Why wait a second longer?

THE VOLVO FOR PEOPLE WHO ARE PASSIONATE ABOUT DRIVING IS BEFORE YOU. CAST YOUR EYES OVER THE STREAMLINE FORM, SEE HOW ITS LINES PLAY WITH THE LIGHT. THIS IS BECAUSE IT'S REALLY A SPORTS CAR WITH A SEDAN INSIDE. SO WHATEVER YOUR MISSION IN LIFE ENTAILS, THERE'S NO NEED TO SACRIFICE STYLE AND PERFORMANCE. THE VOLVO S60 INVITES YOU TO GET BEHIND THE WHEEL AND MAKE A STORY OF YOUR OWN.

The Volvo S60. Now with improved chassis and steering, and enhanced design throughout.

The driving force is ripe.

**Volvo S60 2.5T (208 hp)****Volvo S60 2.5T AWD (208 hp)**

Employing a light-pressure turbo-charger this engine provides a lively response at any speed. It delivers 236 ft./lbs. of torque from just 1500 rpm.

Volvo S60 T5 (257 hp)

The leader of pack, this 2.4-liter engine has plenty of punch throughout the range of rpm. Full torque (258 ft./lbs.) is available at just 2100 rpm, taking the car from 0 to 60 mph in 6.2 seconds (manual).

All-Wheel Drive with Instant Traction™

Providing instant take-off and superior grip, the electronically controlled all-wheel drive system employs Instant Traction technology. Constant hydraulic pressure ensuring that power is instantly distributed among the wheels with the best grip. Wheel spin is minimized while acceleration and stability are enhanced, not only in slippery conditions. When cruising on straight dry roads, the front wheels receive up to 95% of the power for efficiency. As conditions change, up to 50% of the power can be directed to the rear wheels. And when cornering, the system channels power back and forth to provide sharp turning and greater stability throughout the curve.

Transmissions

The Geartronic is a pleasure in any situation. Leave it in automatic mode for carefree driving, or nudge it into manual mode to shift gears yourself. Additionally, the special winter setting makes it easier to move off and maintain grip on slippery surfaces. Or, if you prefer a more hands-on approach, there's the smooth and distinct, all-synchromesh manual. For either transmission types, the sixth gear enhances smoothness and fuel efficiency in highway situations.

THE T5 ENGINE IS ONE OF THREE ALTERNATIVES. IT PROPELS THE VOLVO S60 TO 60 MPH IN JUST 6.2 SECONDS. FASTER STILL IS THE R MODEL. SO YOU'RE ALWAYS EMPOWERED TO DEAL WITH A TRICKY SITUATION. WHICHEVER ENGINE YOU CHOOSE, DRIVETRAIN AND CHASSIS PERFORM AS ONE. ACCELERATION IS NEVER DELAYED. LIVELINESS IS ASSURED BY IMMEDIATE RESPONSE THROUGHOUT THE ENTIRE RANGE OF RPM. MODEST FUEL CONSUMPTION IS THE PRODUCT OF LOW INTERNAL FRICTION, LIGHTWEIGHT MATERIALS AND ADVANCED ENGINE MANAGEMENT. AND OF COURSE, ENVIRONMENTAL DEMANDS ARE MET—OFTEN WITH ROOM TO SPARE.

A new picture
takes shape.

WHEN YOU GET INTO THE DRIVER'S SEAT, THE VOLVO S60 PUTS THE ROAD AHEAD INTO ITS PROPER PERSPECTIVE. THE HIGHLY ADJUSTABLE SEAT AND STEERING COLUMN HELP CREATE THE PERFECT ERGONOMICS. INSTRUMENTATION IS CLEARLY PRESENTED, CONTROLS ARE INTUITIVE AND WITHIN EASY REACH. IF IT STARTS RAINING, SENSORS WILL TAKE CARE OF THE WIPERS AND WHEN IT GETS DARK, THE AUTO-DIM REAR VIEW MIRROR AUTOMATICALLY ADJUSTS.

Mission control

The neat array of buttons and controls, all within easy reach, give you full access to settings for the cabin climate and the audio system. The ease of steering wheel-mounted buttons keep you in charge so that you can concentrate on what you enjoy most—driving

On track

Relax and let the integrated navigation system keep you on course. Wherever you're heading, the optional Volvo Navigation System (VNS) will save time and fuel—doing the environment a favor. Voice guidance leads you to your destination while letting you keep your eyes on the road.

