-skirt rocker panels
  - Two-tone (black and gunmetal) front and rear bumpers

# THREE

Adds to or replaces features offered on TWO

## Powertrain

- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 54 city/50 highway estimated mpg<sup>45</sup>

## Exterior Features

- Bi-LED projector low- and high-beam headlights with auto on/off feature

## Interior Features

- Entune™ Premium Audio with Integrated Navigation<sup>10</sup> and App Suite<sup>11</sup> with 7-in. high-resolution touch-screen and split-screen display
- Smart Key System<sup>17</sup> on three doors with Push Button Start and remote illuminated entry
- SofTex<sup>®</sup>-trimmed tilt/telescopic steering wheel with audio, climate, Multi-Information Display (MID) and *Bluetooth*<sup>®88</sup> hands-free phone controls
- Qi-compatible wireless smartphone charging<sup>19</sup> with charge indicator light
- Temporary spare tire

## Options

- Advanced Technology Package
  - Color Head-Up Display (HUD) with speedometer, navigation and Hybrid System Indicator
  - Power tilt/slide moonroof with sliding sunshade
- Appearance Package
  - Piano-black side-skirt rocker panels
  - Two-tone (black and gunmetal) front and rear bumpers

## THREE Touring

Adds to or replaces features offered on THREE

### Powertrain

- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 54 city/50 highway estimated mpg<sup>45</sup>

### Exterior Features

- Integrated fog lights and LED accent lights
- LED clearance lights
- 17-in. 5-spoke alloy wheels with P215/45R17 tires
- Unique rear bumper treatment

### Interior Features

- SofTex®-trimmed front seats with seatback pockets and 6-way adjustable driver's seat; 4-way adjustable front passenger seat

### Options

- Appearance Package
  - Piano-black side-skirt rocker panels
  - 17-in. 5-spoke alloy wheels with gunmetal wheel inserts and P215/45R17 tires
  - Two-tone (black and gunmetal) front and rear bumpers

**WARRANTIES**

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable *Warranty and Maintenance Guide* for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit [www.toyota.com](http://www.toyota.com), refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

For Toyota Mobility program details, go to [www.toyota.com/mobility](http://www.toyota.com/mobility) or call the Toyota Customer Assistance Center at 1-800-331-4331

## CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

## DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See *Owner's Manual* for additional limitations and details. 3. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone/carrier. Functionality depends on many factors. Services subject to change. For enrollment and more details, see [toyota.com/entune](http://toyota.com/entune). 4. May not be compatible with all mobile phones, MP3/WMA players and like models. 5. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 6. Advanced voice recognition capabilities vary by head unit. 7. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See [toyota.com/entune](http://toyota.com/entune) for details. 8. The *Bluetooth*® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible *Bluetooth*®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 9. Always drive safely, obey traffic laws and focus on the road while driving. Siri® is available on select iPhone®/iPad® models and requires Internet access. Siri® is not available in all languages or all areas and features vary by area. Some Siri® functionality and commands are not accessible in the vehicle. Data charges may apply. See [apple.com](http://apple.com) and phone carrier for details. Siri® is a registered trademark of Apple Inc. 10. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See *Owner's Manual* for details. 11. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See [toyota.com/entune](http://toyota.com/entune) for details. 12. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio,™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 13. SiriusXM audio services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [www.siriusxm.com](http://www.siriusxm.com). All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers. ©2017 Sirius XM Radio Inc. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. 14. Trial length and service availability may vary by model, model year or trim. 15. PANDORA,® the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 16. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in EV Mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. EV Mode works under certain conditions at low speeds for up to a mile. See *Owner's Manual* for details. 17. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 18. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 19. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 20. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. 21. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. 22. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See *Owner's Manual* for additional limitations and details. 23. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See *Owner's Manual* for details. 24. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See *Owner's Manual* for additional limitations and details. 25. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See *Owner's Manual* for details. 26. This device is not a substitute for safe driving practices. It is the driver's responsibility to maintain a lookout for pedestrians, cyclists, other cars and objects and to drive the vehicle in a safe and prudent manner to avoid making contact. 27. Contact with the response center may not be available in all areas. Service Agreement required. A variety of subscription terms available; charges will vary. See [toyota.com](http://toyota.com) for details. 28. Roadside Assistance coverage is 2 years unlimited mileage. See Toyota Dealer for details and exclusions. Valid only in the Continental U.S. and Alaska. 29. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 30. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 31. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See *Owner's Manual* for additional limitations and details. 32. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert, and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See *Owner's Manual* for additional limitations and details. 33. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See *Owner's Manual* for additional limitations and details. 34. Full-Speed Range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See *Owner's Manual* for additional limitations and details. 35. Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. 36. The Intelligent Parking Assist system requires driver brake control. Always look around outside the vehicle and use mirrors to confirm clearance. See *Owner's Manual* for additional limitations and details. 37. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See *Owner's Manual* for additional limitations and details. 38. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See *Owner's Manual* for additional limitations and details. 39. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See *Owner's Manual* for additional limitations and details. 40. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help, or you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting [www.aloa.org](http://www.aloa.org). 41. Meets Tier 2/Bin 3 Federal emissions standard. 42. AT-PZEV rated by the California Air Resources Board. Meets Tier 2/Bin 3 Federal emissions standard. For more information please visit [www.arb.ca.gov](http://www.arb.ca.gov). 43. Hybrid vehicle battery expected life is 150,000 miles based on laboratory bench testing. 44. Cargo and load capacity limited by weight and distribution. 45. 2017 EPA-estimated city/highway/combined mileage. Actual mileage will vary. 46. 2017 Prius Two Eco EPA 58 city/53 hwy/56 combined mpg estimates. Actual mileage will vary. 47. Extra-cost color. 48. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.