Air control

The climate system maintains the temperature and quality of cabin air, keeping the driver alert and the passengers comfortable. Electronic Climate Control (ECC) maintains chosen temperatures for either side of the cabin. The optional Interior Air Quality System (IAQS) monitors and filters incoming air, and when necessary, it will temporarily close the external air vents.

Although the Volvo S60 is a true driver's car, all passengers will appreciate amenities like the sculpted seats and generous legroom, cup holders within easy reach, and a conveniently located jacket hanger. Additional comforts include separate adjustable air vents for the rear seats. The power driver's seat offers a memory function so that three different drivers can move the seat to the "right" position at the touch of a button.

If you like what you see,
wait until you hear this.

DOLBY® PRO LOGIC® II SURROUND SOUND* DELIVERS AN EQUALLY AUTHENTIC EXPERIENCE TO EACH AND EVERY OCCUPANT. THIS IS A NOVEL TECHNOLOGY ORCHESTRATED THROUGH THE CENTER SPEAKER IN THE OPTIONAL PREMIUM SOUND SYSTEM. SINCE THEY'RE CONFIGURED SPECIFICALLY FOR THE VOLVO S60 INTERIOR, SOUND QUALITY IS EXTRAORDINARY.

Performance (standard)

A console integrated radio and CD player—it sounds good and it's easy to use. Performance includes:

- HU-650 radio with built-in 4x25-watts amplifier
- CD player
- 4 speakers

Options: 20 Gb digital jukebox, 10-CD changer, CD storage in the glove compartment, iPod*** adapter (not in combination with 10-CD changer or digital jukebox).

Premium Sound (optional)

The supreme sound system for the most discerning music lover. The power durability and exceptional transient reproduction of the speakers, combined with the amplifier's high capacity, result in a truly exquisite and dynamic sound. Dolby Pro Logic II surround sound offers an authentic listening experience wherever you are seated. Premium Sound includes:

- HU-850 radio with built-in 6-CD changer
- 4x75-watts Premium Sound amplifier plus 25 watts for the center speaker
- Dolby Pro Logic II surround sound
- 13 Premium Sound speakers

Options: 20 Gb digital jukebox, 10-CD changer, CD storage in the glove compartment and iPod adapter (not in combination with 10-CD changer or digital jukebox).

Volvo adapter for Apple iPod®

This feature lets you take all of your favorite artists along for the ride. Simply plug your iPod® into a cable in the front center armrest and the choice of music is yours. Tracks can be selected by using the controls on the car's audio system, or by using the optional steering wheel keypad. Your iPod® is also recharged for as long as it's plugged in. (Retailer installed accessory.)

Sirius satellite radio

Satellite radio is now available for your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

Dolby Surround Pro Logic II**

The latest generation Dolby® Surround system, with center speaker and digital sound processor, recreates authentic sound and ensures that everyone in the car hears the music with the same natural quality. The result is a clear open sound with a strong sense of presence, only available in a Volvo. (Part of the optional Premium Sound System.)

* Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.
 ** iPod is a trademark of Apple Computer, Inc.

R is a concept based on superlative performance. Its three main elements are ride, power and comfort. What's special is the way it puts them at your disposal. With a high degree of refinement, the engine boasts 295 ft./lbs. of torque and the suspension system allows you to choose your preferred style of handling. Because ultimately, a Volvo R model is all about the drive.

The Volvo S60 R in black and white.

POWER

Max power output: 300 hp at 5500 rpm

Max torque: 295 ft./lbs. at 1950-5250 rpm

Acceleration 0-60 mph, man/auto: 5.4/6.4 sec

Top speed: 155 mph (electronically governed)

Fuel consumption, mpg, highway/city, man: 24/18

Fuel consumption, mpg, highway/city, auto: 25/18

Environmental classification: ULEV

Engine detail

Five-cylinder, 2.5-liter, turbocharged engine with Continuously Variable intake and exhaust Valve Timing (dual CVVT). Double overhead camshafts, 20 valves. Dual-charge air coolers (Intercoolers). Three-way catalytic converter with a heated oxygen sensor. Dual fuel pumps, a two-section fuel tank and a racing type oil pan. Furthermore, the engine is designed to handle the G-forces that build up with extreme acceleration.

DRIVELINE

Pre-charged electronically controlled, All-Wheel Drive system (AWD) with Instant Traction™. This technology employs constant hydraulic pressure to channel power to the wheels with the best road grip, so wheel spin is minimized, acceleration is immediate and the car is exceptionally reassuring in slippery conditions. Six-speed manual close-ratio transmission (sport shifter gear lever, aluminum with leather-clad gear knob). Also available with a six-speed Geartronic automatic allowing manual shifting (leather-clad gear knob).

CHASSIS

Four-C (Continuously Controlled Chassis Concept) semi-active chassis. Front suspension with spring struts. Multi-link independent rear suspension with aluminum subframe. Dynamic Stability and Traction Control (DSTC) anti-skid system that can be partially or fully disengaged.

Four-C detail

The Four-C system analyses the car's body movement, speed, wheel movement, steering wheel position and other parameters 500 times per second. Simultaneously, it adjusts each shock absorber for optimal handling and comfort. At the heart of the system is Volvo's semi-active suspension with continuously controlled Monroe-Öhlins shock absorbers and three dynamic chassis modes to choose from: Comfort—for flexible damping, Sport—for precise movement and ride comfort, and Advanced—for uncompromised road holding and surface feedback. The shock absorbers, AWD system, DSTC system, engine, brakes and steering all synthesize into one electronically controlled system.

BRAKES

Power-assisted ABS brakes, ventilated 13"/13" discs front and ventilated 13"/1.1" discs rear. Brembo four-piston aluminum calipers. Featuring Emergency Brake Assistance (EBA) and Electronic Brake Distribution (EBD) between front and rear brakes. Stopping distance at 60 mph: 118 ft.

STEERING

ZF Servotronic speed-dependent power-assisted rack and pinion steering. Tilt and telescopic steering wheel column. 2.5 turns lock to lock. Turning circle 42.7 ft. Communicative yet firm, the steering system provides progressively less power assistance the faster you drive, bringing high steering precision and balanced road feedback.

DESIGN

R-specific design elements are mostly performance related. Cases in point are the enlarged air duct, the deeper front spoiler, the rear spoiler and the aluminum wheels that help cool the brakes. Similarly, inside the car, the top of the dash is black leather to reduce reflections inside the cabin and, like the steering wheel, its stitching is in blue for contrast. Instrumentation is highlighted with aluminum, as are the invigorating lines of the cabin. R-design seating boasts deep sculpted and supportive sides. Choose between Nordkap soft leather in Blue metallic, Gobi soft leather in Beige metallic, or Atacama natural hide upholstery.

Wheels

Pegasus 8x17" 5-spoke aluminum wheels, Pirelli P-Zero Rosso 235/45-17" tires. Also available with Pegasus 8x18" 5-spoke aluminum wheels, Pirelli P-Zero Rosso 235/40-18" tires.

Headlights

Bi-Xenon headlights, matte silver bezels. Projector-type front fog lights.

Drag coefficient

Cd 0.29

For a moment,
it's a balancing act.

Continuously Controlled Chassis Concept (Four-C)*

The Four-C active chassis provides a choice of two modes—Comfort and Sport. Whichever you choose, the system monitors the car, road and driver 500 times per second, simultaneously adjusting each shock absorber to maintain optimal handling. At the heart of the system is Volvo's semi-active suspension with continuously controlled Monroe-Öhlins shock absorbers. Furthermore, Four-C interacts with the DSTC system, engine, brakes and steering to promote your chosen handling style.

*Optional on T5

WHETHER YOU'RE PULLING AWAY ON ICE OR TURNING ON A SLIPPERY PATCH OF COBBLES, THE REFINED CHASSIS GIVES THE VOLVO S60 A FIRM STANCE AND AN EXCEPTIONAL HOLD. MULTI-LINK REAR SUSPENSION COUNTERACTS ANY TENDENCY TO UNDER-STEER, WHILE MCPHERSON FRONT SUSPENSION STRUTS PROMOTE QUICK AND CRISP RESPONSE TO SUDDEN TURNING AND BRAKING. OVER AND ABOVE THIS, DYNAMIC STABILITY AND TRACTION CONTROL ENSURES THAT EACH WHEEL IS USED TO ITS GREATEST ADVANTAGE ON ALL SURFACES.

Dynamic Stability and Traction Control (DSTC)
Should a wheel begin to lose traction, DSTC automatically cuts its power until grip is regained. If necessary, it will also step in to help counteract a potential skid by applying brake to one or more wheels as needed. The DSTC spin control function can even be disengaged, providing better traction in certain conditions.

ABS brakes with Emergency Brake Assistance (EBA)
The anti-locking brakes are designed for optimal performance even during repetitive and intensive use. You can brake as hard as you like while you steer clear of trouble. EBA detects attempted emergency braking and, when necessary, provides added assistance to bring the car to standstill in the shortest possible distance.

Active Bi-Xenon Lights (ABL)*
Bi-Xenon technology provides twice the illumination of a conventional halogen headlight. Active Bi-Xenon Lights help you to see around bends at night. Controlled by microprocessors, the motorized lights turn up to 15° in either direction—faithfully lighting up your chosen path. A twilight sensor disengages the system during daylight to extend its lifespan, and a high-pressure washer cleans the lenses—half at a time for continuous performance.

*Optional

Our safety center—one place
it's not safe to drive a Volvo.

POSSIBLY THE MOST ADVANCED FACILITY OF ITS KIND, THE VOLVO CARS SAFETY CENTER IS WHERE WE CRASH TEST EVERY MODEL WE MAKE. BEYOND COUNTLESS COMPUTER SIMULATIONS, WE CONDUCT OVER 400 FULL-SCALE COLLISIONS EACH YEAR. THESE TESTS ARE BASED ON WHAT OUR RESEARCHERS DISCOVER ON THE ROAD—WE'VE INVESTIGATED OVER 35,000 REAL ACCIDENTS SINCE 1970. IN FACT, EVERYTHING WE DO TO MAKE CARS SAFER BEGINS WITH A REAL-LIFE TRAFFIC SITUATION.

Side Impact Protection System (SIPS)

SIPS is a Volvo unique safety system that has been developed to improve protection at the sides of the car where occupants are more directly exposed to crash forces from other vehicles. The steel framework of the car is designed and reinforced to help distribute crash forces over a wide area of the car body to reduce intrusion of the passenger compartment. Additionally, in the event of a collision, seat-mounted side airbags are activated to cushion the chest and hip area of outboard occupants.

Inflatable Curtain (IC)

Interacting with the SIPS airbags, IC inflates in a side impact to help protect the heads of outboard passengers. By staying inflated beyond initial impact, it helps to keep occupants' heads inside the vehicle in a prolonged collision situation. Both IC and SIPS airbags are inflated in less than three hundredths of a second.

Whiplash Protection System (WHIPS)

Helping to reduce the risk of long term whiplash injuries in rear impact collisions, WHIPS is another product of the Volvo Cars Safety Center and its real-life approach. A wire framework in the front seats helps prevent the occupant from being pressed back. The seat moves back to absorb energy, and upward and forward to embrace the back and neck. Finally it tips back to reduce any jolting of the head.

In a collision the protective instincts take over.

In a collision, pretensioned seat belts employ a dual-phase response—tensioning then slackening to help embrace occupants during and after a collision.

The front seat airbags initially inflate to a level determined by the force of impact. Then they deflate slightly to cushion the rebounding occupant.

Inflatable Curtains (IC) interact with the front seat side airbags and help protect occupants' heads in a side collision. They remain inflated for several seconds for extended collision performance.

The steering column collapses in several stages to enhance the performance of the driver's seat belt and airbag.

Generous deformation zones help to absorb frontal impact.

Steel struts help to distribute collision forces throughout the length of the vehicle.

Incorporated in the front seats, the Whiplash Protection System (WHIPS) cradles the spine and neck in a controlled manner during and directly after a rear-end collision of sufficient force.

The sturdy safety cage distributes and absorbs impact from all types of collisions—to help protect the passenger compartment.

The steel framework of the Side Impact Protection System (SIPS), together with hip and chest airbags, helps to withstand side impacts.

Security takes over.

Alarm

Connected to the doors, hood and tailgate, the alarm also reacts if a window is broken. And should you encounter an emergency situation on your way to or from the vehicle, the alarm can be activated from your hand-held remote control.

Remote-controlled central locking

A touch of a button and you lock or unlock the doors and trunk. You can also unlock the trunk separately. All doors can be automatically locked the moment you drive away. Alternatively, lock them immediately using the button on the driver's door.

Tire Pressure Monitoring System (TPMS)

The Tire Pressure Monitoring System uses electronic sensors at each wheel to keep constant watch over tire pressure. If this gets too low, TPMS provides an instant warning so you can choose when to do something about it. Then you're back on the open road.

Multifunction door mirrors

Embedded in the sides of the mirrors are indicators with a novel function. A nudge of the turn signal lever will automatically activate three flashes of the turn signal.

Approach and Home Safe Lighting

Activated with the remote control, Approach Lighting provides a warm reception on a dark night. This consists of interior and exterior lights, if you choose it. Home lighting is activated with the headlight lever as you leave the car, and provides a similar courtesy including low beam headlights to accompany you to your door.

STURDY DOOR LOCKS AND AN ELECTRONIC IMMOBILIZER MAKE STEALING THIS CAR DIFFICULT. THE REMOTE-CONTROLLED ALARM LIKEWISE. CONNECTED TO THE DOORS, HOOD AND TRUNK, THIS ALSO REACTS TO MOVEMENT INSIDE THE CAR OR THE BREAKING OF A WINDOW. ADD A LEVEL SENSOR AND THE ALARM WILL BE TRIGGERED IF THE CAR IS JACKED UP. THE VOLVO S60'S APPROACH AND HOME LIGHTING PROVIDE A SENSE OF SECURITY WHEN COMING AND GOING AT NIGHT. BUT IF AN EMERGENCY SHOULD OCCUR, THE PANIC BUTTON ON THE REMOTE CONTROL LETS YOU SOUND THE ALARM.

Environmental care.
Part of our commitment to
safety and your wellbeing.

To choose a Volvo model
on the basis of its overall
environmental performance,
see our Environmental Product
Information (EPI) guide at
www.volvocars.com/EPI

AT VOLVO, THE WELLBEING OF PEOPLE IS AT THE CORE OF EVERY DECISION WE MAKE. AND JUST LIKE SAFETY, WE BELIEVE THAT ENVIRONMENTAL CARE REQUIRES A HOLISTIC APPROACH FROM THE VERY START. THIS IS WHY VOLVOS ARE BUILT IN SOME OF THE CLEANEST AUTOMOTIVE PLANTS IN THE WORLD. HOPEFULLY, THIS APPROACH ALSO EXPLAINS WHY WE PAY SO MUCH ATTENTION TO YOUR IMMEDIATE ENVIRONMENT-INSIDE THE CAR.

Air quality control

A cabin filter prevents dust and pollen from entering the car through its ventilation system. For even cleaner air, there's the option of the Interior Air Quality System (IAQS). This continuously monitors incoming air for certain unhealthy gases such as carbon monoxide, ground-level ozone and nitrogen dioxide. If necessary, IAQS will temporarily close the external air vents. It also features an active carbon filter that removes various unpleasant odors and fumes from incoming air.

Testing of materials for harmful substances

Making life more comfortable for people with allergies or asthma, upholsteries and interior textiles comply with the Oeko-Tex Standard 100—an international benchmark ensuring that textiles and leathers are tested for certain allergy inducing or harmful substances. Several interior metal details are tested with regard to contact allergies, and comply with the same standards for nickel leakage as high quality jewelry.

Fuel efficiency

To increase fuel efficiency and reduce carbon dioxide emissions, all Volvo engines have advanced electronic management systems and low internal friction. Other contributors to fuel economy include efficient transmission systems, aerodynamic body design, and a trip computer displaying current and average fuel consumption.

Emission control

Volvo engines meet stringent international emission requirements. Advanced emission control technology eliminates between 95 and 99% of the carbon monoxide, hydrocarbons and nitrogen oxides in exhaust fumes. The emission control system is designed to provide full effect as rapidly as possible after a cold start, when emissions are at their highest. Right down to the fuel filler door, the fuel system is designed to reduce emissions through evaporation when driving or stationary.

Clean brochure

At Volvo, concern for the environment is important in every aspect of what we do. This brochure is 100% recyclable. The inks and coatings utilized for print are vegetable and water-based. Even the shipping cartons contain 50% post-consumer waste and are also 100% recyclable.

Factory-installed options.

THE SENSE OF QUALITY AND CARE—AND KNOWING THAT YOU GET THE VOLVO THAT SUITS YOUR LIFESTYLE. CUSTOMIZE YOUR VEHICLE WITH THE OPTIONS THAT BEST MEET YOUR DEMANDS AND DESIRES, AND YOU'LL SOON BE BEHIND THE WHEEL OF YOUR INDIVIDUALLY TAILORED VOLVO S60.

1
Park Assist, rear*
Makes it safer to back up, for instance when backing into a space between two cars. A pulsating tone inside the cabin rises to a steady signal when the object is approximately 1 foot behind your rear bumper.
Available in 2.5T and T5 Convenience Package or as a stand alone option on R.
*Also available as a retailer installed option.

2
Power glass moonroof
Makes the interior feel extra light and airy. Touch a button—and you open or close the moonroof. And if the sun is too strong, you can always close the built-in sun shade.
Included in the Premium Package.

3
Active Bi-Xenon headlights
Give you even more effective low and high beams. The headlights are also motorized to move laterally and follow the movements of the steering wheel to light up curves as you drive.

4
Volvo Navigation System*
The Volvo Navigation System can guide you anywhere with precise audio and visual directions. A liquid crystal 6.5-inch display shows your location on a map and plots the best route. Controls are conveniently located on the steering wheel. All map-based information is stored on DVD.
Also available as an Accessory.
*Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

5
Four-C
The Four-C system is based on sensors that monitor the car's body movement, speed, wheel movement, steering wheel position and other parameters 500 times per second. Comfort mode offers a softer ride for everyday driving, or simply press the button to switch to Sport mode for more precise and responsive handling, and unsurpassed road holding.

More factory-installed options: Automatic transmission, Metallic paint, 18" EUDORA, 17" Silver Bright or Chrome TUCANA alloy wheel, Interior Air Quality (IAQS), Satellite Radio Preparation and HU-850 radio with in-dash 6 CD player.

Accessories.

VOLVO'S ACCESSORIES HELP YOU MAKE YOUR S60 EVEN MORE SUITED TO YOUR PERSONAL NEEDS. THEY ARE THE ONLY ONES THAT HAVE BEEN TESTED TO MEET VOLVO'S EXACTING SAFETY, QUALITY AND ENVIRONMENTAL REQUIREMENTS. YOU CAN ALSO REST ASSURED THEY'RE A PERFECT MATCH TO THE TECHNOLOGY AND DESIGN OF YOUR VOLVO.

FOR DRIVING FREEDOM

- Ashtray
- Body kit
- Business bag organizer
- CD holder glove compartment
- Cup holders, tunnel console
- Electric cooler box
- Front/rear parking assistance
- Holder for sunglasses
- Home link
- License plate frames
- Moonroof wind deflector
- Navigation system
- Rear spoiler
- Satellite radio
- Speaker upgrades
- Sport floor mats
- Sport gearshift lever
- Sport sill moldings
- Sport steering wheel
- Valve stem caps
- Volvo adapter for Apple iPod
- Volvo digital juke box
- Volvo hands-free adapter with Bluetooth
- Wood trim
- 10 Disc CD changer

FOR YOUR INTERIOR COMFORT

- Bumper protective cover
- Floor mats rubber
- Leather care kit
- Load securing net, trunk floor
- Luggage compartment mats
- Net pocket, side panel trunk
- Shopping bag holder
- Tunnel mat

FOR YOUR LEISURE

- Aluminum wheels
- Bicycle carrier
- Bicycle lift carrier
- Canoe/Kayak carrier
- Car cover
- Cargo box
- Electric engine heater
- First aid kit
- Fog lights
- Hitch-mounted bike holder
- Hitch-mounted ski holder
- Hitch-mounted load basket
- Load basket carrier
- Load lashing straps
- Mud flaps front and rear
- Roof mounted load carrier system
- Snow chains
- Ski/Snowboard carrier
- Trailer hitch
- Trailer hitch step
- Trailer mirrors
- Windsurfing board carrier

FOR PRECIOUS CARGO

- Booster cushion and adjustable backrest
- Child activity bag
- Child mirror
- Jumper cables
- Padded neck cushion
- Rear center armrest table
- Sun blinds rear door
- Sun screens rear window
- Warning Triangle

See the 2007 Volvo Accessories brochure for a complete list of Genuine Volvo Accessories.

Your style is ours.

INTERIOR DESIGN. TAUPE

Choose Taupe for an interior with a relaxed and spacious feel. The top of the instrument panel is Offblack to reduce reflections on the windshield. Select the seat upholstery of your choice from the different materials and matching color combinations. The front center armrest and interior door panels are color coordinated with the seats and upholstered in matching material.

Taupe interior, Kilen Taupe upholstery (9180)

Taupe interior, Leather Light Taupe upholstery (9981)

Taupe interior, Nordborg Light Taupe upholstery (9G81)

Taupe interior, Sport leather Light Taupe upholstery (9A81)

Leather Light Taupe upholstery (9981), Walnut wood trim, leather-clad steering wheel and gear knob.

THE VOLVO S60 OFFERS EXCLUSIVE INTERIOR OPTIONS TO GO WITH YOUR PERSONALITY. ALL OUR LEATHER AND FABRIC UPHOLSTERIES ARE APPROVED BY OEKO-TEX. THIS MEANS THEY'RE TESTED FOR CERTAIN ALLERGY-INDUCING AND HARMFUL SUBSTANCES. MAKE YOUR CHOICES TO COMPOSE YOUR OWN INTERIOR STYLING.

INTERIOR DESIGN. GRAPHITE

The beauty of Graphite is that it accentuates the aluminum details. Door pillars and the roof lining are in contrasting Beige. Add a seat upholstery in your favorite material and color. The front center armrest and interior door panels are color coordinated with the seats and upholstered in matching material. The ceiling comes in a light tone for an airy interior feel.

Graphite interior, Kilen Graphite upholstery (9170)

Graphite interior, Leather Graphite upholstery (9970)

Graphite interior, Nordborg Graphite upholstery (9G70)

Graphite interior, Sport leather Graphite upholstery (9A70)

Sport leather Graphite upholstery (9A70), Mesh aluminum trim, leather-clad steering wheel and "sport shifter" gear selector.

INTERIOR DESIGN. BEIGE

Start creating a warm and airy Beige interior here. The top of the instrument panel is Offblack to reduce reflections on the windscreen. Select the seat upholstery of your choice from the different materials and matching colour combinations. The front centre armrest and interior door panels are colour coordinated with the seats and upholstered in matching material.

Beige interior, Leather Light Sand upholstery (9951)

Beige interior, Sport leather Light Sand upholstery (9A51)

Sport leather Light Sand upholstery (9A51), Walnut wood trim, leather-clad steering wheel and gear knob.

INTERIOR DESIGN. S60 R

Fittingly for a car that loves the open road, the range of supple leather upholsteries and refined details beautifully match the interior feel of the S60R to the thoroughbred spirit of its performance.

Atacama natural hide upholstery (9675)

Nordkap soft leather upholstery Blue metallic (9576)

Gobi soft leather upholstery Beige metallic (9577)

Aluminum wheels.

- Rear shelf speakers
- Sport seats, front and rear
- 17" TUCANA Silver Bright alloy wheels

*Requires Premium package.

Volvo S60 specifications.

ENGINES

Five-cylinder in-line engine. Double overhead camshafts, 20 valves. Continuously variable valve timing on both the intake and exhaust side (2.5T and T5). Electronic engine management system. Three-way catalytic converter with a heated oxygen sensor. 2.5T and T5 also feature turbocharger and dual-charge air coolers (Intercoolers).

Volvo S60 2.5T AWD (208 hp)

Volvo S60 2.5T (208 hp)

This smooth running engine with a light pressure turbocharger provides a lively yet beautifully balanced driving experience. Access to the engine's full potential (236 ft./lbs.) is available from just 1500 rpm—for a very quick start and plenty of acceleration for passing. Continuously Variable Valve Timing for both intake and exhaust valves (dual CVVT) ensures excellent performance and cleaner exhaust emissions under all driving conditions.

Engine type: 2.5-liter five-cylinder turbocharged engine
 Max power output: 208 hp at 5000 rpm
 Max torque: 236 ft./lbs. at 1500–4500 rpm
 Acceleration 0–60 mph, auto: 2.5T AWD 7.2 sec (2.5T 6.9 sec)
 Top speed: 130 mph
 Fuel consumption, mpg, highway/city, auto: N/A
 Environmental classification: ULEV II
 Transmission: Five-speed Geartronic automatic

Volvo S60 T5 (257 hp)

This highly efficient, turbocharged engine is an impressive performer. With plenty of punch throughout the range of rpm, full torque (258 ft./lbs.) is available at just 2100 rpm taking the car from 0 to 60 mph in 6.2 seconds with a six-speed manual transmission. High turbo charge pressure means extra power at high rpm and an invitation to an active style of driving. The turbocharger too, has an over-boost feature that provides additional power when pushed, for instance when passing. Continuously Variable Valve Timing for both intake and exhaust valves (dual CVVT) contributes to the engine's quick response and steady power flow. It also helps the engine meet stringent exhaust emission requirements.

Engine type: 2.4-liter five-cylinder turbocharged engine
 Max power output: 257 hp at 5500 rpm
 Max torque: 258 ft./lbs. at 2100–5000 rpm
 Acceleration 0–60 mph, man/auto: 6.2/6.6 sec
 Top speed: 130 mph
 Fuel consumption, mpg, highway/city man: N/A
 Fuel consumption, mpg, highway/city auto: N/A
 Environmental classification: ULEV II
 Transmission: Six-speed manual or five-speed Geartronic automatic

DRIVELINE

Front wheel drive (2.5T AWD features a pre-charged electronically controlled AWD with Instant Traction™ all-wheel drive system). Transverse engine. Five-speed automatic transmission on 2.5T and 2.5T AWD. Six-speed manual all-synchromesh transmission on T5. Optional transmission for 2.5T, 2.5T AWD and T5: five-speed Geartronic automatic with lock-up function, winter mode and mode for manual shifting.

The distinctive six-speed manual transmission inspires an active driving style, while the smooth clutch movement affords confident take-off. Alternatively, the responsive five-speed automatic facilitates a smooth and comfortable drive. For the best of both worlds there's the option of Geartronic, a responsive five-speed automatic for relaxed driving. This also offers manual gear shifting so that you can maintain a lower gear to rev the engine or provide the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces.

CHASSIS

Front suspension with spring struts (McPherson), anti-dive and anti-lift function. Multi-link independent rear suspension attached to an aluminum sub-frame. Stabilizer bars front and rear. DSTC (Dynamic Stability and Traction Control).

The rigid body and wide wheelbase enable optimal suspension performance, balanced handling and a high level of comfort. The front and rear suspensions interact to provide stable braking and smooth steering. In a curve, the rear wheels have a slight steering facility for added stability and steering response. The DSTC system cuts in if either of the drive wheels begins to lose traction or if a skid is imminent.

STEERING

Power-assisted rack and pinion steering. Tilt and telescopic steering wheel column. 2.8 – 3.0 turns lock to lock. Turning circle 35.4–38.7 ft.

Behind the wheel, you can enjoy steering that's both responsive and reassuring at all speeds. The optional speed dependent power steering gives progressively less power assistance the faster you drive. Higher steering precision and enhanced road feedback are easily enjoyed benefits. At lower speeds, added power assistance makes the car even easier to maneuver, for instance when parking.

BRAKES

Power-assisted anti-locking disc brakes (ABS), ventilated discs front. EBA (Emergency Brake Assistance). EBD (Electronic Brake Distribution) between the front and rear brakes. Diagonally split braking system.

Powerful anti-locking disc brakes help to ensure a short stopping distance in all conditions and withstand tough use without fading. EBA helps you use your brakes to the full in an emergency situation, while EBD distributes the braking effect between the front and rear wheels in order to achieve optimal results according to the car's load and driving conditions.

FUEL TANK

To live life is to care about it.

EVERY MOMENT IN A VOLVO IS A MOMENT DESIGNED TO CELEBRATE LIFE. A LIFE FULL OF TWISTS AND TURNS, UPS AND DOWNS; THE LITTLE THINGS AS WELL AS THE BIG ONES. OF COURSE, TO LIVE LIFE TO ITS FULLEST ISN'T JUST ABOUT YOU CARING FOR OTHERS IS IMPORTANT AS WELL.

FOR ALMOST EIGHTY YEARS WE HAVE HELPED SAVE LIVES ON ROADS AROUND THE WORLD. NEVERTHELESS, WHEN IT COMES TO IMPROVING AUTOMOTIVE SAFETY, WE WILL NEVER BE SATISFIED. AND WHILE WE'RE SEEKING NEW SOLUTIONS, OUR EXISTING SAFETY SYSTEMS ARE PREVENTING MANY ACCIDENTS FROM HAPPENING AND PROVIDING SOME REAL PROTECTION WHEN THEY DO.

OUR PASSION FOR LIFE MEANS LOOKING AFTER OUR CHILDREN'S CHILDREN, TOO. WHICH IS WHY WE TRY TO BALANCE THE NEEDS OF OUR COMPANY WITH THOSE OF SOCIETY. WITH THIS BIGGER PICTURE IN MIND, WE DEVELOP ENGINES AND TECHNOLOGY THAT HAVE LESS IMPACT ON MOTHER EARTH. THIS APPROACH ALSO EXPLAINS WHY WE PAY SO MUCH ATTENTION TO YOUR IMMEDIATE ENVIRONMENT—IN THE CAR. SIMPLY PUT, WE CARE ABOUT YOU—AND THE WHOLE CIRCLE OF LIFE.

Care by Volvo means taking care of your ownership needs.

**CARE
BY VOLVO**

IT'S A SIMPLE IDEA; ONE POINT OF CONTACT FOR ALL YOUR CAR OWNERSHIP NEEDS, WHETHER IT'S FINDING THE RIGHT FINANCING OR WHO TO CONTACT IN AN EMERGENCY. GET THE MOST OUT OF OWNING YOUR VOLVO—TRUST CARE BY VOLVO.
